

Governor Newsom funds rural business hub in Yreka
[Article originally appeared in www.gov.ca.gov]

Governor Gavin Newsom’s California Jobs First initiative continues to spur new business innovation throughout the Golden State with the grand opening of Yreka Carnegie, a once-shuttered historic building that has been transformed into a rural hub for business innovation, entrepreneurship and community connection serving Siskiyou County and California’s North State. The project was backed by \$3.65 million in state funding, comprised of \$2.15 million from the Regional Investment Initiative, the state’s flagship Jobs First program that is driving a new approach to local economic development, and \$1.5 million from the California Strategic Growth Council’s (SGC) Regional Climate Collaboratives Program.

The California Jobs First funding, which was a part of the Regional Investment Initiative’s economic development pilot project phase, went toward final construction costs to rehabilitate the Carnegie building. The renovated building will be a space for agriculture, outdoor recreation tourism, and wood sectors to develop new products, create high-road jobs, cross-collaborate, and develop climate resiliency practices.

A new economic vision for California’s future

Governor Newsom is accelerating economic growth and investing in regional strategies, expanding access to good paying jobs for Californians and supporting innovation and business that is locally grown.

In February 2025, Governor Newsom announced the California Jobs First Economic Blueprint – the state’s first comprehensive economic development strategy in more than 20 years, built on the foundation of 13 regionally-developed plans. Through the Jobs First initiative, nearly \$1.6 billion in investment was generated in 2025, training over 142,000 workers and helping to create more than 61,000 new jobs.

Under Governor Newsom’s leadership, the Blueprint outlines key initiatives to support regional growth, invest in 21st-century job training, create an attractive environment for job creators and strengthen California’s innovation economy – all to help increase access to good-paying jobs for Californians.

What Construction Experts are Warning About the Industry, and What Contractors Should Do About it

[Article originally appeared in www.constructconnect.com]

By Johnny Bradigan

In Short:

- Pick your sectors and geographies deliberately. Roughly half of non-residential sub-categories are forecast to grow faster than construction inflation; the other half are contracting off 2025 peaks.
- Get into private projects before the bid window opens. Private planning activity is up 26.2% year over year in ConstructConnect’s verified pipeline, and owners are selecting GCs and subs at the design stage. By the time a public RFP posts, the relationship is often already won.

- Model material escalation into your bids now. Construction input costs are up 4.4% overall, but tariff-exposed materials are running far hotter: steel up 15%, aluminum up 34%, copper up 21%, diesel up 51%. AGC’s chief economist says most of that hasn’t hit owners yet—but it will.
- Hold your crews. New hires as a share of the construction workforce are at a 25-year low, and union settlements averaged 4.7% wage increases in 2025. With megaprojects competing for the same skilled trades through the decade, the cost of losing a crew now is higher than the cost of keeping one.

Non-residential construction in 2026 is a K-shaped market, and where your company lands on that K depends almost entirely on which sectors and geographic areas you’re chasing.

At the recent bi-annual Construction Economy Outlook event, chief economists from ConstructConnect, the American Institute of Architects (AIA), and Associated General Contractors of America (AGC), along with ConstructConnect’s Director of Content Acquisition, presented a market defined by a widening split: data centers and power infrastructure growing at triple-digit rates, while traditional commercial, education,

and office construction remains stuck in a multiyear flatline.

Is non-residential construction actually slowing down in 2026?

Yes, for most of the market, according to AIA Chief Economist Richard Branch.

“Real construction activity, that is boots on the ground, has been flat at best in the non-residential building space,” he told the audience.

Even though the U.S. economy is not technically in a recession, Branch added activity has been flat, at best, for the past two years.

Branch attributes the flatness to three overlapping shifts:

- **Cyclical** (high interest rates, rising energy costs, weak consumer confidence)
- **Structural** (a rapidly aging U.S. population, return-to-office mandates)
- **Political** (tariffs, stricter immigration enforcement, geopolitical risk).

