

How to Recruit and Retain the Next Generation of Construction Workers

[Article originally appeared in www.constructconnect.com]

By Kendall Jones,

Labor shortages are one of the major issues the construction industry is struggling to overcome. For many construction firms, keeping their workforce fully staffed is their biggest challenge. The Bureau of Labor Statistics reports that in March 2022, there were 396,000 job openings in the construction industry, up from just 149,000 in December 2017.

A recent survey by the Associated General Contractors of America shows that construction companies are struggling to fill both craft worker and salaried positions within their firms. While 74% of firms surveyed expect to add headcount over the next 12 months, a large majority are finding it difficult to fill open positions. Nearly 90% of firms looking to hire craft workers are really struggling to fill those positions. Pipelayers and bricklayers topped the list of being the most difficult positions to fill.

The biggest issue firms are having is finding qualified workers. There's just not enough skilled workers to fill all of the open positions. And since skilled workers aren't going to just

start falling from the sky, construction firms are going to have to change their approach to attract and train the next generation of workers.

The labor shortage needs to be addressed head-on, it's not something that will self-correct itself over time. If anything, the situation will only get worse as more workers age out and retire with fewer younger workers coming in to take their place. For construction companies to recruit and retain workers, they may need to alter their methods in order to competitively attract the next generation of construction workers.

Reach Out Locally

People entering the workforce these days aren't exactly flocking to the construction industry. If you want to generate interest, you need to start reaching out to kids at the junior high and high school levels to introduce them to the construction industry. Offering summer jobs or internships to high school students can spark an early interest in a career in construction.

National programs like ACE Mentor Programs of America and YouthBuild USA are great ways to get your company involved and intro-

Governor Newsom's Revised Budget Blueprint Presents an Opportunity to Center Small Businesses in California's Economy

[Article originally appeared in <https://smallbusinessmajority.org>]

"We are happy to see solid investment in small businesses included in Governor Gavin Newsom's revised budget proposal. Our recent national poll revealed that 32% of small business owners were unsure how long their business would survive without additional funding or other market changes. California's smallest business owners are among those job creators continuing to face financial challenges.

We support the governor's efforts to prioritize a budget that will create equity and help entrepreneurs thrive. The 'May Revision' includes investments in several policy areas that will help to promote greater access to capital, affordable healthcare, and a strong ecosystem aimed at helping to accelerate California's small businesses and economic recovery, including:

- \$500 million for the California small business Hard-Hit Industries grant program administered by CalOSBA to stimulate growth for the top 10 industries hardest hit by the pandemic.

- \$304 million to bolster California's premium assistance program for middle-income Californians.
- \$73 million for the Department of Healthcare Services to resume regular Medi-Cal eligibility operations, including annual redeterminations of beneficiary eligibility and the expansion of Medi-cal coverage regardless of immigration status.
- \$500 million in one-time grant funding in 2024-25 to support the completion of the Broadband Middle-Mile Initiative.

We are also glad to see that the revised budget package includes support for working families to access child care. More than \$883 million has been proposed to build infrastructure in child care deserts and low-income communities, reimburse provider rates for one year, and help small childcare business owners access capital. Additionally, the governor has proposed \$157 million toward waiving child care family fees through June 30, 2023, to benefit 40,000 low-income California families, generating savings of up to \$595 per month. With this revised budget, the governor is taking steps

to create opportunities for the child care industry to thrive by investing in target programs for self-employed business owners, microbusinesses, and small business employees.

Despite these positive proposals, we are disappointed that the revised budget still does not include investments in the Paid Family Leave (PFL) Program, a key component of supporting small businesses and working families. The PFL and State Disability Insurance programs are paid entirely through employee contributions, but many in the small business ecosystem cannot participate because the current wage replacement rate (maximum 70%) is inadequate. The revised budget also does not include increased funding for technical assistance through Women's Business Centers to make up for the loss of federal funding from the CARES Act. Compared to their male counterparts, women entrepreneurs lack access to social capital that helps an entrepreneur build a professional network and tap into specialized knowledge and resources.

EPA Announces \$6.3 Million California Investment, Supported by the Bipartisan Infrastructure Law, to Revitalize Communities

California Communities Will Receive Brownfields Assessment and Cleanup Grants to Help Build A Better America While Advancing Environmental Justice

[Article originally appeared in www.epa.gov]

The U.S. Environmental Protection Agency (EPA) is announcing a \$6,321,123 million investment in California to revitalize communities across the state by cleaning up contaminated and blighted properties and redeveloping them for productive reuse. Nine California communities have been selected to receive over \$4.3 million in EPA Brownfields Assessment and Cleanup grants, and two high-performing Cleanup Revolving Loan Fund programs will receive \$2 million to expand their work. The grants are supported by President Biden's Bipartisan Infrastructure Law, which provides a total of \$1.5 billion to advance environmental justice, spur economic revitalization, and create jobs by cleaning up so called "brownfield" properties -- contaminated, polluted, or hazardous sites slated for revitalization through a specialized EPA program.

"Today's announcement breathes new life into California communities by turning contaminated properties into economically productive community resources," said EPA Pacific Southwest Regional Administrator Martha Guzman. "Thanks to the historic Bipartisan Infrastructure Law, EPA is significantly increasing our investments in California communities, providing assistance to areas long overburdened and underserved."

"I am pleased to see nine projects across California receive Brownfields grants from the Environmental Protection Agency," said United States Senator Alex Padilla. "These grants will build capacity in local communities to advance sustainable projects that clean up and redevelop some of their most contaminated properties. This funding will help revitalize long vacant or contaminated sites, making our neighborhoods cleaner, healthier, and more prosperous."

