

Construction Employment Increases In 39 States From March 2023 To March 2024, While 36 States, D.C. Add Jobs Between February And March

[Article originally appeared in www.agc.org]

California and Alaska Lead Rankings of Year-over-Year Increases, While New York and Washington Lag; New York Posts Largest Number and Percent of Monthly Increases, While Oregon Has Largest Declines

Construction employment increased in 39 states in March from a year earlier, while 36 states and the District of Columbia added construction jobs between February and March, according to a new analysis of federal employment data released by the Associated General Contractors of America today. Association officials hailed widespread gains in construction jobs, but warned that a dearth of available workers may imperil timely completion of many projects.

“Most states have experienced no letup in demand for construction projects, as these numbers reveal,” said Ken Simonson, the association’s chief economist. “In fact, even more states would have posted an increase in construction employment if contractors could find enough qualified workers.”

Between March 2023 and March 2024, 39 states added construction jobs, 10 states and the District of Columbia shed jobs, and employment was unchanged in Vermont. California added the most construction employees (33,900 jobs, 3.8 percent), followed by Texas (28,600 jobs, 3.5

percent) and Florida (23,000 jobs, 3.7 percent). Alaska had the largest percentage increase over 12 months (16.2 percent, 2,700 jobs), followed by South Dakota (10.9 percent, 3,000 jobs), and Arkansas (9.7 percent, 6,000 jobs).

New York lost the most construction jobs during the past 12 months (-9,700 jobs, -2.5 percent), followed by Washington (-8,400 jobs, -3.6 percent), Maryland (-4,700 jobs, -2.9 percent), and Pennsylvania (-4,100 jobs, -1.6 percent). The largest percentage loss was in Washington, followed by Maryland, North Dakota (-2.9 percent, -800 jobs), D.C. (-2.6 percent, -400 jobs), and New York.

For the month, construction employment increased in 36 states and D.C., declined in 13 states, and was unchanged in Rhode Island. New York added the largest number and percentage of jobs over the month (9,500 jobs, 2.5 percent). Other states with large monthly increases include California (4,600 jobs, 0.5 percent), Michigan (4,000 jobs, 2.0 percent), and Florida (3,600 jobs, 0.6 percent). States with large percentage gains include Wisconsin (2.2 percent, 3,100 jobs) and Minnesota (2.1 percent, 2,700 jobs).

Oregon lost the largest number and percentage of construction jobs from February to March (-2,300 jobs, -2.0 percent). Other states with substantial job losses include Colorado (-1,500 jobs, -0.8 percent) and Washington (-1,200 jobs,

Image credit by www.mdm.com

-0.5 percent). States with notable percentage losses for the month include Wyoming (-0.9 percent, -200 jobs), Oklahoma (-0.8 percent, -700 jobs) and Colorado.

Association officials urged federal officials and lawmakers to increase funding for construction training and education programs and to allow more people to lawfully enter the country to work in construction. They pointed out that few students receive exposure to construction as a career opportunity during school, which makes it difficult for firms to find workers pursu-

ing high-paying construction careers. The lack of a dedicated temporary work visa program for construction adds to the challenge of filling the record level of openings.

“In order to keep up with demand for infrastructure and private construction, it is essential to enable more students to learn about and prepare for careers in the industry,” Jeffrey D. Shoaf, the association’s chief executive officer, said. “In addition, there should be legal routes for qualified people to work in the industry.”

L.A. County to Be Net Zero by 2045 Under Updated Climate Plan

[Article originally appeared in www.governing.com]

By Steve Scauzillo,

The Los Angeles County Board of Supervisors unanimously approved an updated climate action plan on Tuesday, April 16, with the goal of reducing greenhouse gases emitted within unincorporated county areas to net zero by 2045.

After receiving considerable pushback from the building industry over requirements to increase housing densities and ensure a development near public transit that produced 300 nearby jobs per acre, the supervisors amended the plan to say the strategies were voluntary.

“The CAP (Climate Action Plan) is an aspirational vision to create a policy framework for future ordinances,” said Fifth District Supervisor Kathryn Barger, who added an amendment to the motion that stressed the goals-oriented, voluntary aspect.

Other supervisors echoed Barger’s thoughts, saying the real teeth in the plan would come when individual ordinances for energy, housing projects and transportation wend through the

county system, a process that could take years. The plan itself will be back before the Board in a few weeks for a second reading.

“I think it is important to recognize that this ‘action plan’ is actually made up of aspirational goals,” said Fourth District Supervisor Janice Hahn. “Passing this plan alone doesn’t lower emissions. The real work comes when our departments use this plan to develop policies and ordinances that not only help us lower emissions, but also make sense for the real world.”

