

Caltrans Launches Equity Tool to Help All Communities Benefit from Transportation Projects

[Article originally appeared in <https://dot.ca.gov>]

Caltrans today launched an equity tool designed to help all Californians benefit from transportation projects and identify communities most negatively impacted by the transportation system, which results in high rates of traffic, crashes, and air pollution, as well as limited transit options.

The Caltrans Transportation Equity Index (EQI) tool will help inform project selection, program evaluation, and policy decisions, better align the transportation system to state environmental and equity goals and help address transportation-related inequities. Data will be used to identify transportation-based priority populations to help end harms created or made worse by the state's transportation system. Caltrans aims to advance equitable outcomes during project planning, development, and design phases, for both the department and partner public agencies.

“Establishing the EQI tool shows our serious commitment to embedding equity in our decision-making to improve the quality of life for all Californians. By more easily identifying and prioritizing communities with the greatest transportation needs, there is tremendous potential in this tool to help achieve an equitable transportation future for all.”

- California Transportation Secretary
Toks Omishakin

“Caltrans will use this tool to help ensure all California communities benefit from our transportation projects. We need to identify the ways our transportation infrastructure has negatively impacted our communities and neighborhoods. Better data lets us build equity into our transportation system from the ground up.”

- Caltrans Director **Tony Tavares**

Caltrans began developing the EQI in 2021 as a commitment to the department's equity

statement and to deliver on the Climate Action Plan for Transportation Infrastructure (CAP-TI), which acknowledges the communities in California that experience fewer benefits and shoulder a greater burden from the state's transportation system. These disparities often reflect a history of decision-making that “... quite literally put up barriers, divided communities, and amplified racial inequities.”

The tool includes three key data indicators: the first focuses on household income and federally recognized tribal lands; the second measures traffic proximity, volume, and crash exposure; and the final considers access to destinations, measuring gaps in the transit, bicycle, and pedestrian networks. The EQI relies on both publicly available and internally developed datasets from public and private sources.

Some examples of the adverse effects of transportation decisions include higher exposure levels to dangerous crashes, lower access to jobs

and education, and reduced environmental and health outcomes. The EQI can be used to help ensure new transportation projects lead to long-term improvements in the quality of life for every neighborhood and community. Research regarding communities that have been hurt by unfair transportation decisions include Pasadena and Stockton, as well as other cities around the state. With the EQI, Caltrans can more easily identify transportation projects that improve access in these areas to prioritize for state and federal funding programs.

The EQI's first application will be to deepen the analytical capabilities within the Caltrans System Investment Strategy (CSIS). The CSIS will be a data and performance-driven system that guides transportation investments. Additional applications of EQI are still under development.

From Daycare to the Jobsite: Addressing the Unique Challenges of Mothers in AEC

[Article originally appeared in www.autodesk.com]

By **Meredith Obendorfer**

Motherhood is an incredibly rewarding experience, but let's not hide another truth: being a mom can also be extremely challenging.

This is especially true if you're a working mom in male-dominated fields like architecture, engineering, and construction (AEC). From finding a daycare that works with construction hours to navigating the physical and emotional load of long days at the office and jobsite, mothers in these sectors face unique hurdles.

It's also important to consider the fifth trimester—those first three months after maternity leave ends—when women reintegrate themselves into the

workforce while balancing their identity as mothers, many of whom, as first-time moms are learning how to navigate the world anew.

So, how can we, as an industry, better support moms working in AEC? What can we do to help women thrive both at home and at work?

At AU 2023, I had the privilege of speaking with women in construction about these issues and hearing from mothers with first-hand experience juggling their AEC careers and families.

Read on to explore some of the issues we unpacked and the potential solutions that can make a real difference in creating a more supportive environment for working mothers in both the office and the field.

Why getting (and keeping!) moms in construction is so darn important

Conversations about motherhood in AEC highlight the challenges mothers face in a traditionally male-dominated field, so it's important to keep bringing the topic to the surface. These discussions promote fair and equitable work policies, ensuring that the AEC industry (and society) effectively support women who are raising the next generation.