EPA's Brownfields Program also delivers on the Biden Administration's Justice40 Initiative, which directs at least 40 percent of the overall benefits from federal investments in climate and clean energy to disadvantaged communities. EPA is committed to meeting and exceeding this goal. Approximately 86 percent of the communities

selected to receive funding as part of today's national announcement will support historically underserved areas.

EPA's funding supports California communities' efforts to address the economic, social, and environmental challenges caused by brownfields by stimulating economic opportunity and environmental revitalization. Projects range from cleaning up former lumber mill sites to assessing downtown properties for affordable housing and commercial reuse.

Two communities are selected to receive nearly \$900,000 to clean up former lumber mill sites, both projects building on former EPA investments. The City of Arcata is selected to receive \$369,783 for cleanup at the Little Lake Industries Mill facility, providing both economic reinvestment in this light industrial area and ecological benefits to waterways that drain to Humboldt Bay. The Sierra Institute for Community and Environment is selected to receive a \$500,000 Brownfields Cleanup grant to continue cleanup of properties at the Crescent Mills Former Louisiana Pacific Mill facility. This project supports redevelopment of the property into an operation which will generate value-added wood products out of low-value woody material, with benefits accruing to forest restoration and fire risk reduction efforts.

Seven communities are selected to receive over \$3.4 million for the identification, assessment, and cleanup and redevelopment planning of brownfield properties, as well as community engagement. They are:

The San Diego State University Research Foundation is selected to receive \$500,000 to work with National City to focus on a 158-acre district at the city's core identified as the Downtown Specific Plan Area. Priority properties include a former education center, a vacant lot in a former industrial neighborhood, and a former welding shop. The project will support new housing and commercial development close to transit.

The City of South Gate is selected to receive \$500,000 to focus on the Gateway District, Tweedy Boulevard Corridor, and Hollydale Village neighborhoods. Priority properties include a 3-acre former shipping and distribution center, the former Mondo Chrome facility, and an 88-acre former General Motors assembly plant. This project will support new mixed-use transit-oriented development and new affordable housing.

The City of Bakersfield is selected to receive \$500,000 to focus on the city's downtown area. Priority properties include a 17-acre former corporate headquarters and several vacant and infill development sites. This project will support new

affordable housing and transitional housing for residents experiencing homelessness.

The Fresno Metropolitan Ministry is selected to receive \$500,000 to focus on the Blackstone Avenue Corridor, the city's primary commercial corridor. Priority properties are located in the southernmost portion of the corridor, an area that has experienced substantial disinvestment resulting in many vacant, abandoned, and underused properties. This project will support a mix of housing, retail, office, and active public spaces in a pedestrian/"complete street" oriented environment.

The Spanish-Speaking Unity Council of Alameda County, Inc., a neighborhood-based social equity development corporation, is selected to receive \$451,340 to focus on several neighborhoods in East Oakland. Priority properties include an 8,000-square-foot mixed-use building, a 13,000-square-foot vacant lot, and three large residential buildings. This project will support development and preservation of affordable housing.

The City of Grass Valley is selected to receive \$500,000 to focus on the city's South Auburn Street and Bennett Street Corridors and the Southern Grass Valley Sphere of Influence/Annexation Areas. Priority sites are several mine-scarred properties adjacent to residential communities. This project will support the long-term development of housing, parks and recreation, community space, sustainable "fork-to-table" programs and economic development.

The City of Tulelake is selected to receive \$500,000 to focus on Tulelake's Downtown area, with priority properties including the historic Marcha Theater and the Old Tulelake Hardware and Sporting Goods Store. This project will support the redevelopment and revitalization of community-serving institutions, such as a cultural/entertainment center and professional/medical building.

Two high-performing Brownfields Cleanup Revolving Loan Funds are also selected to receive funding to expand their existing programs.

CITY OF LOS ANGELES

LOS ANGELES WORLD AIRPORTS

AIRFIELD & TERMINAL MODERNIZATION PROGRAM

**(ATMP) LANDSIDE IMPROVEMENTS PROJECT
AT LOS ANGELES INTERNATIONAL
AIRPORT (LAX)**

Bid Date: June 1, 2022 – 2:00 PM

The Los Angeles International Airport (LAX) Airfield and Terminal Modernization Project (ATMP) will provide airfield and terminal improvements, enhance airfield safety, and improve the passenger experience. The ATMP will replace inefficient and outdated remote gates with new state-of-the-art facilities, redirect airport traffic from local streets to new dedicated roadways, make needed taxiway improvements without moving any runways, and increase business opportunities.

The Landside Improvements Project is an integral component to the ATMP and overall ground transportation system for LAX. It comprises of the design and construction of over 18 lane-miles of at-grade, grade-separated, and elevated roadways which will replace the entry and exit into LAX's Central Terminal Area. The proposed landside improvements are located in proximity of Sepulveda Boulevard, Century Boulevard, Jetway Boulevard, and 96th Street

This is a 2-stage Progressive Design-Build Contract. Stage 1 consists of design development, site investigations, permitting, constructability reviews and agency outreach. Stage 2 will be the construction phase of this project

Requested scopes include, but are not limited to the following and should be based on Contract and its amendments: Subcontracting Opportunities Including But Not Limited To: Topography, Survey, Utility Survey, Property & Building Survey, Geotechnical Investigation, Environmental Consulting, Hazardous Material Survey, Photographs, Records & Research, Traffic Counts & Observations, Potholing, Ground Penetration Radar, Entering & Auditing Maintenance Holes, Exploratory Excavation, Geotechnical Design, Structures Design, Traffic Engineering Design, Utility Engineering Design, Landscape & Irrigation Design, Constructability Review, Scheduling, Document Control

Requirements: Subcontracting Requirements: Skanska - Flatiron, A Joint Venture is an Equal Opportunity Employer and encourage the participation of Small Business Enterprises. We are requesting quotes from all qualified subcontractors and suppliers. We will assist qualified subcontractors, vendors, & suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. McCarthy Building Companies
515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100

LACCD – Los Angeles Pierce College Academic East Building
6201 Winnetka Ave, Woodland Hills, CA 91371

Subcontractor Proposals Due: May 24, 2022 before 2:00 PM

McCarthy Building Companies is requesting bid proposals from qualified DVBE, DBE, SBE, LSEEDV subcontractors for this project.