The result of these shifts coming together is a “K-shape” economy, where one segment scales upward and the other goes downward; much like the shape of the letter “K.” In this instance,

Governor Newsom funds rural business hub in Yreka

Secretary of the California Labor & Workforce Development Agency and Jobs First Council co-chair, Stewart Knox and community members at the Grand Opening of the Yreka Carnegie

Continued from page 1

“California Jobs First is about turning regional priorities into real projects that create opportunity where it matters most,” said Dee Dee Myers, Senior Advisor to the Governor, Director of GO-Biz and Jobs First Council co-chair. “Investments like the renovation of the Yreka Carnegie building help communities build on their unique strengths, support local businesses and create the foundation for sustainable economic growth.”

“The Yreka Carnegie project will increase access to training and career pathways that help

working people and families in Siskiyou County and California’s North State thrive,” said Stewart Knox, Secretary of the California Labor & Workforce Development Agency and Jobs First Council co-chair. “This investment gives workers a place to connect with good-paying jobs and develop new skills, reflecting the talent and resilience rooted in this region, and building the kind of economic stability that lifts whole communities.”

“Across California, the state is investing in creating opportunity and resilience where it’s needed most,” said Samuel Assefa, Director of

the Governor’s Office of Land Use and Climate Innovation, Jobs First Council member, and Chair of the California Strategic Growth Council (SGC). “The SGC’s Regional Climate Collaboratives Program awarded a grant to the Siskiyou Climate Collaborative, which was then leveraged to secure additional funding to bring the Yreka Carnegie project to fruition. The Yreka Carnegie building has served as a local landmark for more than a century, and now it can serve as a catalyst for job creation, innovation, tourism and climate resilience efforts – not to mention neighborhood revitalization.”

The historic Carnegie building, built in 1915, has been a pillar of the Yreka community for over 100 years. The Yreka Carnegie will also serve as the headquarters for the Siskiyou Economic Development Council (SEDC), which led a multi-year, community-supported process to plan the building’s future, and house the Shasta-Cascade Small Business Development Center. The revitalized building now features ADA accessibility, a new solar array and backup battery system powering the innovation campus, multi-

NOTICE OF INVITATION TO BID

Los Angeles Neighborhood Initiative (LANI), a non-profit organization, is soliciting competitive bids for the federally funded **Grape Street Elementary School Signage Project in the community of Watts**. The selected firm will be responsible for designing school signage, and placemaking improvements, such as crosswalks, speed limit signs and other traffic calming measures. The SOW also includes engagement with a trauma-informed expert to guide the design.

This federally funded project is funded through the Community Development Block Grant program administered through the Community Investment in Families Department (CFID) of the City of Los Angeles. Federal and State Prevailing Wages provisions of the Davis Bacon and related federal acts and California Labor Code are applicable to the contract for this project. Section 3 and Build America, Buy America apply.

Bid documents are available on RAMPLA.org on June 01, 2026. There is no charge for the bid package. Questions can be directed via email only to Arturo Nevarez at arturo@lani.org. Deadline for written questions is June 23rd at 5:00PM.

All sealed bids must be received at the LANI office no later than **July 31st at 2:00PM**. **Bid opening will be held on July 31st at 2:01 PM at 800 S Figueroa, Suite 670, Los Angeles, CA 90017.**

LANI, with the concurrence of the City, reserves the right to reject any or all such bids and to waive any informality in the bid.

Subcontractors of every tier will be required to be bound by SCVWD's Project Labor Agreement (PLA)

HANFORD APPLIED RESTORATION & CONSERVATION IS AN EQUAL OPPORTUNITY EMPLOYER

GENERAL ENGINEERING CONTRACTOR
590 S 33rd St. Richmond, CA 94804

DBE Subcontractor Requested For:
City of Hayward • FY24 Sewer Line Replacement Project
BID DATE: June 30th, 2026, at 2:00 pm
Email quotes to: guzmancrp@outlook.com

The project work is generally described as: Project Description: The work includes, in general, the furnishing of labor, materials, and equipment for the construction of new sanitary sewer lines in the City, including, but not limited to replacing existing sewer pipes with approximately 10,837 linear feet of new pipes by open cut; approximately 4,236 linear feet new pipes by pipe bursting; and rehabilitating approximately 9,668 linear feet of existing pipes by cured in place pipe (CIPP); restoring and reconnecting all affected sanitary sewer service lines (laterals); installing new, abandoning, modifying, and replacing sewer manholes.