In an effort to build more housing near train lines and bus rapid transit lines in order to cut down on vehicle miles traveled — to reduce emissions that produce smog and greenhouse gases that cause global climate change — the county has developed an environmental clearance plan to fast-track housing projects.

If developers check off items on a green checklist, such as reducing emissions from fossil fuels for heating and cooling a building, or adding rooftop solar energy, the development can be streamlined and go from planning to construction much more quickly, county officials explained.

“On development, it is a voluntary checklist. It is not compulsory,” clarified Amy Bodek, director of the county Department of Regional Planning.

Several mandates were softened in the plan, Bodek explained. For example, the Climate Action Plan doesn’t ban natural gas and no longer requires that all water come from local sources. However, what Bodek called green guideposts include:

—Obtaining energy for electricity only from non-fossil fuel sources, known as decarbonization

—Phasing out oil and gas production in 20 years; capping all abandoned oil wells that emit fugitive emissions

—Construct only zero-carbon buildings by 2045

—Reduce single-occupancy car trips by adding walkways and bikeways to-and-from public transit stops and adding more housing that connects to jobs and services

—Increase recycling and send less waste to landfills, which emit methane, a greenhouse gas.

Environmental groups supported the new plan and wanted mandated requirements.

“We need actions that lead to bold changes to address climate challenges,” said Laura Garcia, with Communities for a Better Environment. She supported electrification of automobiles and housing.

Daniel Sippelle, a legislative affairs assistant with the Valley Industry & Commerce Association (VICA), was concerned the plan would restrict imported water and add density to housing projects, two factors that would hamper the addition of new housing and slow economic growth.

Climate change has resulted in more intense wildfires that have expanded fire season to year-round, according to the county. Also, wetter storms in the last few years have produced local flooding and caused dangerous landslides.

CALIFORNIA SUB-BID REQUEST ADS

SWINERTON

Notification of Prequalification Process Qualified Subcontractors and Suppliers Requested

Swinerton Builders, representing California State University, Long Beach (CSULB) as their Construction Manager, invites trade contractors with and without design/design assist capabilities to prequalify by submitting qualifications for the contract noted below.

TASK ORDER CONSTRUCTION AGREEMENT FOR MULTIPLE PROJECTS, TOCA 011
CSU Long Beach Campus 1250 Bellflower Blvd., Long Beach, CA 90840

Deadline for prequalification packages: May 3, 2024
\$30 million dollars' worth of Potential Projects

BKS Remodel	Remodel existing office, conference room and shop space. Potential ADA upgrades for path of travel and existing elevators and restrooms.
KIN Gender Neutral Locker Room	Convert existing space into multi stall locker room.
Beachside Fire Alarm Phase 1	Replace and upgrade existing FA system.
Beachside Fire Alarm Phase 2	Replace and upgrade existing FA system.
Beachside - Atlantic Kitchen	Remodel existing space for student use of kitchen.
Beachside - Atlantic Apartment	Convert and remodel existing space into apartment.
Beachside Pacific Apartment	Convert and remodel existing space into apartment.
CDC Child Development Renovation	Classroom, office and playground improvements. Includes code modifications and repairs.
Sustainability Center	Central Plant upper deck renovation; hardscape, pavers, roofing, low voltage and shade structures.
KIN Life Fit Remodel	Approximately 16,000 s.f. renovation of a fitness gym, studios and labs.
Unidentified Projects	Potentially multiple projects; parking lot repairs, parking structure repairs, office/classroom remodels, tenant improvements, etc.
BKS Remodel	Remodel existing office, conference room and shop space. Potential ADA upgrades for path of travel and existing elevators and restrooms.

The trade packages designated: All CSI Divisions 1 thru 33 –, including but not limited to: Demolition, Abatement, Clean-up, Surveying, Landscape & Irrigation, Concrete, Site Concrete, Pavers, Masonry, AC Paving, Striping, Misc. Metals, Sheet Metal, Millwork, Rough Carpentry, Waterproofing, Roofing, Framing & Drywall, Doors/Frames & Hardware, Glass & Glazing, Floor Coverings, Wall Coverings, Painting, Acoustical Ceilings, Toilet Partitions, Theater Seating, Signage, Wheel Chair Lifts, Elevators, Underground Utilities, Fire Sprinkler, Plumbing, HVAC, Audio Visual, Kitchen Equipment, Specialties, Electrical, Telecom, Fire Alarm, etc.

This solicitation also seeks subcontractors with design-build and design-assist capabilities for fire alarm, fire sprinklers, shade structures/canopies, MEP trades and such.

Swinerton Builders and CSULB will evaluate the prequalification packages and then approve qualified responders to be on the final bid list. No bid will be accepted from a contractor that has failed to meet the prequalification requirements.