This RFP is seeking proposals for the award of the Design phase services of MEPT Systems. Any reference to "MEPT" shall be defined as the following systems, "Fire Protection, Mechanical, Plumbing, Electrical, Photovoltaic, Telecommunications, ERRCS, Audio Visual, Security, and Fire Alarm Systems". Design Build Services will be broken into two sections, Part A Preconstruction Design Services, and Part B Construction Services.

Project Number: CS-21-07-P 55P.4512.02; 35P.5512.02 - Los Angeles Pierce College Academic East Building: Design and construction of the new Pierce College Academic East Building and associated site improvements.

Prevailing Wages – apply to this project. The District shall be enforcing a Labor Compliance in accordance with the provisions and requirements of Assembly Bill – 1506 pursuant to California Labor Code sections 1770 et. Seq

This will be an OCIP (Owner Controlled Insurance Program) Project.

This project has a **30% Goal for LSEEDV (Local, Small, Emerging and Disabled Veteran)** Business Enterprises participation, as per CED document (part of this RFP). McCarthy is an "equal opportunity" employer and encourages Minority and Small Business and LSEEDV Participation.

Please hold your Proposal Prices for the Duration established in the Contract Documents for Design & Construction.

Bidding documents: The bidding documents can be viewed and downloaded now at the McCarthy Building Companies BuildingConnected webpage: <https://app.buildingconnected.com/projects/623264404363f300ccb3df6f/files>

RFI's: RFI's are to be directed to Andrew Orona, aorona@mccarthy.com

Please do not contact the owners or consultants directly. Failure to follow this requirement may disqualify your proposal.

We are looking forward to receiving your proposal and encourage you to contact us with any questions or comments.

NOTICE:

- NOTICE IS HEREBY GIVEN McCarthy will receive bids for award of Subcontracts for the above named project up to, but not later than
- BIDDERS with bids that exceed \$250,000 must post a bid bond or other security in the amount of 15% of the amount of their bid with
- Each BIDDER, simultaneously with the execution of the Subcontract Agreement, shall be required to furnish a Labor and Material, Payment and Performance Bond in an amount equal to 100% percent of the Contract Sum and Faithful Performance Bond in an amount equal to 100 % percent of the Contract Sum. Said bonds shall be from an admitted California Surety satisfactory to McCarthy, with A.M. Best rating of A-, or better, and be listed in the Federal Register, issued by the Department of Treasury and licensed in California, or Subcontractor shall be preapproved to join McCarthy's Contactor Default Insurance Program. Said Bonds shall remain in full force and effect through the guarantee period.
- The BIDDER shall be a licensed contractor pursuant to the Business and Professions Code and be licensed in the applicable classifications for the trades for which the contractor is submitting a bid and be registered with CA-DIR.
- No Bid may be withdrawn until One Hundred Twenty (120) days after the Bid Opening Date.
- McCarthy reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding. Bidders as specified in the Bidding Instructions shall be required to submit a Prequalification and be prequalified by the McCarthy seven (7) days prior to the Bid Date.
- Bidders as specified in the Bidding Instructions shall be required to submit a Prequalification and be prequalified by McCarthy seven (7) days prior to the Bid Date. <https://prequalification.mccarthy.com/>
- McCarthy reserves the right to reject a Bidder whose EMR exceeds 1.20 in either the most recent year or the average of the three years.

EPA Announces \$6.3 Million California Investment

Continued from page 2

The City of Fresno is selected to receive \$1 million to focus on cleanup of downtown properties contaminated with hazardous building materials. Humboldt County is selected to receive \$1 million to fund cleanup of brownfield properties throughout the county, particularly those impacted by former timber and rail operations.

A full list of the applicants selected for funding is available here: [Brownfields Applicants Selected](#).

Since its inception in 1995, EPA's investments in brownfield sites have leveraged more than \$35 billion in cleanup and redevelopment. This has led to significant benefits for communities across the country. For example:

- To date, this funding has led to more than 183,000 jobs in cleanup, construction, and redevelopment.

- Based on grant recipient reporting, recipients leveraged an average \$20.43 for each EPA Brownfields dollar and 10.3 jobs per \$100,000 of EPA Brownfield Grant funds expended on assessment, cleanup, and revolving loan fund cooperative agreements.
- In addition, an academic peer-reviewed study has found that residential properties near brownfield sites increased in value by 5% to 15% because of cleanup activities.
- Finally, analyzing data near 48 brownfields, EPA found an estimated \$29 million to \$97 million in additional tax revenue for local governments in a single year after cleanup—2 to 7 times more than the \$12.4 million EPA contributed to the cleanup of those brownfield sites.

How to Recruit and Retain the Next Generation of Construction Workers

Governor Newsom has proclaimed May as Small Business Month. The California Department of Tax and Fee Administration (CDTFA) is here to help with a variety of free resources to enable small businesses to make sales successfully in California.

Small businesses are vital to California's economy. They create good jobs, energize our main streets, and increase economic opportunity for California's entrepreneurs. In the first quarter of 2022, more than 34,800 business owners registered for new sales and use tax accounts with CDTFA to open a business. Compared to the fourth quarter of 2021, 22% more taxpayers registered to open a business this year. During fiscal year 2020-2021, the CDTFA had 1.3 million registered businesses, which includes a 7.7% increase in sales and use tax permits compared to the prior fiscal year.