The work also includes cleaning and video inspection of sanitary sewer pipes, wastewater flow control and bypass pumping, dewatering, shoring, traffic control, utility locating, potholing, public notification, restoration of public and private surface improvements (including but not limited to pavement, sidewalk, curb and gutter, fences, and landscaping), and all incidental items not mentioned above, but are required by the Contract Drawings, Standard Specifications, Technical Specifications, or these Special Provisions.

Glosage Engineering Inc requests qualified DBE subcontractors and suppliers in the following scopes of work:
Pipe Reaming & CIPP lining methods.

Plans and Specifications are available to download on <https://www.bidnetdirect.com/california/solicitations/open-bids/FY24-Sewer-Line-Replacement-Project/0000425524?purchaseGroupid=88020151&origin=2>.

You may contact Luis Guzman at 510-815-4505 or guzmancrp@outlook.com to get on our subcontractor list. Should you require assistance with bid or have any questions please feel free to reach out.

FRONTIER-KEMPER
CONSTRUCTORS, INC.
A Tutor Perini Company

DBE SUBCONTRACTORS/SUPPLIER BIDS/PROPOSALS REQUESTED
PROJECT: LOWER ALEMANY AREA STORMWATER IMPROVEMENTS
CONTRACT NO. WW-756R
Bid/Proposal Submittal Date: Thursday, July 30, 2026, 2:00 PM.
OWNER: San Francisco Public Utilities Commission (SFPUC)

Frontier-Kemper Constructors, Inc. is bidding/proposing the above project as a prime contractor and would appreciate quotes from San Francisco Contract Monitoring Division (CMD) certified Micro and Small-Local Business Enterprises (LBE) and Disadvantaged Business Enterprise (DBE) contractors and suppliers, including but not limited to the following work/services and/or materials:

• Asphalt Paving	• Environmental Management	• Precast Concrete Tunnel Liners - Furnish
• Carbon Fiber Concrete Remediation	• Erosion Control	• Quality Control
• CCTV Sewer	• Fence and Gates	• Rebar Furnish and Install
• Clearing and Grubbing	• Fiberglass Pipe (FRP)	• Security Services
• Concrete Ready Mix	• Field Offices	• Shaft Excavation and Support
• Concrete work – structural and flatwork	• Fuel/Oil/and Grease	• Sheet Pile and Shoring
• Drilled shafts (Secant piles & Bearing Piles)	• Geotechnical Instrumentation	• Survey
• Electrical work – Temp Electric	• Ground Improvement by Jet Grout	• Traffic Control
• Electrical Work - Streetlights and Streetcar Power (MUNI OCS Overhead Catenary System Cables & Structures)	• Landscaping and Irrigation	• Trucking & Disposal
	• Noise and Vibration Monitoring	• Utility Work – Water, Sewer, Storm, Electric
	• Pre/Post Construction Inspection	• Water Treatment Plant
	• Portable Toilets	

Plans and specifications are available for inspection at our office Monday-Friday 8:00 AM to 5:00 PM. Plans are also available for download. Downloading plans requires Confidentiality Agreement.

Please email Scott Wilson and Jennifer Clark for Confidentiality Agreement and link to plans: swilson@frontierkemper.com; jclark@frontierkemper.com.

Should you need any assistance in obtaining bonding or insurance, please feel free to call us.

LBE and DBE firms can also refer to the Small Business Administration (SBA) and/or the Federal Department of Transportation (DOT) Bond Assistance Programs.

We are an Equal Opportunity Employer and, as a matter of policy, encourage the participation of Small, Minority and Women Owned Business Enterprises.

