

The Historical Legacy of Juneteenth

[Article originally appeared in <https://nmaahc.si.edu>]

- Key Points
- “Freedom’s Eve” on January 1, 1863, marked the first Watch Night services where African Americans gathered in anticipation of the Emancipation Proclamation.
 - The Emancipation Proclamation declared all enslaved people in Confederate States legally free at midnight.
 - Implementation of the Emancipation Proclamation was limited in areas still under Confederate control, delaying freedom for many, particularly in Texas.
 - Freedom for enslaved people in Texas was officially announced on June 19, 1865, by Union troops in Galveston Bay, leading to the celebration of “Juneteenth.”
 - Juneteenth is recognized as the nation’s second independence day, celebrated primarily within the African American community but largely unknown to many Americans.

Freedom’s Eve and Watch Night Services

On “Freedom’s Eve,” or the eve of January 1, 1863, the first Watch Night services took place. On that night, enslaved and free African Americans gathered in churches and private homes all across the country, awaiting news that the Emancipation Proclamation had taken effect. At the stroke of midnight, prayers were answered as all enslaved people in Confederate States were declared legally free.

Union soldiers, many of whom were black, marched onto plantations and across cities in the south reading small copies of the Emancipation Proclamation spreading the news of freedom in Confederate States. Only through the Thirteenth Amendment did emancipation end slavery throughout the United States.

Understanding the Significance of June 19, 1865

But not everyone in Confederate territory would immediately be free. Even though the Emancipation Proclamation was made effective in 1863, it could not be implemented in places still under Confederate control. As a result, in the western-

California Approves High-Speed Rail Track and Systems

Photo credit by <https://hsr.ca.gov>

[Article originally appeared in <https://hsr.ca.gov>]

The California High-Speed Rail Authority (Authority) Board of Directors approved the launch of the initial phase of the nation’s largest track and systems installation efforts. An American-led consortium of Kiewit, Stacy Witbeck, and Herzog will install the track, overhead contact system, train control and communications infrastructure needed to transform the 119 miles of guideway completed in the Central Valley into an electrified high-speed rail system capable of speeds up to 220 mph.

This Board action follows completion of track installation at the 150-acre southern railhead fa-

cilityExternal Link in Kern County, which will serve as the staging and distribution hub for high-speed track and systems installation. The facility is now prepared to receive freight deliveries of rail and other long-lead materials directly procured by the Authority, enabling rapid deployment once work begins later this year.

The Track and Systems Construction Contract covers the 119 miles currently under construction in the Central Valley and extends north and south into the future Merced and Bakersfield extensions. Its phased structure allows track and systems work to begin as soon as civil construction is completed in each segment, accelerating a seamless transition from guideway construction to electrified high-speed railway installation.

Today’s contract award follows a competitive procurement process launched in November 2025, after the Board authorized the Authority to bring one of the nation’s largest rail infrastructure contracts to market. To accelerate delivery and improve cost efficiency, the Authority has also directly procured long lead materials including rail, concrete ties, ballast, and other key components needed for track installation ahead of schedule.

The contract also includes strong commitments to supporting California’s small and disadvantaged businesses. It carries a 25 percent small business participation goal, including a 3 percent microbusiness component, and a 3 percent disabled veteran business enterprise goal.

High-Speed Rail Progress

Work continues daily on the high-speed rail project, with 171 miles currently under design and construction from Merced to Bakersfield. More than 80 miles of guideway are complete, along with 60 fully completed major structures and 30 more structures underway across Madera, Fresno, Kings and Tulare counties.

The project continues to advance statewide, with 463 miles of the 494-mile San Francisco to Los Angeles/Anaheim system fully environmentally cleared and construction-ready.

Throughout construction, the project has created nearly 19,200 good-paying jobs—most filled by Central Valley residents — and generated nearly \$25 billion in economic impact and growth across the state. Up to 1,700 workers report to high-speed rail construction sites each day.

Bid or No-Bid: How Contractors Choose Which Projects to Pursue

[Article originally appeared in <https://www.constructconnect.com>]

By Deirdre Pearson

In short:

- The bid/no-bid decision is a structured evaluation of whether a specific project is worth your team’s estimating time, based on profitability, fit, risk, and probability of winning.
- Six factors drive most go/no-go decisions: client, project, contractor, bidding, market, and economy. The top four signals are client financial capability, project risk, profit potential, and number of competitors.
- The true cost of a bid includes estimator hours, takeoff, plan review, and the opportunity cost of skipped bids.
- A healthy bid-to-win ratio sits around 5:1 for hard-bid work and 3:1 or better for negotiated and relationship-driven work.
- Better-fit projects beat more bids. Contractors who win consistently bid fewer jobs and qualify each one against a fixed framework before estimating starts.
- ConstructConnect®’s free bid/no-bid calculator runs your project through a weighted scoring model and gives you a go/no-go result in under five minutes.

