

Building a Green California: Sustainability and Technology in Construction

Photo credit by www.linkedin.com

In our industry, we like to work hard. But we know it's not always about working harder, but it's about working smarter. That's where tech can help!

As the construction industry continues to evolve, making processes better and more efficient, there's a growing opportunity to utilize tech in our sustainability efforts.

Have a passion for tech? Want to learn how we use it to make our industry better for the Earth? Keep reading for three of the latest and greatest in construction sustainability.

Recycled and Biodegradable Materials

Here's a startling fact: Did you know that concrete, steel, and aluminum — some of our construction building staples — make up 23% of global carbon emissions? At almost a quarter

of emissions from these three materials alone, it's up to our industry to reevaluate our materials, make substitutions, or significantly reduce how much of those materials we use for each project.

We know just how important recycling is in our everyday lives, so it makes sense that it should be a regular practice in construction, too. This is where tech and material produc-

tion find their crossroad. One type of sustainable material is Timbercrete, a lighter form of concrete made from combining sawdust and concrete, developed by ceramic technician Peter Collier, that doesn't sacrifice strength or durability. With cement production producing 8% of global carbon emissions, this is a great eco-friendly swap.

Anything we can do to reduce our contribution to landfills and carbon emissions is a welcome change in our industry.

Sustainable Lighting

Next time you're replacing the lights on your ring lamp, consider reaching for an LED option! It's a simple swap that can make a huge difference. LED lights produce light 90% more efficiently than standard bulbs. With lighting making up 15% of global electrical use, LED should be used whenever possible.

Adding to their benefit, the U.S. Energy Department estimates that widespread usage of LED can save more than \$30 billion in electricity costs. It's good for the environment AND our pockets, so the construction industry is increasing LED usage in designing homes and other building projects.

You can utilize it in your own home, too! Whether you're switching old bulbs to LED or decorating your room with colorful LED light strips, your swap makes a difference.

California's Investment in Future Technologies: A Boost for Jobs and Economy

[Article originally appeared in
<https://startempirewire.com>]

By Sharjeel Sohaib

In a move to expand the state's economic growth and technological advancement, Governor Gavin Newsom announced a significant investment by California in cutting-edge companies today. This initiative, involving an investment of over \$149 million in grants and tax credits, is set to create nearly 6,000 jobs, affirming California's commitment to innovation and job creation.

CalCompetes: Driving Economic Growth

The funding, sourced from the Governor's Office of Business and Economic Development's (GO-Biz) CalCompetes program, targets 12 innovative companies poised for expansion in California. These businesses span various sectors, including semiconductor manufacturing, elec-

tric vehicles, and electric aircraft. The expected outcome is an impressive \$1.3 billion private investment over the next five years, with job creation averaging salaries of \$118,700.

Newsom's Vision for a Thriving California

Governor Newsom expressed his enthusiasm for the project, emphasizing the state's leadership in fostering ingenuity. "Investing in innovation is a proven strategy, and California excels in this domain. The companies we're supporting today are pivotal to the future of our economy, promising thousands of high-paying jobs and substantial economic investment statewide," Newsom stated.

A Decade of Success and Future Aspirations

Dee Dee Myers, Senior Advisor and GO-Biz Director, highlighted the success of CalCompetes over the past decade. "The return of the grant program this year allows us to continue

supporting entrepreneurial companies, ensuring California's innovation economy thrives with family-supporting jobs and substantial state investments," Myers remarked.

Spotlight on Awardees: From AI to Semiconductors

The funding beneficiaries include a diverse array of companies. Joby, a pioneer in electric aircraft, is set to invest over \$40 million, creating 700 jobs in Santa Cruz and Marina. AIBOT, specializing in AI and autonomous electric aircraft, received a \$15 million grant for its Long Beach and Mojave endeavors.