All LBE firms must be certified under one or more of the following certification agencies: California Unified Certification Program (CUCP), MBDA, USSBA or the State of California by the bid/proposal due date and will need to provide our office with a copy of their applicable certification to include with the bid/proposal.

If you have any questions or need additional assistance, please contact Frontier-Kemper Constructors, Inc. at 818-362-2062 or by fax (818) 833-4289. Ask for the SFPUC Lower Alemany Area Stormwater Improvements Estimating Team.

Governor Newsom funds rural business hub in Yreka

Continued from page 2

purpose spaces, and programming designed to attract pedestrians and serve Siskiyou County’s diverse business and community needs.

“The Carnegie is proof that rural communities can innovate, compete, and lead when local vision is matched by strong partnerships,” said Tonya Dowse, Executive Director of Siskiyou Economic Development. “As one of California’s early Jobs First pilot investments, it demonstrates what is possible when state, local, philanthropic, and private-sector partners come together to create opportunity in rural communities. We are grateful to the State of California for recognizing Siskiyou County as a place of innovation, possibility, and long-term investment.”

About the Regional Climate Collaboratives Program

The Regional Climate Collaboratives Program funds coalitions of community-serving partners in under-resourced communities to establish community priorities, develop a pipeline of projects, and align projects with state, federal, and philanthropic funding opportunities.

About the California Strategic Growth Council

The 10 distinguished members of the SGC include state-agency heads and three appointed public members. The council works collaboratively with public agencies, communities, and stakeholders to achieve sustainability, equity, economic prosperity, and quality of life for all Californians.

Bid Date: July 30, 2026, at 2:00p.m.

Request for DBE, MBE, WBE, OBE sub-quotes

Kiewit Infrastructure West Co. (Kiewit) is seeking sub-quotes from qualified, Disadvantaged Business Enterprises (DBE), including Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Other Business Enterprise (OBE) firms; and all other business enterprises to perform as Subcontractors and Material Vendors/Suppliers. DBEs must be certified by one of the following agencies prior to bid opening: Minority Business Development Agency (MBDA), Small Business Administration (SBA), California Unified Certification Program (CUCP), California Public Utilities Commission (CPUC), Tribal, State and Local governments, or an independent certifying organization.

Kiewit is requesting quotes for various areas of work listed in, but not limited to, the scopes of work below:

Archaeology, land surveying quality control, dumpster and trash services, site security, traffic control/MOT, aggregate, trucking and hauling, water trucks operated, subsurface investigation, material landfill for dirt, dewatering, shoring and underpinning, soil stabilization, SWPPP, street sweeping, tunneling and boring, soil nail wall, micro tunneling, utilities cathodic protection, CCTV inspection, reinforced concrete pipe, plastic pipe, cast iron sewer, steel casing, manhole material, asphalt paving, asphalt supply, rigid placement, curbs and gutter, ready mix supply, concrete forms, concrete reinforcing installation, concrete pumping, precast concrete, concrete drilling and saw-cutting, metals, joint sealer, painting and coating, cathodic protection, measurement and control instrumentation, bolts and gaskets, pipes and tubes, valves and electrical work.

Firms interested in providing a sub-quote for this project must contact Kiewit and responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of Building Connected system (at no cost to bidder) with project information and bid instructions. Plans and specifications are also available for review at Kiewit's office located at 10704 Shoemaker Avenue, Santa Fe Springs, CA 90670.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors will be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Kiewit is signatory to collective bargaining agreements with carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all participants on this project. For further information regarding this project, licensing, insurance, bonding, related assistance with equipment, supplies, and materials, or the project schedule, please contact our Lead Estimator.