"The California Department of Tax and Fee Administration strives to make doing business with us easy and convenient. We know that small business owners are often trying to figure out taxes and regulations after working all day to help their businesses succeed. We are here to help," said CDTFA Director Nick Maduros.

CDTFA has several free tools to help small businesses do business in California:

- Online Services allow business owners to file their sales and use tax returns, make a payment, and register with the CDTFA.

- More than 50 Industry & Tax and Fee Guides and 780 Downloadable Forms & Publications assists taxpayers in finding answers to commonly asked tax and fee questions relevant to a particular industry.

- Free Seminars, Classes, Clinics, & Workshops enable attendees to sign up for classes that allow interactive one-on-one question and answer sessions. Last year, CDTFA helped more than 9,200 taxpayers in 350 classes and online seminars.

- The Taxpayer Educational Consultation Program offers free one-on-one consultations to new taxpayers during their first year of business.

- Local Offices assist taxpayers through video or in-person appointments to get help with their accounts.

- Customer Service Center representatives are also available by calling toll-free at 1-800-400-7115 (CRS:711), Monday through Friday from 7:30 a.m. to 5 p.m. (Pacific time), and via online chat. Last year, CDTFA assisted more than 597,800 taxpayers through our call center.

CDTFA is working hard to make life better for Californians by fairly and efficiently collecting revenue that supports essential public services. CDTFA's goal is to help small business owners to understand their tax responsibilities.

High-Speed Rail Board Completes Environmental Clearance to Connect Silicon Valley and Central Valley

[Article originally appeared in www.constructconnect.com]

The California High-Speed Rail Authority (Authority) Board of Directors today certified the Final Environmental Impact Report/ Environmental Impact Statement (EIR/EIS) and unanimously approved the approximately 90-mile San Jose to Merced project section in Northern California. This action completes the environmental clearance for nearly 400 miles of the high-speed rail project's 500-mile Phase 1 alignment from San Francisco to Los Angeles/Anaheim – including a contiguous stretch between Merced and Palmdale plus January's clearance of the Burbank to Los Angeles section.

The Board's actions mark their first certification of a project section environmental document in the Northern California region and the first in the San Francisco Bay Area.

"Today's approval represents another major milestone and brings us one step closer to delivering high-speed rail between the Silicon Valley and the Central Valley," Authority CEO Brian Kelly said. "The Authority is poised to make the vision of high-speed rail in the Bay Area a reality. We look forward to continued collaboration with our federal, state and local partners to advance the project in Northern California."

This project section will connect the existing construction in the Central Valley to San Jose's Diridon Station, slashing travel times and improving mobility in both regions. The high-speed rail system will make the trip from

Fresno to San Jose in just one hour, compared to three hours by car today.

"I am grateful, as are all of us in the City of San Jose, for the extraordinary work that's now culminated in this environmental document reflecting thousands of hours of stakeholder outreach and an enormous amount of environmental analysis," said San Jose Mayor Sam Liccardo. "Completion of this critically important high-speed rail project helps the state expand economic opportunity and affordable housing, two critical goals for all of us."

The Board's certification of the San Jose to Merced Final EIR/EIS and approval of the project section is a critical milestone that moves the project section closer to being "shovel ready" for when pre-construction and construction funding becomes available.

The Authority Board of Directors selected Alternative 4 as the approved project alignment among the four alignment alternatives studied. This alternative modernizes and electrifies the existing rail corridor between San Jose and Gilroy, allowing for both high-speed rail and Caltrain service.

"Next to San Jose, Gilroy will be the next most significant transit hub on this stretch," said Gilroy Mayor Marie Blankley. "Gilroy Transit Center is very much ready for this to happen."

East of Gilroy, the alignment includes more than 15 miles of tunnels through the Pacheco Pass in the Diablo Range. The Board will consider certification for the final environmental document for the San Francisco to San Jose project section this summer.

How to Recruit and Retain the Next Generation of Construction Workers

■ Continued from page 1

duce young kids to construction. If there isn't a local program in your area, consider starting one or sponsoring some other sort of program that promotes careers in construction.

Don't forget your local community colleges and universities. Be sure to attend career days or job fairs in order to recruit local talent. Offering internships and co-ops are good ways to promote your company and find future workers. You can even work with your local community colleges to create apprenticeship programs.

Competitive Pay & Benefits

Are you offering competitive pay and benefits to potential new employees? What kind of benefits are you offering your workers? Do you have a company culture that is inviting and nurturing to the diverse backgrounds of the people you are recruiting?

Family leave, paid vacation, health and wellness programs, 401K benefits, medical insurance, and flexible schedules are all becoming standard benefits offered by most companies these days. Competition for workers is stiff, so you need to make sure that you are offering more than just a paycheck to your employees

if want them to stick around and build a career with your company.

Tout Your Safety Culture

Safety should already be your construction company's top priority. If your company has a strong safety culture or a rock-solid safety record, you can use that to recruit workers. By adopting a strong safety culture, it allows you to promote your commitment to protecting workers when recruiting new employees. It also shows you value and care about your employees' well-being and will help you retain workers.

Offer Career Paths

Does your company offer career paths and advancement opportunities to all employees? Workers want to know that they can move up the ladder as they gain more experience and seniority. Work with employees to determine what their career goals are and how you can help achieve them.

Help identify any additional education, training, or experience they may need and outline a timeline and milestones to hit in order to achieve their career goals. As you map out a career path with each employee, determine

what resources your company can contribute to their success. This could cover providing internal training or mentoring programs to tuition reimbursement for employees that may need further education.

Offering career pathing is a great way to retain workers and ensure they will stay with your company, but it can also be a strong recruitment tool that shows your commitment to your workers by promoting from within.

Provide Training

Providing ongoing training is a benefit that can be reaped by both employees and the company. Offering training opportunities to your employees shows you have a vested interest in their professional growth. Retain workers by providing ongoing training that helps them achieve their career goals.