What Is a Bid/No-Bid Decision?

A bid/no-bid decision is the formal step where a contractor decides whether to invest estimat-

ing effort in a project or pass on it. The output is binary: pursue and submit or decline and route that capacity to a better-fit opportunity. The key is making the call before takeoff begins. Once you’ve spent 20 hours quantifying a project, you’ve already invested time and money into the bid, whether you win it or not.

The Factors That Should Drive Your Bid/No-Bid Decision

A 2024 peer-reviewed study in Buildings grouped the most influential bid/no-bid factors into six categories. The top four were client financial capability, project risk, profit potential, and number of competitors.

Three or more red flags is a no-bid. One or two is a conversation: can you de-risk them, or is the profit worth the exposure?

ConstructConnect’s free bid/no-bid calculator runs a project through a weighted version of this framework — score your factors 1 to 5, and it returns a final go/no-go recommendation in under five minutes.

For a deeper look at how to weight each factor, see five key factors to consider in bid/no-bid decision making.

How to Calculate the True Cost of Preparing a Bid

The visible cost of a bid is estimator time. The hidden cost is everything around it: plan review, takeoff, sub coordination, RFIs, and the opportunity cost of bids you didn’t run because this one consumed the week.

Bid cost = (estimator hours × hourly rate) + (support hours × hourly rate) + opportunity cost of skipped bids

Worked example for a mid-sized commercial bid:

- Lead estimator: 25 hours × \$95/hr = \$2,375
- Junior support: 12 hours × \$55/hr = \$660
- Plan review and RFIs: 6 hours × \$85/hr = \$510

That bid runs about \$3,500 in direct labor before opportunity cost. A trade contractor running 15 bids a month is spending \$50,000+ on bid prep alone.

Continued on page 6

Run a project through these six factors before you green-light estimating:

Factors	What to check	Red flag
Client	Financial stability, payment history	Slow-pay history, unknown owner
Project	Scope clarity, complexity, location	Vague specs, far outside your service area
Contractor (you)	Capacity, bonding, trade expertise	At backlog capacity, outside your wheelhouse
Bidding	Lead time, document quality, RFI process	Late invitation, incomplete plans
Market	Local competition, prevailing pricing	Crowded bidder list, downward price pressure
Economy	Material volatility, regional outlook	Heavy tariff exposure, regional slowdown

The Historical Legacy of Juneteenth

Continued from page 1

most Confederate state of Texas, enslaved people would not be free until much later.

Freedom finally came on June 19, 1865, when some 2,000 Union troops arrived in Galveston Bay, Texas. The army announced that the more than 250,000 enslaved black people in the state, were free by executive decree. This day came to be known as “Juneteenth,” by the newly freed people in Texas.

Reflections on Emancipation and Reconstruction

The post-emancipation period known as Reconstruction (1865-1877) marked an era of great hope, uncertainty, and struggle for the nation as a whole. Formerly enslaved people immediately sought to reunify families, establish schools, run for political office, push radical legislation and even sue slaveholders for compensation.

Given the 200+ years of enslavement, such changes were nothing short of amazing. Not even a generation out of slavery, African Americans were inspired and empowered to transform their lives and their country.

A Celebration of Freedom

Juneteenth marks our country’s second independence day. Although it has long been celebrated in the African American community, this monumental event remains largely unknown to most Americans.

The historical legacy of Juneteenth shows the value of never giving up hope in uncertain times. The National Museum of African American History and Culture is a community space where this spirit of hope lives on. A place where historical events like Juneteenth are shared and new stories with equal urgency are told.

DBE SUBCONTRACTORS/SUPPLIER BIDS/PROPOSALS REQUESTED
PROJECT: LOWER ALEMANY AREA STORMWATER IMPROVEMENTS
CONTRACT NO. WW-756R
Bid/Proposal Submittal Date: Thursday, July 9, 2026, 2:00 PM.
OWNER: San Francisco Public Utilities Commission (SFPUC)

Frontier-Kemper Constructors, Inc. is bidding/proposing the above project as a prime contractor and would appreciate quotes from San Francisco Contract Monitoring Division (CMD) certified Micro and Small-Local Business Enterprises (LBE) and Disadvantaged Business Enterprise (DBE) contractors and suppliers, including but not limited to the following work/services and/or materials:

• Asphalt Paving	• Environmental Management	• Precast Concrete Tunnel Liners - Furnish
• Carbon Fiber Concrete Remediation	• Erosion Control	• Quality Control
• CCTV Sewer	• Fence and Gates	• Rebar Furnish and Install
• Clearing and Grubbing	• Fiberglass Pipe (FRP)	• Security Services
• Concrete Ready Mix	• Field Offices	• Shaft Excavation and Support
• Concrete work – structural and flatwork	• Fuel/Oil/and Grease	• Sheet Pile and Shoring
• Drilled shafts (Secant piles & Bearing Piles)	• Geotechnical Instrumentation	• Survey
• Electrical work – Temp Electric	• Ground Improvement by Jet Grout	• Traffic Control
• Electrical Work - Streetlights and Streetcar Power (MUNI OCS Overhead Catenary System Cables & Structures)	• Landscaping and Irrigation	• Trucking & Disposal
	• Noise and Vibration Monitoring	• Utility Work – Water, Sewer, Storm, Electric
	• Pre/Post Construction Inspection	• Water Treatment Plant
	• Portable Toilets	

Plans and specifications are available for inspection at our office Monday-Friday 8:00 AM to 5:00 PM. Plans are also available for download. Downloading plans requires Confidentiality Agreement.
Please email Scott Wilson and Jennifer Clark for Confidentiality Agreement and link to plans: swilson@frontierkemper.com; jclark@frontierkemper.com.
Should you need any assistance in obtaining bonding or insurance, please feel free to call us.
LBE and DBE firms can also refer to the Small Business Administration (SBA) and/or the Federal Department of Transportation (DOT) Bond Assistance Programs.
We are an Equal Opportunity Employer and, as a matter of policy, encourage the participation of Small, Minority and Women Owned Business Enterprises.
All LBE firms must be certified under one or more of the following certification agencies: California Unified Certification Program (CUCP), MBDA, USSBA or the State of California by the bid/proposal due date and will need to provide our office with a copy of their applicable certification to include with the bid/proposal.
If you have any questions or need additional assistance, please contact Frontier-Kemper Constructors, Inc. at 818-362-2062 or by fax (818) 833-4289. Ask for the SFPUC Lower Alemany Area Stormwater Improvements Estimating Team.

NOTICE OF INVITATION TO BID

Los Angeles Neighborhood Initiative (LANI), a non-profit organization, is soliciting competitive bids for the federally funded **Grape Street Elementary School Signage Project in the community of Watts**. The selected firm will be responsible for designing school signage, and placemaking improvements, such as crosswalks, speed limit signs and other traffic calming measures. The SOW also includes engagement with a trauma-informed expert to guide the design.
This federally funded project is funded through the Community Development Block Grant program administered through the Community Investment in Families Department (CFID) of the City of Los Angeles. Federal and State Prevailing Wages provisions of the Davis Bacon and related federal acts and California Labor Code are applicable to the contract for this project. Section 3 and Build America, Buy America apply.
Bid documents are available on RAMPLA.org on June 01, 2026. There is no charge for the bid package. Questions can be directed via email only to Arturo Nevarez at arturo@lani.org. Deadline for written questions is June 23rd at 5:00PM.
All sealed bids must be received at the LANI office no later than **July 31st at 2:00PM. Bid opening will be held on July 31st at 2:01 PM at 800 S Figueroa, Suite 670, Los Angeles, CA 90017.**
LANI, with the concurrence of the City, reserves the right to reject any or all such bids and to waive any informality in the bid.

Anderson Dam Seismic Retrofit Project
Bid Proposal Submittal Date: June 24, 2026, at 2:00 P.M.
Owner: Santa Clara Valley Water District
PERFORMANCE/PAYMENT/SUPPLY BOND MAY BE REQUIRED
This advertisement is in response to Santa Clara Valley Water District’s DBE Program, Barnard Construction Company, Inc. intends to conduct itself in “Good Faith” with DBE firms regarding participation on this project. Drawings and specs will be available via Isqft. Quotes are required by COB June 5, 2026. Quotes are fairly evaluated.
Please submit bids/proposals for the following work scopes:
Air Monitoring: Air Testing and NOA, Mitigations Measure; Anchor Drilling; Asphalt Paving; Boat Boarding Floats; Bridges; Bulkhead Gate Guide Installation & Commissioning; Cargo Lift & Elevator; CCTV; Clearing & Grubbing; Concrete Finishing; Concrete Placing Equipment; Construction Cranes; Construction Water; Demolition & Salvage; Civil & Underground; Design Features; Dewatering; Dredging; Drill & Blast; Drilled Piers; Electrical Work (permanent & temporary); Environmental Compliance; Fencing; Floor Coating; Gate Touch Up; Geomembrane; Guardrails; HVAC; Hydrovac; Instrumentation; Insulation/Drywall; Joint Sealant; Masonry; Mechanical Contractor; Mortar Lining; MSE Walls; Noise & Vibration Monitoring; On Road Trucking; Bridge/Monorail/Overhead Cranes; Pavement Markings and Striping; Pipeline Coating/Lining; Piping; Pump Trucks; QA/QC Testing; Railing, Gates, Stairs; Rebar; Rolling Service Doors & Rolling Shutters; Roofing/Cladding/Windows/Doors; SCADA, Fiber, Monopole System; Scaffold Installation & Material; Secant Pile Wall; Security & Surveillance; Seeding, Sodding, Landscaping; Sheet Pile; Shotcrete; Soil Nails; Steel Decking Supply & Install; Structural Steel Install; Survey; Traffic Maintenance/Traffic Control; Tunnel Power/Lining; Turnkey Building; Water Treatment & Disposal; Waterproofing in Tunnels; Welding & Weld Testing.