That's the long-term view. In the meantime, we hardly need a reminder that construction is dealing with a significant workforce shortage. If we don't attract and retain women in AEC—many of whom are mothers—then we risk exacerbating this labor crisis, stalling projects, and ultimately hindering growth and innovation within construction. When

every person in AEC counts, we need to ensure a fair and equitable environment.

Perception vs. reality: What goes on in a mother's head when returning to work?

The first step to improving work policies and environments for mothers is understanding both the challenges and opportunities with which they are facing. Every woman and her situation is different, and mothers have varying perceptions of their identity and role at home and in the workplace.

Some moms, like Pepper Construction's Senior Vice President Jen Suerth, are excited about going back to work.

CALIFORNIA SUB-BID REQUEST ADS

PIONEER CONTRACTORS INC.

Request for DVBE, LBE and Hazmat Abatement, Sheetmetal and all other Subcontractor Participation and suppliers for the following project.

**PRESIDIO MIDDLE SCHOOL
ROOF REPAIRS AND REPLACEMENT #12324

OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

ADVERTISEMENT for SUBCONTRACTOR Construction Services

Request for Bids to Perform LLB Subcontractor Construction Services Terra Linda High School Wellness & Restroom Modernization

CWS Construction Group Inc. is requesting subcontractor proposals for the **TERRA LINDA HIGH SCHOOL WELLNESS & RESTROOM MODERNIZATION** project which consist of the following scope of work:

THIS PROJECT CONSISTS OF INTERIOR, NON-STRUCTURAL DEMOLITION AND REMODEL OF WELLNESS CENTER AND RESTROOMS. ALL BUILDINGS ARE EXISTING AND NO SITE WORK IS INCLUDED IN PROJECT SCOPE.

Trades Needed (but not limited to): Demo, Asbestos Abatement, Lead Abatement, Cast-In-Place Concrete, Cold Formed Metal Framing, Casework, Insulation, Rainscreens, Sheet Metal Flashings and Trim, Joint Sealants, Doors/Frames/Hardware, Aluminum-Framed Storefronts, Glazing, Flooring, Cement Plastering, Gypsum Board, Tiling, Acoustical Panel Ceilings, Vinyl Tile, Tile Carpeting, Painting, Visual Display Units, Signage, Toilet Compartments, Toilet Accessories, Fire-Protection Specialties, Window Shades, Wet-Pipe Sprinkler System, Plumbing, HVAC, Electrical, Fire Alarm

Interested subcontractors shall submit bids on or before April 23rd, 2024 by 2:00 PM, to CWS Construction Group Inc. 1301 Grant Ave, Suite B, Novato, CA, 94945, Attn: Charlie Slack. Bids will be accepted via fax at 415-209-0228 or email at estimator@cwsconstructiongroup.com. Each subcontractor is responsible to ensure that the bid is received by April 23rd, 2024 by 2:00 PM.

We are requesting and encourage sub bids and material quotes from Certified DVBE, LBE, DBE, MBE, WBE, SBE and all others. *****Mechanical, Electrical, Plumbing, and Fire Suppression contractors need to be prequalified by the district.** The list of prequalified contractors can be obtained through the following link: [Prequalified Contractor List](#)

CWS Construction Group Inc. will award the subcontracts based on the best value criteria permitted under Education Code § 17406 and as authorized by the District's governing board. Each subcontractor's license(s) must be active and in good standing at the time it provides its proposal and must remain so throughout the term of the Contract. Each subcontractor shall comply with the registration and qualification requirements pursuant to sections 1725.5 and 1771.1 of the California Labor Code and the skilled and trained workforce requirements pursuant to section 2600, et seq., of the California Public Contract Code.

Pursuant to Assembly Bill 566 all contractors must meet the skilled and trained workforce requirements for Lease- Leaseback Projects. All contractors must be able to comply with the new skilled and trained workforce requirements and will be required to submit monthly reporting of skilled and trained workforce compliance.

Contract Documents are available for review at 1301 Grant Ave, Suite B, Novato, CA 94945, by calling our office at 415-209-0229, or by sending an email to estimator@cwsconstructiongroup.com and requesting an electronic copy.

All questions should be directed to Charlie Slack at estimator@cwsconstructiongroup.com. The last day for RFI's is April 12th, 2024.