Tynergy is relocating to Fresno with a \$15 million grant in the semiconductor sector, promising 500 new jobs and \$21 million in investments. Infinera, another semiconductor player, will expand its San Jose and Sunnyvale opera-

tions with a \$14 million grant, creating 250 jobs and investing over \$180 million.

Embracing the Future: EV Batteries and Augmented Reality

The investments also extend to next-generation technologies. Sparkz, a lithium iron phosphate battery manufacturer, received an \$11.2 million grant for creating 500 jobs in Rancho Cordova. Snapchat, Helm.ai, and Humane delving into augmented reality and artificial intelligence, are set for expansion in Palo Alto, San Francisco, and the Bay Area.

Payment and performance bonds may be required. Please contact us at the above listed number for further information regarding bidding on this project. To the best of our abilities, we will help with bonds/insurance/credit. Plans are available for viewing at our office.

We Are An Equal Opportunity Employer

REQUEST FOR Sub-Proposals from Certified DBE Firms
Project Name: Inland Rail Trail Phase 3B Bikeway
Solicitation No. SOL1224667
Owner: SANDAG
DBE Goal: 21%

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors) : Electrical, Traffic Signal (Traffic Loop), Asphalt Paving/Dikes, Retaining Walls, Minor Concrete (Structures), Fencing, CMU, Light Weight Cellular Concrete, Clear & Grub/ Tree Removal, Landscape, Signage & Striping, Shotcrete, Reinforcing Steel, CCTV, Surveying, Quality Control, Tree Removal, Sawcutting, Modular Block Wall, Job Coordinator, Street Sweeping, Trucking

(Suppliers): RCP, Ready Mix Concrete, Aggregates, BMP Materials/ Erosion Control, Geogrid, Misc. Metals, CMU Blocks, Shoring, Signage, Catch Basins, Waterworks, Precast Wheel Stops, Truncated Domes, Precast Grade Rings, Trash Receptacles, Welded Wire Fabric, Architectural Liner, PVC

Project Scope:

The work consists in general of constructing approximately 1.1 miles of a Class I bicycle facility, located between Civic Center Drive and Mar Vista Drive, in Vista, CA. The Class I bikeway is an 8-foot to 10-foot-wide multiuse bike path that is located mostly within the existing North County Transit District Right-of-Way, parallel to the railroad tracks. This bike path will connect to existing sidewalks or bike paths. Work will include grading, retaining walls, drainage improvements, cold milling asphalt concrete, crushed aggregate base, asphalt concrete paving, landscaping and irrigation, lighting, black chain link fence and gates, water quality swales, signing, and pavement delineation. The additive alternative work is for the CCTV system.

REVISED BID DATE: January 9th, 2024 at 2:00PST/PDT

REYES CONSTRUCTION, INC.

Email quotes to jmiranda@shimmick.com. Please submit your quotes no later than December 19th @ 11am.

Shimmick Construction Company, Inc. is requesting quotes from DBE (including MBE, WBE, and SBE) subcontractors and suppliers in the following scopes of work (including, but not limited to):

Hydroseeding; Aggregate Base; Aggregate Subbase; Concrete Base; Concrete Pumping; Paving Asphalt; Groove & Grind Pavement; Sound Wall; Reinforcing Steel; Steel Structures; Welded Steel Pipe; Sewer Manhole; Concrete Curb & Sidewalk; Misc. Bridge Metal Pumping Plant Metal; Land Surveyor; SWPPP Planning; Trucking; Carpentry; Roofing; Masonry; Floor Covering; Plumbing; Fire Protection; Painting Structures; Door Installation Services; Heating & Air Conditioning; Insulation; Siding, Stucco, Veneer; Aerial/Photogrammetric Mapping Services; Safety Equipment Supplier; Petroleum, Oil & Lubricants Supplier; Sand & Gravel Supplier; Asphalt Supplier; Concrete & Cement Supplier; Reinforcing Bar Section Supplier; Steel Supplier; Doors & Frames Supplier; Lumber Supplier; Pipe Supplier; Drainage Systems Supplier; Storm Water Systems Supplier; Fencing Supplier; Electrical & Signals Supplier; Glass & Glass Block Supplier; Building Material Supplier; Tools Supplier; Construction Staking Supplier; Construction Equipment Rental; Heavy Equipment Rental; Electric Distribution Equipment; Electrical Industrial Apparatus; Electric Lighting & Wiring Equipment