REQUESTING SUB-QUOTES FROM QUALIFIED SBE, MBE, WBE SUBCONTRACTORS/SUPPLIERS/TRUCKERS FOR:
C0724 – Coyote Creek Flood Protection Project
Project No.: 26174043
Invitation No. VW0593
Owner: Santa Clara Valley Water District (Valley Water)
Location: San Jose, CA
Engineers’ Estimate: \$160,000,000
BID DATE: June 24, 2026 @ 2:00 PM

Items of work include but are not limited to: SWPPP Preparation, Inspection, Sampling & Reporting, Biological Monitoring, Archaeological Monitoring, Cultural Resource Monitoring, Paleontological Monitoring, Private Security Services, Quality Control Testing, Pre-Construction Property Surveying, Noise Monitoring, Vibration Monitoring, Temporary Erosion Control, Permanent Erosion Control, Demolition, Tree Trimming & Removal, Clearing & Grubbing, Sheet Pile, Passive Flood Barriers, Reinforcing Steel, Concrete Barrier, Bollards, Signs, Striping, Landscape & Irrigation, Masonry, Fencing – Removals & Installation, Traffic Control, Metal Guard Railing, Dewatering, Electrical, Painting, Shoring, Welding, Specialty Metal Fabrication, Carbon Fiber Reinforced Polymer (CFRP) and Trucking.
PLEASE NOTE – ALL iron & steel products used in this project are required to be produced in the USA*
***PLEASE NOTE – All SBE subcontractors used on this project are required to be certified by the California Department of General Services.
SBE Search: <https://caleprocure.ca.gov/pages/PublicSearch/supplier-search.aspx>
SBE Certification Registration: <https://caleprocure.ca.gov/pages/sbdvbe-index.aspx>
Granite Rock Company ‘Graniterock’ is signatory to Operating Engineers, Laborers, Teamsters, Carpenters and Cement Masons unions. 100% performance and payment bonds will be required from a qualified surety company for the full amount of the subcontract price. Bonding assistance is available. Graniterock will pay bond premium up to 1.5%. In addition to bonding assistance, subcontractors are encouraged to contact Graniterock Estimating with questions regarding obtaining lines of credit, insurance, equipment, materials and/or supplies, or with any questions you may have. Subcontractors must possess a current contractor’s license, DIR number, insurance and worker’s compensation coverage. Subcontractors will be required to enter into our standard contract. Graniterock intends to work cooperatively with all qualified firms seeking work on this project.
We are an Equal Opportunity Employer

CALIFORNIA SUB-BID REQUEST ADS

Mountain Cascade Inc.
555 Exchange Court, Livermore, CA 94550
(925) 373-8370, Fax (925) 373-0940

Project: Coyote Creek Flood Protection
Contract No. C0724
Owner: Santa Clara Valley Water District
Bid Date: June 24th, 2026 @ 2:00 P.M.
Engineers Estimate: \$140 – \$160 Million

Please note this is an electronic bid, to ensure your quote has been received and reviewed please have all quotes to MCI by 12pm *

We are requesting quotes from all qualified Subcontractors and Suppliers but not limited to:
AGGREGATES, ASPHALT, CONCRETE MATERIAL, PIPE SUPPLIERS, DRAINING SYSTEMS PIPE SUPPLIERS, STORM WATER SYSTEMS PIPE SUPPLIERS, PRECAST MATERIALS, EROS MATERIALS, ANALYTICAL TESTING, BYPASS PUMPING, CONCRETE FLATWORK, CONCRETE STRUCTURES, CONSTRUCTION AREA SIGNS, DEMOLITION, DEWATERING, ENVIRONMENTAL SERVICES, EROSION CONTROL, FENCING, GABIONS, GEOTECH ENGINEERS, MEDIAN BARRIER, HANDRAILING, HYDROSEEDING, LANDSCAPING/IRRIGATION,MASONRY, SAWCUTTING, STRIP-ING, SURVEYING, SWPP PLAN ONLY, TRAFFIC CONTROL, TREE REMOVAL/ARBORIST, VIBRATION MONITORING, CRANE RENTAL, TRUCKING