CWS is signatory to both the Laborers and Carpenters Union.

**McCarthy Building Companies
515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173**

Subcontractor Solicitation of Interest Kenneth Hahn Hall of Administration – Base Isolation Seismic Retrofit Los Angeles, CA

McCarthy Building Companies, Inc., working as the Construction Manager at Risk in conjunction with the Department of Public Works for Los Angeles County, is soliciting interest from qualified subcontractors to participate in the bidding for award phase of the project.

Project description: The Hall of Administration Base Isolation Seismic retrofit project consists of the installation of seismic isolators under the foundation of the existing building. Hydraulic jacks and temporary load-bearing shoring will be installed in phases to support and transfer the gravity loads from the existing columns/walls to new support foundations. Seismic strengthening of the superstructure using new concrete shear walls is required at select interior locations. These interior locations will require demolition and reconstruction. Select restrooms will receive ADA upgrades and elevators are to be modernized. A moat gap will be constructed around the building perimeter using earth-retention walls. Shoring and earthwork operations will require demolition and reconstruction of the existing site around the building. Underground utilities will be modified or replaced. This project will be performed at an active site where the building is occupied during typical work hours. Provisions of various sorts will be accommodated so as not to disrupt the occupants of the building.

Project Location: 500 West Temple Street, Los Angeles, CA 90012

Work categories include: Surveying, and Best Value Selection for Design-Build Elevators.

Key Subcontractor Qualifications: Design-Build experience for: Elevators.

Key Dates: Request for Proposals (RFP) issued to Subcontractors – 03/21/24 via Building Connected website; Proposals Due to McCarthy Building Companies – 4/19/24.

This project requires:

- Prevailing Wages
- Community Workforce Agreement (CWA)
- Contractor Controlled Insurance Program (CCIP)
- A 100% Performance and Payment Bond from an admitted surety upon award of contract for all trades.

McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation. All qualified applicants will receive consideration for employment without regard to race, religion, sex, or national origin.

Please contact us if you have any questions regarding project specifics:

Project Name: 967 Mission Design Build PV, Sunshades, Elevators and Fire Protection
 Location: San Francisco, California
Bid Date: May 8, 2024
 Pre-Bid: April 25, 2024 @ 1:00pm
 (Microsoft Teams Call)

Labor Requirements:

- 20% SBE Requirement
- Prevailing Wage – State (DIR) and Federal (DOL) apply
- The mandatory local hiring participation level is 30% of all project work hours within each trade performed by local SF residents and at least 50% of the project work hours performed by apprentices within each trade shall be performed by local SF apprentices.

Project Schedule: Est. Start June 2025

A 9 story building (plus occupied roof) mid-rise residential building with ground floor resident serving space, the building will provide approximately 95 units of 100% Affordable senior housing including a manager's unit. The project unit mix is studios and one-bedrooms weighted more towards studios. 25% of the units will be for formerly homeless seniors, and all units will be restricted at 50% AMI or lower. Given the proximity to transportation, services and retail, there will be no car parking and only bike parking. Additionally, the ground floor plate is not large enough to accommodate commercial space and is programmed with property management offices, a community room with a kitchen that allows for flexibility of uses, services offices, and a small conference room, lobby with mail area and back of house spaces. This required ground floor program will not allow sufficient area to provide a transformer vault in the building, the project will apply for an under sidewalk transformer vault. The building will be built for connectivity so that the residents can access Wi-Fi. The building will be all-electric.

Project Schedule: 21.5 Months Est Start: June 2025

Bid Documents: A link has been sent to you via a BuildingConnected email notification. For any questions on accessing bid documents please contact Hannah Austin, Precon & Estimating Coordinator via email, hannah@nibbi.com. For specific questions regarding this project please contact Andrew Kent, Senior Estimator via email andrewk@nibbi.com.

Bidding: Bid proposals shall be submitted no later than 2:00 PM on Wednesday, May 8th 2024 online via the BuildingConnected website.

Prequalification Process:

Unless otherwise directed or authorized, in writing, by Contractor, all Subcontractors shall be required to provide prequalification information as defined by the Contractor and their Prequalification System, TradeApp by Building Connected, upon request and at Contractor's sole discretion, and in all cases prior to Contract award and at any time during the entire duration of the Contract.