Mandatory DVBE & SBE Participation: CSULB and Swinerton Builders have set a mandatory participation level of **6% DVBE** and **25% SBE** for this Contract. Therefore, we encourage DVBE and SBE subcontractors to participate in this bidding effort.

This project is subject to prevailing wage and the CM's prequalification requirements.
Prequalification packages can be obtained by contacting: Veronica Miguel

If you have any questions, please contact Veronica Miguel, vmiguel@swinerton.com 213.896.3400

5225 Hellyer Avenue, Suite #220, San Jose, CA 95138

REQUESTING SUB-QUOTES FROM QUALIFIED MBE, WBE, OBE, SBE, LBE & DVBE
SUBCONTRACTORS/SUPPLIERS/TRUCKERS FOR:

Walnut Boulevard Bikeway Gap Closure
County Project Number: 0662-6R4118
State Project Number: HSIPSL-5928 (172)
Owner: Contra Costa County
Location: Concord, CA
Engineers' Estimate: \$671,000
BID DATE: April 23, 2024 @ 2:00 PM

Items of work include but are not limited to: **Lead Compliance Plan, Construction Area Signs, Traffic Control, PCMS, Water Pollution Control, Clearing & Grubbing, Hydroseed, AC Dike, Signs, Striping and Trucking.**

Granite Rock Company 'Graniterock' is signatory to Operating Engineers, Laborers, Teamsters, Carpenters and Cement Masons unions. 100% performance and payment bonds will be required from a qualified surety company for the full amount of the subcontract price. Bonding assistance is available. Graniterock will pay bond premium up to 1.5%. In addition to bonding assistance, subcontractors are encouraged to contact Graniterock Estimating with questions regarding obtaining lines of credit, insurance, equipment, materials and/or supplies, or with any questions you may have. Subcontractors must possess a current contractor's license, DIR number, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Graniterock intends to work cooperatively with all qualified firms seeking work on this project.

We are an Equal Opportunity Employer

W.E. LYONS CONSTRUCTION COMPANY
is seeking DVBE Qualified Sub-Contractors on the following Project

Project Owner: San Francisco Unified School District
SFUSD Project #: 11910 DSA Project #: 01-118517 Modernization & Interim Housing TBA
DSA File #: 38-1 Bid Date: 4/23/2024 Estimated Cost: \$20,000,000

General work description: Replacement of eight temporary portable buildings with two new structures, and associated site work. New electrical service to the campus. Demolition of two existing restrooms and construction of a new kitchen. Setup and removal of a temporary kitchen in the auditorium. Setup and installation of interim housing units on yard 4. Sitework and stormwater management elements throughout the campus. Hazardous materials abatement.

W.E. Lyons Construction is requesting quotes from all qualified subcontractors and suppliers including certified DVBE firms for the following items of work, including, but not limited to: survey, demolition, abatement, structural concrete, polished concrete, hydraulic cement underlayment, structural steel, metal decking, miscellaneous metals, rough carpentry, casework, plastic paneling, waterproofing, insulation, air barriers, metal roof, metal composite wall panels, TPO roofing, sheet metal flashing, intumescent fireproofing, expansion control, doors, frames and hardware, overhead coiling counter doors, storefronts and glazing, louvers, plaster, metal stud and drywall, tiling, acoustical panel ceilings, flooring, painting, signage, toilet compartments & accessories, metal lockers, food service equipment, projection screens, window shades, hydraulic elevator, fire sprinkler system, plumbing, HVAC, electrical, communications/data, safety, security, grading & paving, drilled piers, landscaping, site concrete, striping, chain link fences and gates, and site utilities.

Plans and specifications are available in WE Lyons Dropbox at:
<https://www.dropbox.com/scl/fo/laiybaupfduzgxptow4z/h?rlkey=375ufxt3z8x6lz31h3112ddk&dl=0>

If you have any questions, please contact Bryan Dissman at 510-719-1338 or email at bdissman@welyons.com.
All quotes should be sent via email to estimating@welyons.com.

Requirements: Firms must possess & provide current contractor's license number & DIR Registration number on the quote. W.E. Lyons Construction Company (WE Lyons) is a non-signatory company. 100% performance and payment bonds may be required for the full amount of subcontract price.

Please call if you need assistance in obtaining bonding, insurance, equipment, materials and/or supplies. WE Lyons intends to work cooperatively with all qualified firms seeking work on this project. Portions of work can be made available upon request prior to bid date. Please call if any assistance is needed.

An Equal Opportunity Employer.