Project Description:
The scope of work includes but is not limited to; develop and implement quality control program; mobilize/ de-mobilize from staging/laydown areas and project feature locations; conduct noise and vibration monitor- ing; develop/restore all staging areas; demolish existing structures, fences, etc.; clearing, grubbing and stripping topsoil as required for construction; tree and plant protection and root removal/trimming/cutting as required for construction; excavation, general fill, and haul/dispose of unsuitable materials; construct concrete floodwalls; construct/install steel sheet pile floodwalls w/ concrete encasement; construct earthen embankments; install sandbags for temporary flood protection; furnish/construct/install/test vehicular and pedestrian passive flood barriers; furnish and install rock slope and erosion protection; construct improvements to Charcot Ave. bridge including installing carbon fiber reinforced polymer sheets, constructing new concrete barrier and headwalls, and other miscellaneous work; install stop log gates and flood doors; construct and surface aggregate base main- tenance roads; construct and surface asphalt pavement roads and trails; construct and install local drainage outfalls and storm sewers and structures; install drainage features including PVC, CMP, RCP, and round steel pipe, catch basins/sumps, manholes, inlets, headwalls, level spreaders, swales, and other drainage related facilities, flap gates, in line check valves, valve boxes, cleanouts and vertical risers, trash racks, and appurtenances neces- sary for their construction, including but not limited to, riprap and geotextile separator fabric; utility relocation performed during construction; furnish and install seeding and erosion control blankets.

REQUEST FOR QUALIFIED DBE, MBE, SBE and WBE SUBCONTRACTORS & SUPPLIERS FOR:
CCWD: FY27/FY28 CONSTRUCTION AND REPAIR SERVICES AT CCWD FACILITIES
Bid Date: June 22, 2026 at 10:00 A.M.

Quotes needed: SWPPP, Utility Trenching, Material Testing/Inspection, Electrical, Traffic Loop / Signal Systems, Precast UG Materials, Electrical Conduit Materials, Landscaping, Hardscape / Flatwork, Asphalt Milling / Paving, Ready Mix Concrete, Concrete Pumping, Trucking, Aggregate Materials, Asphalt Paving, Survey, Rebar, Structural/Misc. Metals, Railings, Sheet piling & Shoring, Painting, Roadway Traffic Striping, Fencing, Tactile Warning Paneling, Traffic Control Services

For information regarding assistance with insurance bonds please contact our office.
An Equal Opportunity Employer

In order to properly evaluate / coordinate vendor proposals with our final bid. Vendor scope letters and quotes should be submitted and received in a timely fashion no later than **June 20st at 5:00 pm.**

Please include your DIR Registration No, License No., and any / all pertinent DBE / SBE Certifications on your proposal.

REQUEST FOR QUOTES FROM SUBS AND SUPPLIERS FOR:

Placer County Water Agency, Ophir Water Treatment Plant - Contract 2025-02
REVISED BID DATE: June 30, 2026 at 2 PM