REQUEST FOR PROPOSAL

Quote Request From Certified/ Self-Certified Small Business SBA, WBE, VOSB, SDVOSB & HubZone Subcontractors & Suppliers

Project Name: P-1111 Basilone Road Realignment, MCB, Camp Pendleton, CA
 Solicitation No: N62473-21-D-1402- N6247323RF006
 Owner: NAVFAC Southwest

Reyes Construction is requesting bids in the areas described, but not limited to:

(Subs): Asphalt Paving, Bio Monitoring, Earthwork, Electrical, Erosion Control, Fencing & Railing, Landscape, Minor Concrete, Monitoring Well, Quality Control, Rebar, Signage and Striping, Survey, Testing, UXO Scanning

(Suppliers): Aggregate, Asphalt, RCP, HDPE, PVC, Geotextile, Import Dirt, MSE Wall, Ready Mix Concrete,

Project Scope:

This is a Design-Build Construction MACC Task Order that constructs a new roadway alignment of Basilone Road in the vicinity of the Ammunition Supply Point (ASP) and Las Pulgas Landfill located North of 43 Area and is approximately 8,712 Linear Feet (LF). This shall include site preparation, paving and site improvements, and providing the access roads, curbs, gutters, guardrails, retaining walls, road striping and signage and other associated work needed to construct the main roadway and maintain access to the nearby training ranges, landfill and ASP.

Basilone Road is the main road connecting the northern, central and southern part of Camp Pendleton. This corridor is the second most important road on Base with an average of over 10,000 vehicles in a 24-hour period of time. Northern camps including San Onofre, Horno, San Mateo, and Las Pulgas are interconnected to the southern part of the Base including the Marine Corps Air Station, Chappo and Headquarters Area, providing not only military vehicular traffic as well as civilian traffic along the long corridor.

The NAICS code is 237990, and the PSC code is Y1LB - CONSTRUCTION OF HIGHWAYS, ROADS, STREETS, BRIDGES, AND RAILWAYS.

Subcontractor/Supplier Bids Requested For:
City of Watsonville
WWTF Electrical System Hazard Mitigation
City Project No. WW-22-14797
Project Location: Watsonville, CA

REVISED BID DATE: Tuesday, April 30th, 2024 at 2pm

Email quotes to jmiranda@shimmick.com.

Shimmick Construction Company, Inc. is requesting quotes from Small Minority Businesses (SMB) and Women Business Enterprise (WBE) firms in the following scopes of work:

Subcontractors: Clear & Grub; Contaminated Soil; Coring; Demolition; Dewatering; Drill-Bond; Earthwork; Erosion Control; Flatwork; Joint Seal; Landscape; Masonry; Mechanical; Painting; Paving; Piles; Rebar; Roofing; Shoring; Survey; Trench Shoring; Trucking; Utility Work; Waterproofing; Welding

Suppliers: Aggregate; Doors; Falsework Material; Joint Seal; Mechanical Equipment; Misc. Metal; PVC Pipe; Precast Utility; Ready Mix; CMP Utility Pipe

Plans and specifications may be viewed/obtained at one of the following locations: Gouveia Engineering; Keyes Community Services District; Builders Exchange of Stockton; Valley Builders Exchange, Inc.; Tulare Kings County Builders Exchange; Central California Builders Exchange; Sacramento Regional Builders Exchange; Dodge Data & Analytics; and Golden State Plan Service.

You may also contact Jamie Miranda at jmiranda@shimmick.com.

Should you require assistance with your bid, please contact our lead electrical estimator Addison Rieger at arieger@shimmick.com or lead civil estimator Aaron Lai at alal@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Devin Nordhagen at devin.nordhagen@shimmick.com.

This project is funded in part by a Federal Emergency Management Agency (FEMA) Hazard Mitigation Grant Program (HMGP) grant and the California Governor's Office of Emergency Services (CalOES) Prepare California Match grant. This contract requires compliance with the Davis-Bacon wage rates. Contractors and Subcontractors will be required to enter into the Project Labor Agreement, which is available as Appendix A in the plans and specifications.