Continuous learning will help you keep your workers engaged and interested. Cross-training is a great way to teach employees different aspects of the business and it also ensures that you have workers trained to handle multiple tasks when labor is short.

Differentiate Yourself & Never Stop Recruiting

What sets your construction company apart from your competitors? If your company uses a lot of technology like drones, BIM and mobile apps, you can use that as a tool to recruit tech-savvy workers. Great pay and benefits, career advancement opportunities and safety are all assets you can use to set yourself above the competition to recruit and retain workers.

If labor shortages is a challenge your business is facing, you need to spend more time and resources in your recruitment efforts. Consider getting outside help from a recruitment agency that specializes in the construction industry. Always be on the lookout for ways to diversify and bring in new workers to your business.

Don't just focus on your needs for your next project or the next few months. Determine what your labor needs might be for the next 5, 10, or 20 years to ensure you are laying the groundwork now to create a strong network and pipeline of workers to carry your business into the future.

Project Manager for this project is Marcus Board, who can be reached at: 510-277-6719.

"The most qualified responsible responsive lowest bid shall be determined on the amount of the base bid." The lowest bid shall be determined the amount of the base bid.

This Contract is not subject to prequalification pursuant to Public Contract Code section 20111.6.

This Contract *is* subject to the District's Project Labor Agreement.

The full version of OUSD's latest Project Labor Agreement can be found by going to the OUSD home page: ousd.org > Offices and Programs > Facilities Planning & Management Department > For Contractors and Developers > Bids and Requests for Proposals > Bid Information > 2016 PLA – Project Labor Agreement.

Revised Specifications Documents are available on or after **May 11th, 2022**, for review at **East Bay Blue Print, located at 1745 14th Avenue, Oakland, CA 94606**. All requests should be addressed Attention: Sandy Petty. Plans can be ordered by:

Ph: 510-261-2990 Fax: 510-261-6077

Email: ebbp@eastbayblueprint.com, Attn: Sandy. Online using the Plan Command System at www.eastbayblueprint.com or plans can be delivered to a place of business, at requester's own expense. Payment for plan sets must be made with East Bay Blue Print and are **NON-REFUNDABLE**

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of Public Contract Code section 4104 unless currently registered and qualified under La-

bor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work and proof of registration is provided.

The Contract Time shall be **30** calendar days, and liquidated damages for delay shall accrue. The deadline for Completion is TBD. See Article III of the Agreement for details.

Bids must be sealed and filed in the Business Office of the Owner at:

Front Desk Facilities Planning & Management 955 High Street, Oakland, CA 94601

on **June 1, 2022**, before **2:00 p.m.** on the clock designated by the Owner or its representative as the bid clock, after which time the bids shall be opened. No bid will be accepted by the Owner after this time. Facsimile (FAX) copies of the bid will not be accepted. PLEASE NOTE: DUE TO COVID-19 BIDS WILL NOT BE OPENED. BID RESULTS WILL BE MADE AVAILABLE VIA EMAIL.

Mandatory pre-bid site visit will be held on **May 19, 2022, at 10:00 a.m.**, at Front entrance of The Castlemont High School site. Bidders not attending the site visit will be disqualified.

Owner, or its designee, has determined that certain materials, services, products or things designated by specific brand or trade name shall not be subject to Public Contract Code section 3400(a) in order that a field test or experiment may be made to determine the product's suitability for future use; in order to match other materials, services, products or things in use on a particular Owner public improvement either completed or in the course of completion; in order to obtain a necessary item that is only available from one source; and in order to respond to an emergency declared by Owner.

The successful bidder will be allowed to substitute securities or establish an escrow in lieu of retainage, pursuant to Public Contract Code Section 22300, and as described in the Agreement Between Owner and Contractor and General Conditions.

The Owner will not consider or accept any bids from contractors who are not licensed to do business in the State of California, in accordance with the California Public Contract Code, providing for the licensing of contractors. In accordance with Section 3300 of said Code, the bidder shall have a **Class C33 – Painting and Decorating Contractor's** license and shall maintain that license in good standing through Completion of the Contract and all applicable warranty periods. For all projects over Twenty-Five Thousand Dollars (\$25,000), the bidder shall state the public works contractor registration number on the Designation of Subcontractors form for each subcontractor performing more than one-half of one percent (0.5%) of the bidder's total bid.

The Director of Industrial Relations of the State of California, in the manner provided by law, has ascertained the general prevailing rate of per diem wages and rate for legal holidays and overtime work. The Contractor must pay for any labor therein described or classified in an amount not less than the rates specified. Copies of the required rates are on file at the Owner's business office and are available on request.

OAKLAND UNIFIED SCHOOL DISTRICT

INVITATION TO BID Re-Bid-Community Day School Site Tree Removal Maintenance Contract No. 31271

1. Notice is hereby given that the governing board ("Board") of the Oakland Unified School District ("District" or "Owner") will receive sealed bids for the following contract:

Re-Bid-Community Day Site Tree Removal Maintenance ("Contract")

to be performed at the following District site(s):

- Community Day School

2. LOCAL SMALL LOCAL AND SMALL LOCAL RESIDENT BUSINESS ENTERPRISE PROGRAM

On January 29, 2014, OUSD adopted a resolution amending the 2008 Local, Small Local and Small Local Resident Business Enterprise Program (L/SL/SL-RBE) and increasing the mandatory local participation requirement from twenty (20%) to fifty (50%) percent for all capital program/construction related contracts and professional services agreements. As with all OUSD projects, companies must be certified by the City of Oakland in order to earn credit toward meeting the participation requirement.

The basic Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation.