Quotes must be received no later than Noon on 6/26/26 for evaluation

We are soliciting quotes for the following Divisions 01 thru 16 and items of work including, but not limited to: Clear & Grub, Erosion Control, Landscaping & Irrigation, AC Paving, Rebar, Erect Steel Structures, Electrical, Masonry, Ready Mix, Concrete Pumping, SWWP Plan, Underground Precast, Quality Control Testing, Dust & Air Pollution Control, Excavation and Fill for Structures, Trenching & Backfilling, Asphalt Paving, Concrete Paving, Concrete Sidewalk, Curb & Gutter, Segmental Block Retaining Walls, Manhole and Vault Covers and Accessories, Concrete Culverts, PVC Sewer Pipe, PVC Pressure Pipe, Fab Steel, Cleaning & Disinfection of Water Pipelines, Sewer Pipe Installation and Testing, Chain Link Fencing, Seeding and Sodding, Ready Mix Supply, Masonry, Cast Stone, Steel Joist Framing, Steel Decking, Misc. Metal Fabrications, Metal Railings, Metal Gratings, Anchorage in Concrete & Masonry, Structural & Misc. Metals, Rough Carpentry, Finish Carpentry and Architectural Woodwork, Fiberglass Reinforced Railings, Fiberglass Reinforced Gratings, Glass Fiberglass Reinforced Structural Members, Damp proofing, Masonry Water Repellent Coating, Thermal Insulation, Formed Metal Wall Panels, Equipment Installation, Horizontal End Suction Centrifugal Pumps, Raw Water Vertical Turbine Pumps, Treated Water Pump Station Vertical Turbine Pumps, Submersible Pumps, Motor Driven Double Disc Pumps, Submersible Sump & Sewage Pumps, Sample Pumps, Circular Gravity Thickener Equipment, Package Plate Settler Treatment Unit, Ballasted Flocculation (Actiflo®) System Equipment, Ballasted Flocculation (Actiflo®) System Mixing System, Ballasted Flocculation (Actiflo®) System Reinforced Plastic Fabrications, Microsand/Residual Pumps, Ballasted Flocculation (Actiflo®) System Sludge Scraper Equipment, Multistage Centrifugal Blowers, Compressed Air Equipment – Blower Room, Compressed Air Equipment – TWPS Surge System, Dry Polymer Feed System, Liquid Chemical Feed Systems. Metal Building Systems, Fiberglass Reinforced Plastic Chemical Storage Tanks, Steel Chemical Storage Tanks, Chemical Storage Tank Installation, Wrapped Prestressed Concrete Tank, Reservoir Baffling System, Filter Underdrains & Media, Instrumentation and Control System, Instrument List, IO List, Programmable Logic Controllers, Software Control Block Descriptions, Panel Mounted Instruments, Flow Instruments, Pressure and Level Instruments, Process Analytical Instruments, Temperature Instruments, Miscellaneous Instruments, Panels, Consoles and Appurtenances Process Control Network Systems, Metallic and Fiber Optic Communication Cables and Connectors, Tightness Testing of Structures, Surge Control System, Standing Seam Metal Roofing, Single-Ply Roofing, Fully Adhered, Sheet Metal, Roof Specialties and Accessories, Firestopping, Joint Sealants, Steel Doors and Frames, Fiberglass Reinforced Plastic Doors and Frames, Wood Doors, Overhead Coiling Aluminum Doors, Aluminum Entrances and Assemblies, Finish Hardware, Glass and Glazing, Gypsum Wallboard, Ceramic Tile, Suspended Acoustical Ceilings, Acoustical Treatment, Corrosion Protection Systems, Architectural Painting, Protective Coatings, Louvers and Vents, Identifying Devices, Metal Lockers, Toilet Accessories, Miscellaneous Specialties, Fire Suppression Sprinkler Systems, Bridge Cranes, Valve Installation, Misc. Piping and Pipe Accessories Installation, Basic Mechanical Building Systems Materials and Methods, Misc. Piping and Pipe Accessories, Ductile Iron Pipe, Steel Pipe, Stainless Steel Pipe and Alloy Pipe Tubing & Accessories, Misc. Steel Pipe Tubing & Accessories, Misc. Plastic Pipe, Tubing and Accessories, Cast Iron Soil Pipe and Accessories, Copper Tubing & Accessories, Misc. Ball Valves, Industrial Butterfly Valves, Industrial Butterfly Valves Schedule, Check Valves, Check Valves Schedule, Backflow Preventers, Solenoid Valves, Globe Valves, Pinch and Diaphragm Valves, Plug Valves, Pressure Reducing Valves, Plug Valves, Pressure Reducing Valves, Misc. Valves, AWWA Butterfly Valves, Eccentric Plug Valves, Resilient-Seated Gate Valves, Air Valves, Pipe Supports, Valve and Gate Actuators, Mechanical Insulation, Plumbing, Seal Water Stations, Heating Systems Equipment, Refrigeration Systems, Building Systems Controls, Testing, Adjusting and Balancing, Electrical, Electrical Equipment Installation, Variable Frequency Drive, Medium Voltage Variable Frequency, Common Motor Requirements for Process Equipment, Pad Mounted, Liquid Filled, Medium Voltage Transformers, Variable Frequency, Switchboards, 600 Volt Class Motor Control Centers, Bypass-Isolation Automatic Transfer Switch, Lighting Protection for Structures, Fire Protection and Signaling System, Security General Requirements, Security Conductors and Cables, Structured Cabling System, Video Surveillance System, Electronic Access Control System (EACS), Testing and Commissioning, Class 2 Agg Base.

CARB Certification will be required from listed subcontractors, or a formal explanation letter for why your firm does not have it.

100% performance and payment bonds will be required for the full amount of the subcontract price. Please contact us for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor and supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all scopes/quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operators, Laborers, Cement Masons, Carpenters & Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. We intend to work cooperatively with subcontractors/suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. We will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact us for any assistance required by your firm. Subcontractors will be required to execute our standard subcontract agreement and agree to the standard general terms & conditions. Please contact us by email if you would like copies for review prior to bid day.

Contract Documents and related project information, including future Addenda, are available and can be downloaded for FREE from our Box ftp site by email request. Please send the email request to NORCALBIDS@flatironcorp.com for access to plans & specs on our BOX ftp site. If you would like to speak to an estimator for a specific scope or work, please email us and we can schedule a virtual or in person appointment to review project docs.

Please email ALL Scopes/Quotes to: NORCALBIDS@flatironcorp.com

Bid or No-Bid: How Contractors Choose Which Projects to Pursue

■ Continued from page 2

Pro-tip: AI-assisted takeoff software like Take-off Boost™ reduce bid cost for most contractors. When you invest in the right tools that effectively speed up your takeoff process, without compromising accuracy, the ROI is high compared to the traditional, manual takeoff process.

Win Rates and Hit Ratios: What Contractors Should Target

Most contractors don’t track their bid-to-win ratio, which is why “we win some, we lose some” is still a common answer when you ask about performance.