Sub-Bids Requested from qualified MBE/WBE/SBE/DVBE/DBE Subconsultants/Subcontractors for:

PROGRESSIVE DESIGN-BUILD SERVICES FOR THE DONALD C. TILLMAN ADVANCED WATER EQUALIZATION BASINS RFP

Owner: City of Los Angeles Bureau of Sanitation
Location: Van Nuys, CA

Bid Date: May 6, 2024 @ 2:00 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789
Phone: (909) 595-4397, Fax: (909) 444-4268
Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this proposal. We are particularly interested in bids from subconsultants/subcontractors for the following work items:

**Geotechnical Engineering, Driller, Surveyor, Landscape Architect,
Pothole Company, Water Quality Testing, Air Quality Testing**

Plans and Specifications: Project documents may be obtained from: www.rampla.org. Plans may also be viewed at our Walnut Office. J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested MBE/WBE/SBE/DVBE/DBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subconsultants/subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors, suppliers, and subconsultants are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

PLANT

TO ALL POTENTIAL LBE SUBCONTRACTORS

Plant Construction Company, L.P. is requesting bids for the following trade packages for the Dunleavy Plaza Apartments Renovation.

Dunleavy Plaza Apartments Renovation
Plant Project Number: 2023203
Owner: Mission Housing Development Corporation

Project Description: This project, located at 36 Hoff St. in San Francisco, consists of selective repairs to the exterior façade and the associated interior areas that have been damaged as a result of the exterior wall system failure. These exterior repairs include plaster and window replacement, flashing replacement, roofing replacement, and removal and replacement of existing traffic coatings at patios and balconies. Also included in this project is the removal, modification, and replacement of railings to facilitate the roofing scope as well as a new design/build metal stair.

Plant is seeking qualified bidders for the following trade packages only: **Scaffolding, Misc. Metals / Metal Stairs, Traffic Coatings, Joint Sealants, Plaster, and Painting.**

Please email Beau Kent at beauk@plantco.com for an invite onto BuildingConnected for access to the project documents. Please upload your bid onto BuildingConnected, no other bid submission methods will be accepted. **Bids are due on April 25th, 2024.**

Plant Construction Company, L.P. is an equal opportunity employer.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789

Phone: (909) 595-4397, Fax: (909) 444-4268

Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items:
Fencing, Revegetation, Ready-Mix Concrete, Reinforcing Steel, Precast Concrete Vaults, Structural Steel, Miscellaneous Metals, Waterproofing, Painting and Coatings, and Cathodic Protection

Plans and Specifications: Email you request to elizabeth.pettus@jfshea.com. Plans may also be viewed at our Walnut Office. J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested MBE/WBE/SBE/DVBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

EVENTS

CMGC SR-99 RECONSTRUCTION EL DORADO TO CLINTON - FRESNO, CA

KICK-OFF EVENT

Tuesday, April 30th | 9:00 am to 10:00 a.m. | via ZOOM

Join the Project team to learn about working with them through the project's CMGC process as well as upcoming prospective scopes to carry out these major works:

- Construct six (6) 12-foot lanes (3 lanes each direction) with Continuously Reinforced Concrete Pavement (CRCP)
- Construct a 46-foot paved median with standard 10-foot inside shoulders, and standard 10-foot outside shoulders with Hot Mix Asphalt (Type A).
- Construct auxiliary lanes on the NB and SB directions from SR 99/180 connectors to Olive Ave and from Olive Ave to Clinton Ave.
- Construct retaining walls and soundwalls at various locations.
- Replace the existing concrete median barrier to current standards.
- Construct pumping plants adjacent to Kerman Branch UP and Olive Ave OC.
- Remove the following bridge: Teilman Ave/ Pacific Ave OC
- Replace the following bridges: El Dorado St OC, Kerman Branch UP, Belmont Ave UC, and Olive Ave OC.
- Widen the following bridges on both the NB and SB directions: Nielsen Ave UC and McKinley Ave UC.
- Close the following ramps: Belmont Ave and McKinley Ave ramps.
- Construct a standard diamond interchange with roundabouts at the ramp terminals at Olive Ave.

Cybersecurity Resources for Small to Medium-Sized Manufacturers

We are excited to invite you to an exclusive webinar event with the NIST MEP Program Office on May 2, 2024, showcasing cybersecurity resources for small and medium-sized manufacturers (SMMs).

SMMs, reliant on data and technology, face escalating cybersecurity threats. Despite challenges, SMMs can adopt basic defense measures due to their simpler IT and OT infrastructures. The MEP National Network offers practical cybersecurity guidance, solutions, and training for all manufacturers.

Save the Date!

Thursday, May 2nd @ 11:00 AM - 11:45 AM PT

[Register Here](#)

During this webinar, attendees can expect a comprehensive discussion aimed at providing:

- An introduction to the MEP National Network
- An overview of the MEP cybersecurity services and resources
- Basic steps an SMM can take to manage their cybersecurity risks
- Information about how to locate an MEP Center in your area
- 15 minutes at the end of the webinar to address questions