PLANT

TO ALL POTENTIAL LBE SUBCONTRACTORS

Plant Construction Company, L.P. is requesting bids for the following trade packages for the Dunleavy Plaza Apartments Renovation.

Dunleavy Plaza Apartments Renovation
Plant Project Number: 2023203
Owner: Mission Housing Development Corporation

Project Description: This project, located at 36 Hoff St. in San Francisco, consists of selective repairs to the exterior façade and the associated interior areas that have been damaged as a result of the exterior wall system failure. These exterior repairs include plaster and window replacement, flashing replacement, roofing replacement, and removal and replacement of existing traffic coatings at patios and balconies. Also included in this project is the removal, modification, and replacement of railings to facilitate the roofing scope as well as a new design/build metal stair.

Plant is seeking qualified bidders for the following trade packages only: Scaffolding, Misc. Metals / Metal Stairs, Traffic Coatings, Joint Sealants, Plaster, and Painting.

Please email Beau Kent at beauk@plantco.com for an invite onto BuildingConnected for access to the project documents. Please upload your bid onto BuildingConnected, no other bid submission methods will be accepted. **Bids are due on April 25th, 2024.**

Plant Construction Company, L.P. is an equal opportunity employer.

For questions, please contact Marie Munson at 415-749-2415 or marie.munson@sfgov.org

UNIVERSITY OF CALIFORNIA, IRVINE MEDICAL CENTER

NOTICE INVITING GENERAL CONTRACTOR PREQUALIFICATION

Prequalification Questionnaires will be received by the University of California, Irvine Medical Center (UCIMC) from general contractors wishing to submit bids for a lump sum contract for the:

- Project #1: B1, Bsmt, 3T MRI Replacement
- Project #2: B1, Bsmt, 1.5T MRI Replacement

PREQUALIFICATION: The University has determined that bidders must be prequalified for these projects.

DESCRIPTION OF WORK:

Project #1: B1, Bsmt, 3T MRI Replacement – Reconfigure the existing recovery space in the basement of the Douglas Hospital to a MRI Suite to include a MRI Room, Control Room and Equipment room and equipped with a Siemens Vida 3T MRI. Scope includes renovation of ~1,200 SF for a new MRI room, shielding, concrete work, finishes, utility upgrades, and outside chiller pad and screening.

- **Estimated Cost:** \$2,500,000
- **Project Completion Time:** 180 Calendar Days

Project #2: B1, Bsmt, 1.5 T MRI Replacement - Replace the Philips 3T MRI with a Siemens Altera 1.5T MRI. Scope includes renovation of ~910 SF of the existing MRI room; shielding, concrete work, finishes, and utility upgrades.

- **Estimated Cost:** \$750,000
- **Project Completion Time:** 100 Calendar Days

PROCEDURES: Prequalification Questionnaires available **Wednesday, March 20, 2024, 4:00 PM**. Contact Kim Kerwin @ khau@hs.uci.edu or Maryann Gonzales @ maryacgl@hs.uci.edu

QUESTIONNAIRE DUE DATE: Questionnaires must be received by **Wednesday, April 10, 2024 at 2:00 PM** only at UCIMC, Planning, Design & Construction, Building 27, Room 136, 101 The City Drive South, Orange, CA 92868.

GENERAL CONTRACTOR QUALIFICATIONS:

Must have a current and active California CSLB "A" General Engineering or "B" General Building Contractor's license, insurance, bonding, safety, financial and claims history requirements. Must have completed a minimum of (3) projects in the last 5 years that meet all the criteria listed below and demonstrate the Contractor's ability to successfully complete the project with respect to project size, scope, cost, use, complexity, etc.:

1. Completed (1) OSHPD-1 Interior renovation in an occupied space of at least 2,000 SF with daytime work, infection control requirements & minimum construction of \$1,000,000.
2. Completed (1) OSHPD-1 Imaging project at least 1,000 SF with a minimum construction of \$750,000.
3. Completed (1) MRI renovation project that included the management of electrical, shielding, plumbing and/or HVAC subcontractors at least 2,000 SF with a minimum construction of \$1,000,000.

Bidders not meeting the requirements of the prequalification questionnaire will not be eligible to bid.