A win rate well above benchmark means your pricing is leaving margin on the table. Well below means you’re bidding the wrong jobs, your proposal isn’t differentiated, or both.

Walk-Away Signals: When to Pass on a Project

Some opportunities should be turned down even when capacity is available:

- The owner won’t share a budget range. Either they don’t know, or they’re using your bid to shop a number.
- The bid period is unreasonably short. A 5-day window on a \$2M project usually means a preferred contractor is already selected.
- The plans have gaps and RFIs are restricted. You’ll absorb the unknowns or get burned by change orders later.

- The bidder list is wide open. Twelve subs invited to bid one trade signals a fishing expedition.
- The client has a slow-pay or dispute history. The cheapest revenue is revenue you never have to chase.
- You can’t see who else is pricing the job. Without planholder visibility, you’re flying blind on competitive position.

A no-bid isn’t a loss. It’s capacity protected for the next better-fit opportunity.

How to Find Projects You’re More Likely to Win

Better-fit projects sit inside your trade and geography, have a visible bidder list, a stable client, and a size that matches your capacity. Early visibility helps too: projects you spot in design or planning, before the bidder list is set.

Did you know? ConstructConnect® Project Intelligence gives contractors visibility into 825,000+ active commercial projects across North America, with bidder lists, award history, and contacts on each record.

What Makes a Construction Proposal Stand Out From Competitors?

A winning proposal isn’t the lowest number. It’s the bid that gives the decision-maker confidence you’ll deliver the work cleanly. Four factors separate winning proposals from losing ones:

- **Scope clarity.** Assumptions and exclusions are explicit. The owner or GC can see exactly what’s included.
- **Right-sized detail.** Enough to show you’ve thought the job through; not so much that the reader can’t find the number.
- **Visible past performance.** One or two relevant references with specifics — square footage, schedule, owner — beat a generic capabilities list.
- **A specific value proposition.** What you do better than the next bidder, in one sentence — something specific to the trade and the project.

Price gets you on the shortlist. Everything above gets you the award.

Bid Volume vs. Bid Quality: Which Approach Wins More Work

The math usually favors quality. A trade contractor bidding 20 projects a month at a 10% win rate wins two jobs and pays for 18 losing bids. The same team bidding 10 qualified projects at a 30% win rate wins three jobs and pays for seven losing bids — same revenue, less than half the estimating cost, better-fit work in execution. Quality strategies work best when estimating is your bottleneck, which is the case for most small and mid-sized contractors.

Build a Smarter Bid Pipeline With Project Intelligence

Better bid/no-bid decisions start with better project information. Use the free bid/no-bid calculator to score your next opportunity before estimating begins. When you’re ready to improve the quality of projects entering that pipeline, ConstructConnect® Project Intelligence gives contractors a researcher-verified database of commercial projects, planholder and bidder lists, award history, and decision-maker contacts — the inputs every go/no-go framework needs.

See how tools like Project Intelligence and Take-off Boost sharpen your go/no-go calls — book a personalized demo.

Frequently Asked Questions (FAQs)

Should I use a scoring system or checklist for go/no-go decisions?

Yes. A consistent scoring matrix beats gut feel because it forces every project through the same questions. ConstructConnect’s free bid/no-bid calculator is built exactly for this — it covers client, project, fit, risk, and probability of winning, with each factor weighted by relative importance. Score a project in under five minutes and get a clear go/no-go result before any estimating time is spent.

Ranking Member Markey criticizes rule affecting small contractors

[Article originally appeared in www.sbc.senate.gov]

Ranking Member Edward J. Markey (D-Mass.) today slammed the Trump Small Business Administration’s proposed rule that dramatically changes the 8(a) Business Development Program and undermines the program’s mission to provide training, assistance, and federal contracting opportunities for businesses that have faced historic discrimination in the United States.

The 8(a) Business Development Program plays an important role in helping to ensure that small contractors have opportunities to work with the federal government – the largest buyer of goods and services in the world. However, the 8(a) program has come under attack as Trump and MAGA Republicans have unfairly targeted these small businesses, a majority of which are minority-owned. These businesses consistently deliver for the federal government through constant innovation, support their local economies, and create jobs in their communities. Since Trump returned to office in January 2025, only 65 new 8(a) firms have been approved by the SBA, compared to more than 2,000 under the Biden administration.

“After choosing to start a reckless and expensive war with Iran and to impose illegal tariff taxes on American families and small businesses—leading to sky-high gas, electricity, and grocery costs—the Trump administration has decided to continue demonizing minority and underserved communities instead of solving the affordability crisis facing Main Street.

“The SBA’s proposed rule grossly diminishes the history of systemic racial and ethnic discrim-

ination in the United States. Congress created the 8(a) Business Development Program nearly half a century ago to provide entrepreneurs who have faced historic and present-day discrimination with opportunities to partner with the federal government and support to help grow their businesses.