The full version of OUSD's latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page: ousd.org > District Services > Facilities Planning & Management Department > Bids and Requests

3. Sealed Bids will be received until **2:00 PM on 1st day, June, 2022, at the District Office, located at 955 High Street, Oakland, CA 94601, at the Receptionist's desk**. BIDS WILL NOT BE OPENED. BID RESULTS WILL BE MADE AVAILABLE VIA EMAIL. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code. Any bid that is submitted after this time shall be non-responsive and returned to the bidder.

4. Mandatory pre-bid site visit will be held on **May 19th, 2022, at 11:00 a.m.**, at Front entrance of The Community Day School site. Bidders not attending the site visit will be disqualified.

5. The Contract consists of:

The Scope of work consists of but is not limited to the removal, pruning, and /or cutting back of trees that pose the highest risk to the campus grounds, structures, and driveways. Exterior removal /pruning of trees that pose the highest risk on campus property. Please refer to Arborist Report included with this Bid Invitation to B. see Exhibit A to the Agreement.

SANTA VALLEY WATER DISTRICT

NOTICE TO PROSPECTIVE PROPOSERS REQUEST FOR PROPOSALS (RFP) PB FILE NO. VW0107

Construction Management Services for the Rinconada Reliability Improvement Project Phases 3-6

Santa Valley Water District (Valley Water) is seeking proposals from qualified construction management firms to provide construction management services (CM Services) for Valley Water during construction of the Rinconada Water Treatment Plant (RWTP) Re-

6. **Contract Estimate:** The District estimates the not-to-exceed amount of the **ONE HUNDRED THOUSAND DOLLARS NO/100 (\$100,000.00)**

7. The Project Manager for this Contract is Olga Bermeo, who can be reached at **510-277-6733**.

8. All bids shall be on the form provided by the District. Each bid must conform and be responsive to all pertinent Contract Documents, including, but not limited to, the Instructions to Bidders.

9. To bid on this Contract, the Bidder is required to possess the following State of California Contractor Licenses:

o A, B, and/or D49 Contractor

The Bidder's license(s) must be active and in good standing at the time of the bid opening and must remain so throughout the term of the Contract.

10. **Prevailing Wages.** Pursuant to sections 1770 et seq. of the California Labor Code, Bidder and all Subcontractors under the Bidder shall pay all workers on all work performed pursuant to the Contract not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the State of California Department of Industrial Relations (DIR) for the type of work performed and the locality in which the work is to be performed within the boundaries of the District. Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Contract, as determined by the DIR are available from the District or on the internet (<http://www.dir.ca.gov>).

11. **Contractor Registration.** Bidder shall ensure that Bidder and its Subcontractors comply with the registration and compliance monitoring provisions of Labor Code section 1771.4, including furnishing its CPRs to the Labor Commissioner, and are registered pursuant to Labor Code section 1725.5. Labor Code section 1771.1(a) states the following:

"A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded."

A full copy of the bid forms must be submitted at the time of Bid Opening, 1st day, June 2022, @ 2:00 p.m. A copy of the bid forms and Arborist Report must be downloaded from the OUSD Website at: www.ousd.org, > Office & Departments > Facilities Planning and Management > Opportunities > Contract Opportunities > to the Right, click hyperlink "HERE" > Bids. Also here is a link: Bid Forms

liability Improvement Project Phases 3 – 6 (Project). Parties interested in obtaining a copy of this RFP may do so by accessing the Valley Water's web portal at <https://pbsystem.planetbids.com/portal/48397/portal-home>. All parties are asked to register on the Santa Clara Valley Water District Procurement Portal, PlanetBids, to be automatically notified of any changes to the RFP document. Proposals are due by 2 p.m. on June 8, 2022 as specified in the RFP Schedule. All questions regarding this solicitation must be submitted directly in Valley Water's web portal at the link listed above no later than the date specified in the RFP Schedule.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

CITY & COUNTY OF SAN FRANCISCO DEPARTMENT OF PUBLIC WORKS

Sourcing Event ID No.: 0000006111 PW STOW LAKE PRMTR PTH RENO STOW LAKE PERIMETER PATH RENOVATION (PW STOW LAKE PRMTR PTH RENO)

Bids shall be submitted online via ShareFile until **2:30:00 p.m. on June 8, 2022**, after which the bid opening will be conducted live online via Microsoft Teams. Contract Administration will email the Microsoft Teams meeting information to all Plan Holders approximately 24 hours prior to Bid opening. Digital files of Bid Documents, Plan Holders Lists, and Addenda may be downloaded at no cost from the Public Works Electronic Bid Documents Download site at <https://bsm.sfdpw.org/ContractAdmin/Login.aspx>. Please visit the Contracts, Bids and Payments webpage at <https://bidopportunities.apps.sfdpw.org> for more information. Notices regarding Addenda and other bid changes will be distributed by email to Plan Holders.

Scope of Work: This project primarily involves renovating and re-paving the pedestrian pathway around the perimeter of Stow Lake in Golden Gate Park located in San Francisco. This pedestrian pathway is one of the many features unique to the world-famous Golden Gate Park. This project will improve usability and accessibility of the existing asphalt pathway that is used and enjoyed by the public daily. Site improvements include but are not limited to demolition, grading, compaction, asphalt paving, concrete paving, refurbishing of existing site furnishings, installation of new site furnishings, signage. The perimeter path work around Stow Lake shall be completed in two separate construction phases to allow for public access to at least half of the perimeter path at all times. This project also includes repaving the existing asphalt parking lot at the Stow Lake Boathouse and re-paving an existing asphalt path at 36th Ave and Spreckels Lake Drive

The time allowed for completion is 276 consecutive calendar days. The estimated construction cost is approximately \$2,090,000. For more information, contact the Project Manager Omar Davis by phone: (628) 652-6644 or email: Omar.Davis@sfgov.org.

On July 1, 2014, the registration program under section 1725.5 of the California Labor Code went into effect. The program requires that all contractors and subcontractors who bid or work on a public works project register and pay an annual fee to the California Department of Industrial Relations ("DIR").