REVISED BID DATE: June 30, 2026 at 2 PM

Quotes must be received no later than Noon on 6/26/26 for evaluation

We are soliciting quotes for the following Divisions 01 thru 16 and items of work including, but not limited to: Clear & Grub, Erosion Control, Landscaping & Irrigation, AC Paving, Rebar, Erect Steel Structures, Electrical, Masonry, Ready Mix, Concrete Pumping, SWWP Plan, Underground Precast, Quality Control Testing, Dust & Air Pollution Control, Excavation and Fill for Structures, Trenching & Backfilling, Asphalt Paving, Concrete Paving, Concrete Sidewalk, Curb & Gutter, Segmental Block Retaining Walls, Manhole and Vault Covers and Accessories, Concrete Culverts, PVC Sewer Pipe, PVC Pressure Pipe, Fab Steel, Cleaning & Disinfection of Water Pipelines, Sewer Pipe Installation and Testing, Chain Link Fencing, Seeding and Sodding, Ready Mix Supply, Masonry, Cast Stone, Steel Joist Framing, Steel Decking, Misc. Metal Fabrications, Metal Railings, Metal Gratings, Anchorage in Concrete & Masonry, Structural & Misc. Metals, Rough Carpentry, Finish Carpentry and Architectural Woodwork, Fiberglass Reinforced Railings, Fiberglass Reinforced Gratings, Glass Fiberglass Reinforced Structural Members, Damp proofing, Masonry Water Repellent Coating, Thermal Insulation, Formed Metal Wall Panels, Equipment Installation, Horizontal End Suction Centrifugal Pumps, Raw Water Vertical Turbine Pumps, Treated Water Pump Station Vertical Turbine Pumps, Submersible Pumps, Motor Driven Double Disc Pumps, Submersible Sump & Sewage Pumps, Sample Pumps, Circular Gravity Thickener Equipment, Package Plate Settler Treatment Unit, Ballasted Flocculation (Actiflo®) System Equipment, Ballasted Flocculation (Actiflo®) System Mixing System, Ballasted Flocculation (Actiflo®) System Reinforced Plastic Fabrications, Microsand/Residual Pumps, Ballasted Flocculation (Actiflo®) System Sludge Scraper Equipment, Multistage Centrifugal Blowers, Compressed Air Equipment – Blower Room, Compressed Air Equipment – TWPS Surge System, Dry Polymer Feed System, Liquid Chemical Feed Systems. Metal Building Systems, Fiberglass Reinforced Plastic Chemical Storage Tanks, Steel Chemical Storage Tanks, Chemical Storage Tank Installation, Wrapped Prestressed Concrete Tank, Reservoir Baffling System, Filter Underdrains & Media, Instrumentation and Control System, Instrument List, IO List, Programmable Logic Controllers, Software Control Block Descriptions, Panel Mounted Instruments, Flow Instruments, Pressure and Level Instruments, Process Analytical Instruments, Temperature Instruments, Miscellaneous Instruments, Panels, Consoles and Appurtenances Process Control Network Systems, Metallic and Fiber Optic Communication Cables and Connectors, Tightness Testing of Structures, Surge Control System, Standing Seam Mertal Roofing, Single-Ply Roofing, Fully Adhered, Sheet Metal, Roof Specialties and Accessories, Firestopping, Joint Sealants, Steel Doors and Frames, Fiberglass Reinforced Plastic Doors and Frames, Wood Doors, Overhead Coil-ing Aluminum Doors, Aluminum Entrances and Assemblies, Finish Hardware, Glass and Glazing, Gypsum Wallboard, Ceramic Tile, Suspended Acoustical Ceilings, Acoustical Treatment, Corrosion Protection Systems, Architectural Painting, Protective Coatings, Louvers and Vents, Identifying Devices, Metal Lockers, Toilet Accessories, Miscellaneous Specialties, Fire Suppression Sprinkler Sys-tems, Bridge Cranes, Valve Installation, Misc. Piping and Pipe Accessories Installation, Basic Mechanical Building Systems Materials and Methods, Misc. Piping and Pipe Accessories, Ductile Iron Pipe, Steel Pipe, Stainless Steel Pipe and Alloy Pipe Tubing & Access-ories, Misc. Steel Pipe Tubing & Accessories, Misc. Plastic Pipe, Tubing and Accessories, Cast Iron Soil Pipe and Accessories, Copper Tubing & Accessories, Misc. Ball Valves, Industrial Butterfly Valves, Industrial Butterfly Valves Schedule, Check Valves, Check Valves Schedule, Backflow Preventers, Solenoid Valves, Globe Valves, Pinch and Diaphragm Valves, Plug Valves, Pressure Reducing Valves, Plug Valves, Pressure Reducing Valves, Misc. Valves, AWWA Butterfly Valves, Eccentric Plug Valves, Resilient-Seated Gate Valves, Air Valves, Pipe Supports, Valve and Gate Actuators, Mechanical Insulation, Plumbing, Seal Water Stations, Heating Systems Equipment, Refrigeration Systems, Building Systems Controls, Testing, Adjusting and Balancing, Electrical, Electrical Equipment Installation, Vari-able Frequency Drive, Medium Voltage Variable Frequency, Common Motor Requirements for Process Equipment, Pad Mounted, Liq-uid Filled, Medium Voltage Transformers, Variable Frequency, Switchboards, 600 Volt Class Motor Control Centers, Bypass-Isolation Automatic Transfer Switch, Lighting Protection for Structures, Fire Protection and Signaling System, Security General Requirements, Security Conductors and Cables, Structured Cabling System, Video Surveillance System, Electronic Access Control System (EACS), Testing and Commissioning, Class 2 Ag Base.