Prequalification is solely for the purpose of determining bidders who are deemed capable of successful performance of the type of work included in this project. A contract will be awarded to the prequalified bidder submitting the lowest responsive bid.

The University reserves the right to reject any or all responses to this notice, to waive non-material irregularities, and to deem Contractors prequalified to submit proposals for the project. To prequalify, Contractors must agree to comply with all bid conditions including state prevailing wages, 10% bid bond, 100% payment and performance bonds, and insurance requirements. All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Proposer may be required to show evidence of its equal employment opportunity policy.

No contractor or subcontractor, regardless of tier, may be listed on a Bid for, or engage in the performance of, any portion of this project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 and 1771.1.

This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

The successful Bidder shall pay all persons providing construction services and/or any labor on site, including any University location, no less than the UC Fair Wage (defined as \$15 per hour) and shall comply with all applicable federal, state and local working condition requirements.

THE REGENTS OF THE
UNIVERSITY OF CALIFORNIA
March 14, 2024

From Daycare to the Jobsite

Continued from page 1

"When it was time to go back, I was looking forward to it because I knew for me and the type of person I am, that I'm a better mom because I work. Now, when I'm with my son, I just get to enjoy him and care for him."

Jen adds, "Yes, there are a ton of challenges with that. So I felt this guilt and had tears the night before, don't get me wrong. But I felt guilty that I was happier than most people going back to work."

Other mothers have mixed feelings. For example, when Ruhi Thakur, Project Manager at Webcor Builders, returned to work, she faced a whirlwind of feelings.

"I had a lot of mixed emotions when I went back to work. I was a little nervous. 'How will it go? Will they understand my situation? Will I have to explain [being a working mom] a little bit more?'"

Regardless of how a woman feels about returning to the office or jobsite after having a baby, teams need to be more discerning about their colleagues' mental state and flexibility needs.

The good news is that companies and leadership teams are much more accommodating to new moms.

In Jen's case, she observes that in her workplace, people "surprisingly relate to moms more than you realize."

"I had more male colleagues coming to me and asking how I'm doing than women, probably because a lot of females were struggling to figure out their own journey in life."

Ruhi had a similar experience and adds that having a plan helped ease her transition back to work.

EVENTS

AUGUST 3-7, 2024 NASHVILLE, TN
39TH ANNUAL AMAC
AIRPORT BUSINESS '24
DIVERSITY CONFERENCE
SOARING TO NEW HORIZONS
HOSTED BY NASHVILLE INTERNATIONAL AIRPORT

DBE/ACDBE LIAISON OFFICER & PROGRAM ADMINISTRATORS TRAINING

INSTRUCTOR ▶

Denise Bailey
Vice President, Business Diversity
& Accessibility, Philadelphia
International Airport

DAY 1 SATURDAY, AUGUST 3, 2024
8:00 AM-5:30 PM

CERTIFICATION INTENSIVE

Focus: This training will focus on the ins and outs of DBE and ACDBE certification. In addition to reviewing standards and procedures for DBE and ACDBE certification, it will include information on using current federal tax forms and schedules to determine the business size and Personal Net Worth (PNW) calculation.

New This Year: Impact of new business size threshold and New DBE/ACDBE Final Rules on certification standards and procedures.

DAY 2 SUNDAY, AUGUST 4, 2024
8:00 AM-5:30 PM

PROGRAM ADMINISTRATION

Focus: This training will cover all the detailed essentials of 49 CFR Part 26 and Part 23 needed by hands-on program administrators, including goal setting, the small business element, procurement, good faith efforts, terminations and substitutions, monitoring, reporting and shortfall analysis. Additionally, considerations and tips on reviewing ACDBE joint venture agreements will be discussed.

New This Year: Impact of New DBE/ACDBE Final Rules on Program Administration.

Note: DBE/ACDBE Liaison Officer & Program Administrators Trainings are NOT included in the conference registration fee. You can add to your registration or only participate in the training.

EARLY RATE (March 13-April 30)

Training (2 Days) **\$515**
Training (1 Day) **\$295**

STANDARD RATE (May 1-July 19)

Training (2 Days) **\$640**
Training (1 Day) **\$370**