No contractor or subcontractor may be listed in a bid or awarded a contract for a public works project unless registered with the DIR as required by Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

This Project shall incorporate the required partnering elements for Partnering Level 2. Refer to Section 01 31 33 for more details.

Pursuant to San Francisco Administrative Code ("Administrative Code") Section 6.25 and Chapter 25 of the Environment Code, "Clean Construction" is required for the performance of all work.

This Contract is subject to the requirements of Administrative Code Chapter 12X, which prohibits contracting in states with laws that allow discrimination. The City is prohibited from entering into any Contract with a Contractor that has its United States headquarters in a state on the Covered State List or where any or all of the work on the contract will be performed in any of those states on the Covered State List. Administrative Code Chapter 12X and a list of states on the Covered State List can be found at: <http://sfgsa.org/chapter-12x-anti-lgbt-state-ban-list>.

The Specifications include liquidated damages. Contract will be on a Lump Sum Bid Items basis. Progressive payments will be made.

The Contract will be awarded to the lowest responsible responsive bidder.

A bid may be rejected if the City determines that any of the bid item prices are materially unbalanced to the potential detriment of the City.

Bid discounts may be applied as per Administrative Code Chapter 14B. LBE Subcontracting Participation Requirement is 20%. Contact Ivan Oldenkamp by phone at (415) 515-6793 or by email at Ivan.Oldenkamp@sfgov.org for details. In accordance with Administrative Code Chapter 14B requirements, all bidders shall submit documented good faith efforts with their bids, except those who exceed the above stated LBE Subcontracting Participation Requirement by 35%. Bidders must achieve 80 out of 100 points to be deemed responsive. Bidders will receive 15 points for attending the pre-bid conference, if scheduled. Refer to CMD Form 2B.

A pre-bid meeting will be held on Tuesday, May 24, 2022 at 9:30am starting at the Stow Lake Boathouse parking lot located in Golden Gate Park at 50 Stow Lake Drive, San Francisco. The meeting will later move and continue at a second location at 36th Avenue west of Spreckels Lake in Golden Gate Park (the nearest major intersection is 36th Avenue and Fulton Street). Attendees must arrange their own transportation to the second location.

For information on the City's Contractor Development Program, call (415) 986-3999 or email cdp@imwis.com.

A corporate surety bond or certified check for ten percent (10%) of the amount bid must accompany each bid. Administrative Code Section 6.22(a) requires all construction greater than \$25,000 to include performance and payment bonds for 100% of the contract award.

Class "A" license is required to bid.

In accordance with Administrative Code Chapter 6, no bid is accepted and no contract in excess of Threshold is awarded by the City and County of San Francisco until such time as the General Manager of the Recreation and Park Department recommends the contract for award, and the Recreation and Park Commission then adopts a resolution awarding the Contract. Pursuant to Charter Section 3.105, all contract awards are subject to certification by the Controller as to the availability of funds.

Minimum wage rates for this project must comply with the current General Prevailing Wage as determined by the State Department of Industrial Relations. Minimum wage rates other than applicable to General Prevailing Wage must comply with Administrative Code Chapter 12P, Minimum Compensation Ordinance.

This Project is subject to the requirements of the San Francisco Local Hiring Policy for Construction ("Policy") as set forth in Administrative Code Section 6.22(g). Bidders are hereby advised that the requirements of the Policy will be incorporated as a material term of any contract awarded for the Project. Refer to Section 00 73 30 of the Project Manual for more information.

Bidders are hereby advised that the Contractor to whom the Contract is awarded must be certified by the Contract Monitoring Division as being in compliance with the Equal Benefits Provisions of Chapter 12B of the Administrative Code within two weeks after notification of award.

If a bidder objects on any ground to any bid specification or legal requirement imposed by this Advertisement for Bids, the bidder shall, no later than the 10th working day prior to the date of Bid opening, provide written notice to the Contract Administration Division, San Francisco Public Works, setting forth with specificity the grounds for the objection.

Right reserved to reject any or all bids and waive any minor irregularities.

Manson Construction Co.

1401 Marina Way South, Suite 330 • Richmond, CA 94804 • TEL: 510-232-6319 • FAX: 510-232-4528

REQUEST FOR QUALIFIED SBE/DBE SUBCONTRACTORS & SUPPLIERS FOR

Larkspur Ferry Terminal Berths and Channel Maintenance Dredging

BID DATE: June 1, 2022 @ 2:00PM

Quotes are requested for the following items of work: *Tugboat towing and tending services, hydrographic survey, scow tracking, acoustical monitoring, project signage, utility work associated with floating walkway disconnect and re-connect.*

Scope of Work includes but not limited to: Maintenance dredging of the Larkspur Ferry Terminal berths, turning basin, and approach channel (channel), including furnishing all labor, materials, equipment, supervision, and any related services required to dredge and dispose of all dredged sediments including performing hydrographic surveys. Tugboat towing and tending services, multi-beam hydrographic surveys, scow tracking, acoustical monitoring, 4'x8' project sign, utilities disconnect and reconnect at the Berth 4 floating walkway: bilge, sewer, service air, potable water, and power.