CARB Certification will be required from listed subcontractors, or a formal explanation letter for why your firm does not have it.

100% performance and payment bonds will be required for the full amount of the subcontract price. Please contact us for any assis-tance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor and supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all scopes/quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operators, Laborers, Cement Masons, Carpen-ters & Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. We intend to work cooperatively with subcontractors/suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. We will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact us for any assistance required by your firm. Subcontractors will be required to execute our standard subcontract agreement and agree to the standard general terms & conditions. Please contact us by email if you would like copies for review prior to bid day.

Contract Documents and related project information, including future Addenda, are available and can be downloaded for FREE from our Box ftp site by email request. Please send the email request to NORCALSBS@flatironcorp.com for access to plans & specs on our BOX ftp site. If you would like to speak to an estimator for a specific scope or work, please email us and we can schedule a virtual or in person appointment to review project docs.

Please email ALL Scopes/Quotes to: NORCALSBS@flatironcorp.com

REQUEST FOR SUBCONTRACTORS/SUPPLIERS/SERVICE PROVIDERS

SBE and DVBE Participation Encouraged

Caltrans Contract 02-2K0004

FOR CONSTRUCTION ON STATE IN SHASTA COUNTY NEAR SHASTA FROM 0.4 MILE WEST OF WHISKEY CREEK ROAD TO 0.1 MILE EAST OF LAKE VISTA OVERLOOK. BRIDGE REPLACEMENT AND ROAD WIDENING. In District 02 On Route 299 (Bridge Replacement and Road Widening)

Bid Date: July 23, 2026 at 2:00 PM

Engineer's Estimate: \$87,000,000

This is an Electronic bid submittal

Scopes/Quotes not received by 11:00 AM on July 21st may not be reviewed/evaluated

Flatiron Dragados Constructors, Inc. (FDCI) requests subcontractor/supplier/service participation for the following Items of work, but not limited to: CAS/ Roadway Signs, Bridge Demo, Clear & Grub, AC Paving, AC Dike, Tack Coat, Cold Plane AC, Jt. Seal Assembly, Rebar, Erect Steel Structures, Underground Utilities, Misc. Metal Railing Types, MBGR, Roadway & Concrete Barrier, Striping, Electri-cal, Clean Treat Deck, Class 2 Ag Base, Aggregates, Ready Mix, Concrete Pumping, Furn. Structural Steel/Bridge, Welded Steel Pipe, Misc. Iron & Steel, Misc. Metal, Clean & Paint Structural Steel, Trucking, PTFE Bearings, Street Sweeping, Traffic Control, Treated Wood Waste, Bird Exclusion Devices.