“To be clear, the 8(a) program has always been open to anyone that can prove they’ve experienced prejudice or cultural bias, including in education, employment, and entrepreneurship. Now, the SBA proposes to define discrimination based on its political whims and allow applicants to self-certify their eligibility. Instead of fighting to right historic wrongs and enable more job creators to grow and thrive, this administration is once again choosing to distort reality to perpetuate its hateful—and harmful—agenda.

“We will do everything in our power to fight back against the Trump administration’s campaign to make America hate again, and we will do everything to fight for every small business to have the resources and support it needs to succeed.”

Ranking Member Markey is fighting to protect federal programs that address historic discrimination against small business owners from minority and underserved communities. He continues to advocate for a small business agenda that ensures economic opportunity for all.

- **This week**, Ranking Markey released a new report highlighting Trump’s drastic reduction in federal contracting dollars awarded to American small businesses, including minority-owned small businesses.

- **In February**, Ranking Member Markey, alongside Senators Mazie Hirono (D-Hawaii) and Cory Booker (D-NJ), and Representative Ayanna Pressley (MA-7), introduced the Strengthening Place-based Access, Resources, and Knowledge (SPARK) Act to spur entrepreneurship and increase access to capital and resources for underserved entrepreneurs nationwide. Ranking Member Markey previously held a field hearing in Roxbury, Massachusetts, to discuss how government and the private sector can come together to make entrepreneurship more accessible for underserved communities.
- **Earlier in February**, Ranking Member Markey secured funding with the Appropriations Committee for Small Business Development Centers, Women’s Business Centers, SCORE Chapters, and Veterans Business Outreach Centers and provisions to rein in the Administration’s attempts to eliminate programs that support women, veterans, and underserved entrepreneurs.
- **In January**, Ranking Member Markey sent a letter to the Consumer Financial Protection Bureau to oppose rule changes that would gut protections against discriminatory lending practices that harm small businesses.
- **In December 2025**, Ranking Member Markey sent a letter to SBA Administrator Kelly Loeffler expressing significant concerns with the SBA’s overly burdensome request and unclear guidance for extensive financial documentation over the holidays, as a

part of their sweeping attempts to dismantle the 8(a) Business Development Program.

- **In July and December 2025**, Ranking Member Markey sent letters to the SBA Administrator demanding answers about the Trump administration’s efforts to limit economic opportunity for American entrepreneurs, including immigrants.
- **In May 2025**, Ranking Member Markey sent a letter to the SBA Administrator rejecting President Trump’s FY 2026 budget proposal and calling on SBA to immediately release funding for the entrepreneurial development programs, which include programs like the Women’s Business Centers and the Veteran’s Business Development Centers that support underserved small business owners.
- **In April 2025**, Ranking Member Markey introduced the New Start Act of 2025 to establish a five-year pilot program providing grants to support entrepreneurial development training for currently or formerly incarcerated individuals.
- **In February 2025**, Ranking Member Markey sent letters to the SBA Administrator and Government Accountability Office (GAO) condemning President Trump’s war on diversity, equity, inclusion, and accessibility (DEIA) policies and asking how the SBA intends to implement Trump’s anti-DEIA executive orders.

GOLDEN GATE BRIDGE
HIGHWAY & TRANSPORTATION DISTRICT

NOTICE INVITING PROPOSALS

The Golden Gate Bridge, Highway and Transportation District (District) seeks proposals for **RFP No. 2026-F-048, Larkspur Ferry Terminal Mooring Camels Refurbishment**. Interested Proposers must submit proposals by way of upload to the District’s Procurement Portal: <https://ggbhtd.bonfirehub.com> by **Thursday, July 9, 2026, at 4:00 p.m., PT**.

A non-mandatory pre-proposal conference will be held via Microsoft Teams on **Monday, June 15, 2026, at 11:30 A.M, PT** (Please see RFP documents for meeting information). Immediately following the pre-proposal conference, District staff will conduct the Site Tour at Larkspur Ferry Terminal, 101 E Sir Francis Drake Blvd, Larkspur, CA, 94939

Requests for modifications or clarifications of any requirement must be submitted in writing by This Day, **June 19, 2026, at 4:00 p.m., PT**.

The RFP Documents are available for download on the District’s Procurement Portal. In order to download and respond to posted solicitations, Proposers will need to register. Once registered, to download the documents:

- 1) Go to the District’s Procurement Portal: <https://ggbhtd.bonfirehub.com>.
- 2) Under “Action” column of “Open Public Opportunities” page, click on “View Opportunity” next to desired Project.
- 3) Scroll down to “Supporting Documentation” section to download documents.

For general questions regarding this RFP, please contact Johnathan Lucas, at jlucas@goldengate.org.