Manson Construction is willing to break out items of work into economically feasible units to encourage SBE/DBE participation. If you are interested in this project, please provide us with a scope letter and contact James McGuire at jmcguire@mansonconstruction.com or 904-821-0211 by May 20, 2022. Please review Section 11 Diversity Program for Contracts in document 2022F083FrontEnd03-SP-Final.pdf (pg. 153) at the District's website linked below. All SBE/DBE's must submit copies of qualifying certificate with proposal, contractor's license number (if applicable) and NAICS code on scope letter. Additionally, Certified SBE's must submit the "Small Business Enterprise Affidavit of Size" with proposal. 100% Performance bonds and 100% Payment bonds are required. Manson will pay bond premium up to 1 1/2%. Current insurance and workers compensation coverage including USL&H and waiver of subrogation is required. Quotes must be valid for same duration as specified by owner for contract award. Subcontractor and Supplier quotes are required by May 26, 2022 to enable thorough evaluation. Manson intends to work cooperatively with subcontractors and suppliers for all bid items they are licensed and qualified to perform. Please contact James McGuire at jmcguire@mansonconstruction.com or 904-821-0211 for any additional questions. Plans and specifications are available for download from Golden Gate Bridge, Highway and Transportation District's portal at <https://ggbhtd.bonfirehub.com/opportunities/58488>.

California HSR Receives Final EIR for Central Valley to San Jose, Valley-to-Valley Connection

Continued from page 7

The Final EIR/EIS and the Board's certification and approval resolutions are on the Authority's website: www.hsr.ca.gov.

This approval was just one of several actions taken by the Board during the two-day board meeting, during the meeting they also:

- Unanimously approved moving forward with the design of the four stations (Mer-

ced, Fresno, Kings-Tulare and Bakersfield) in the Central Valley.

- Unanimously approved a multi-million dollar funding and planning agreement with the Los Angeles Metropolitan Transit Authority (LA Metro) to modernize the historic LA Union Station through the Link Union Station (Link US) project. Union Station will be a major connective hub for California's future high-speed rail service in the LA basin.

- Adopted the 2022 Business Plan.

California high-speed rail is currently under construction along 119 miles in the Central Valley at 35 active job sites. To date, more than 7,500 construction jobs have been created since the start of construction. For more on construction, visit: www.buildhsr.com External Link.

The following link contains recent video, animations, photography, press center resources

and latest renderings: <https://hsra.box.com/s/vyv9hckw1dk603ju15u07fdfir2q8> External Link. These files are all available for free use, courtesy of the California High-Speed Rail Authority.

SUCCESS STORIES

Rosa Guerrero, California Vegan Food Company

[Article originally appeared in <https://cameonetwork.org>]

Rosa Guerrero Contreras had a dream of launching her own plant-based food business for the last five years. What started as a hobby soon became a passion, but Rosa wasn't quite sure of how to convert that passion into a business. Last spring, Rosa joined Centro's Basic Entrepreneurship Program to launch California Vegan Food Company (CVFC). CVFC's mission is to satisfy the needs of their customers while contributing to a more sustainable planet. They do this by keeping the familiarity of the foods Latin@s grow up with.

In 2018, Rosa found herself unclear of exactly how to build the foundational pieces of her business. "Before Centro, my business was just a concept," Rosa said. "I needed to put my ideas into action and Centro empowered me to do so." As she participated in Centro's program, Rosa evaluated every part of her business, from its mission and vision to its marketing strategy and finances. She also created her business plan, using Centro's Business Planning App. The program provided Rosa with access to local entre-

preneurs that also serve as mentors.

Since completing the program, her company has begun manufacturing two products, launched its first line of vegan protein creations, and received a \$10,000 interest-free loan from Kiva. She used the loan to expand to pop-up and community events, and will soon have a presence at her local farmer's market in San Jose. Rosa credits Centro with empowering her to get to the next level as an entrepreneur. "Our advancement as a business since finishing Centro's entrepreneurship program gave me and my co-founder affirmation that we have been doing something right, something good," Rosa said. "I look forward to further growing California Vegan Food Company this upcoming year."

Over the next year, CVFC hopes to acquire a van to facilitate their logistics and storage. CVFC will also continue to expand the variety of products they offer.

Javad Yaghoubi, City Shade

[Article originally appeared in <https://cameonetwork.org>]

Javad Yaghoubi, an Afghan refugee who came to America with his family three years ago, is the proud owner of City Shade, a sunglasses cart in Arden Fair mall. When he first arrived in Sacramento, Javad found a job at a phone accessories shop. The entire time, he was considering opening his own business to better support his family.

When a sunglasses cart in the mall went up for sale, Javad jumped at the opportunity. He purchased the business in November of 2014, but needed more capital for inventory. Javad heard about Opening Doors from his brother, and came to us for technical assistance and a loan.

Opening Doors helped Javad create a strong business plan and cash flow projections. By December, Opening Doors approved him for an \$8,000 loan, which he used to purchase a variety of inventory right before the holiday rush.

He now manages the cart with the help of his brother and sister. In addition to Javad's position as business owner, the cart has created two new jobs. Javad appreciates the help Opening Doors provided to ensure he was prepared to run a business.

WORKFORCE DEVELOPMENT

US Department of Labor announces \$3.4M funding opportunity to attract, retain women in Registered Apprenticeships, nontraditional occupations

[Article originally appeared in www.dol.gov]

The U.S. Department of Labor announced a funding opportunity of \$3.4 million for up to nine grants to attract and keep women in Registered Apprenticeship Programs and industries where they are underrepresented such as manufacturing, infrastructure, cybersecurity and healthcare.

Administered by the department's Employment and Training Administration and Women's Bureau, the Women in Apprenticeship and Nontraditional Occupations grant program supports community-based organizations in their efforts to recruit, train and retain more women in Registered Apprenticeships and nontraditional occupations.

While women make up nearly half the U.S. labor force, they comprise only 13 percent of Registered Apprentices.

These grants are intended to help address the significant underrepresentation of women in Registered Apprenticeship programs and in high-growth, high-wage STEM occupations.

Registered Apprenticeships are a pathway for workers to the middle class. They also help employers to recruit, develop, and retain a highly skilled and diverse workforce. While this earn-while-you-learn model has a long history in skilled trades, such as construction, emerging

and high-growth industries like manufacturing, infrastructure, cybersecurity and healthcare are increasingly using Registered Apprenticeships to strengthen their workforce.