Caltrans Spec Section 2-1.11 IN-USE OFF-ROAD DIESEL-FUELED VEHICLE LIST CARB Certs required from listed Subs.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact FDCI for any as-sistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all firms. FDCI will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compen-sation coverage meeting project requirements. Waiver of Subrogation is required. Please contact FDCI for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. ADVERTISEMENT FOR SUBCONTRACTOR & SUPPLIER BIDS SLBE FIRMS ENCOURAGED TO PARTICIPATE

Rubicon Builders seeks quotes from certified DVBE subcontractors and suppliers for participation in the following project:

Project: Highlands ES - Portables Replacement Project, Increment 1

Project Address: 4141 Harbor St Pittsburg, CA 94565

Bid Date & Time: 07/02 at 2pm

Bidder: Rubicon Builders – 535 W Napa St, Sonoma, CA 95476

Phone: (707)360-1717| Email: estimates@rubiconbuild.com

Rubicon Builders is requesting sub-bids for all applicable trades, including but not limited to:

- Demolition
- Concrete (concrete reinforcing, site concrete)
- Specialties (Identifying devices)
- Electrical (Basic electrical requirements, testing, service and distribution system, basic electrical materials and methods, lighting, site lighting, low voltage lighting control system)
- Earthwork (site preparation and plant protection, earthwork, trenching and backfilling, erosion and sedimentation controls)
- Exterior improvements (Aggregate base courses, asphalt paving and surfacing, seal coat, pavement markings, chain link fences and gates, irrigation, planting)
- Utilities (Storm drainage, surface drainage systems)

Support for Certified Firms:

Rubicon Build, Inc. will provide reasonable assistance to interested subcontractors, including:

- Help in obtaining bonds, lines of credit, and insurance
- Breaking down bid packages into smaller components to facilitate participation
- Providing project information and clarifications as needed

Project Labor Agreement (PSA)

This project is subject to a PSA that all subcontractors must agree to; a copy of the PSA can be found in the specifications.

DIR Registration

This is a prevailing wage job, and all subcontractors must be registered with the DIR.

Construction Schedule

Overall duration 8/3/26-10/6/28

Plans, Specifications & Requirements:

Project documents such as plans, specifications, and any addendums issued can be reviewed with the following link. Please be sure to acknowledge any addendums or drawings necessary.

<https://login.onlineplanservice.com/filter.aspx?BidPackageID=1353560&projectnum=COPS26-01980&bx=COPS&bxup=26-01980>

We strongly encourage participation from all qualified DVBE subcontractors and suppliers. All quotes must be received prior to the bid time listed above.

For more information or to submit a bid, please contact the estimator listed above.

What Construction Experts are Warning About the Industry

Construction trades rely heavily on immigrants (35% vs. 18% for all workers); impact varies greatly by state (1-53%); WA: 29%

Share of construction trade workers who are foreign born by state, 2024

34 | Source: Harvard Joint Center for Housing Studies from Census Bureau, 2024 American Community Survey 1-Year Ests. ©2026 The Associated General Contractors of America, Inc.

Continued from page 1
Branch says data centers, power, healthcare, and AI-fueled megaprojects are growing fast while traditional commercial and education construction is stuck.

Architecture Billings Index remains in a “contraction” state

The AIA Deltek Architecture Billings Index is a regular pulse survey of the AIA’s member architects, and an indicator of non-residential construction spending. The index has slipped from “growth” to “contraction,” and has stayed in that area for most of the past three years.

There is some nuance to this, Branch cautioned. Even though 2023 and 2024 saw increases in construction activity, the Billings Index was still in “contraction.” He explained this is because most of the growth in those years went to manufacturing, warehousing, and data centers; three areas that architects largely do not bill on. Architects, however, do bill on healthcare, education, retail, and traditional office construction, and those categories are still struggling, which is weighing down the average.

The AIA Deltek Architecture Billings Index is a regular pulse survey of the AIA’s member architects, and an indicator of non-residential construction spending. The index has slipped from “growth” to “contraction,” and has stayed in that area for most of the past three years.

There is some nuance to this, Branch cautioned. Even though 2023 and 2024 saw increases in construction activity, the Billings Index was still in “contraction.” He explained this is because most of the growth in those years went to manufacturing, warehousing, and data centers; three areas that architects largely do not bill on. Architects, however, do bill on healthcare, educa-

tion, retail, and traditional office construction, and those categories are still struggling, which is weighing down the average.

When the AIA asked architects in January which factor was most responsible for project delays and cancellations, the top 5 answers were:

- Client Delays/Indecision (20.1%)
- Changing Market Conditions Making Clients Nervous (17.9%)
- Insufficient Budgets (17.5%)
- Financing Issues (14.6%)
- Permitting / Zoning / Approval Delays (7.8%)

“Developers are curious,” Branch said. “They’re asking about building projects. But as soon as they get the cost, as soon as they look at budgets, labor, and financing, they get a case of the yips and either slow the project down or cancel it outright.”

The ‘yips’ is a term often used in sports, referring to an unknown condition that causes talented people to suddenly lose the ability to perform.

There is one bright spot, according to Branch, though: renovation work. Renovations counted for more than half of all architecture billings in 2025, with office (vacancy rates near record highs) and K–12 education (US school buildings, on average, are about 50 years old) leading that charge

How are tariffs and labor really affecting construction costs in 2026?

The effect of tariffs on construction in 2026

Material costs are running well ahead of consumer inflation, and the gap is about to widen. According to Ken Simonson, AGC’s chief econ-

omist for the past 25 years, the producer price index for inputs to new non-residential construction was up 4.4% between March 2025 and March 2026, but the underlying components tell a sharper story:

- **Diesel fuel: Up 51% year over year. According to the BLS, that’s the second-largest single-month increase since they began tracking diesel costs.**
- **Steel mill products: Up 15% year over year**
- **Aluminum mill shapes: Up 34% year over year**
- **Copper and brass mill shapes: Up 21% year over year**

Simonson said most of that has not been passed through to owners yet, but it will have to be.

“Construction, because it’s so dependent on materials and, particularly these ones that are being hit by heavy tariffs, can expect to see much higher costs going forward than many other industries,” he explained.

However, on June 1, 2026, it was announced that President Trump had signed a proclamation to amend certain tariffs on some imported copper, steel, and industrial products, in the hopes of boosting industrial investments stateside. The reductions, changing tariffs on these items from 25% to 15%, are said to stay in effect until December 2027.

The effects of labor on construction in 2026

On labor, survey data from the U.S. Bureau of Labor Statistics (BLS) tells an unexpected story. New hires as a percent of the construction workforce are at the lowest level in the 25-year history of the BLS’ Job Openings and Labor Turnover

Survey (JOLTS). While job openings in the industry are near record lows, so are layoffs. That is unlike previous downturns, per Simonson.

“Contractors aren’t hiring now,” he said. “They’re not even advertising for jobs very much. Nevertheless, they sure want to hang on to the workers who are still there.”

The wage data confirms it. Citing the Construction Labor Research Council, Simonson said union construction settlements averaged 4.7% increases in 2025, up sharply from the 1–3% typical of 2022–2023 contracts. Non-union surveys from PAS show construction firms expecting 4–4.5% pay increases by the end of 2026.

The impact of foreign-born labor in construction in 2026

The immigration picture is uneven by state. In California, Nevada, Texas, Florida, and Maryland, 50% or more of the construction workforce is foreign-born. In several northern-border states, the share is in single digits. Simonson’s commentary on this aspect was blunt.

“Construction relies much more heavily than other industries on immigrant workers. So, we’re very vulnerable to what happens on deportations and immigration enforcement.”

Which construction project types are growing fastest right now?

Industrial, data centers, and multi-residential projects are widely the fastest growing in construction, according to Kristy O’Brien, ConstructConnect’s Director of Content Acquisition. O’Brien determined this by studying project data in ConstructConnect Project Intelligence.