Plans and specifications for this project may be downloaded free of charge via Public Purchase using the following link: <https://www.publicpurchase.com/gems/bid/bidView?bidId=179246&sso=b3de68f89e0f118c5e8e169cd9a4ac75&sso=0748b1087c9502730f7eedcc53c5503b>

You may also contact Jamie Miranda at jmiranda@shimmick.com for access.

Should you require assistance with your bid, please contact our lead estimator Brian Guerini at bguerini@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick Construction requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Devin Nordhagen at devin.nordhagen@shimmick.com.

This project is subject to the Davis-Bacon Act, the Build America, Buy America Act for iron, steel, manufactured products and construction materials used in the project, and federal Disadvantaged Business Enterprise (DBE) regulations.

Request for LBEs Subcontractors and Suppliers for
Project: Sunol Valley Chemical Facility Improvements
Contract No: WD-2893
Bid Date: Thursday, December 14th, 2023 • Bid Time: 2:00 PM

The objective of the project is to rehabilitate the Sunol Hydrofluoric Acid (HFA) Facility, provide system integration of the Dechlorination Facility, replace the chemical metering pumps at the Sunol Valley Chloramination Facility (SVCF), and upgrade the main PLC at SVCF. The work is to be performed in Alameda County, California. SFPUC has determined, in accordance with Cal. Public Contract Code §3400, that certain items are “without equal” – refer to Section 00 21 13 (Instructions to Bidders), “Questions on Bid Documents, Addenda, Substitutions.” The Engineer's estimate is \$8,500,000. The contract will be awarded to the responsible Bidder submitting the lowest responsive bid.

Seeking all trades (but not limited to): Shoring, Concrete Demolition, Mechanical Demolition, Concrete Construction, Fiberglass Reinforced Grating, Concrete Patching and Repair, Mechanical Work – Dewatering, Pipe Cleaning, Chemical pumps, Chemical Feed Lines, Electrical – Demolition, Installation, Integration, Instrumentation & Controls, Trucking, Welding, Plumbing, Concrete & Coring, and other required work and trades.

Plans, specifications, and requirements can be viewed at our office or by using the link below. Please note that a confidentiality agreement is required for this project.
<https://webapps.sfpuc.org/bids/DocList.aspx?bidid=4464>

Please review all documents. By submitting a proposal your company agrees to Anvil Builders Inc standard subcontract. For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to estimating@anvilbuilders.com / 415-285-5005.

REQUEST FOR QUOTES FROM CERTIFIED MBE/WBE

Town of Paradise Public Works Department
Progressive Design Build Services for The Paradise Sewer Project
No. RFQ 2023-9394-01
Engineers Estimate: \$233M
Bid Date: December 15, 2023
QUOTES DUE: December 12, 2023 at 12:00 p.m.

We are soliciting quotes for the following items of work - including, but not limited to: AutoCAD/Drafting Services, Environmental Monitoring, Geotech Drillers/Boring, Potholing, Scheduling Services, Soil Lab Analysis, Surveying, SWPPP Planning, Traffic Control, Utility Investigation Service-Ground Penetrating Radar.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, lines of credit, insurance, equipment, materials and/or supplies. Provide scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess and provide current contractor's license number and DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms and conditions. Copies are available for review on our Box.com ftp site upon email request.

Project documents may be downloaded from the Town of Paradise, Public Purchase website <https://www.townofparadise.com/pwe/page/current-bid-notices-contractorsconsultants>, or they may also be downloaded for FREE from our Box ftp site. Please send an email request to NORCALBIDS@flatironcorp.com

CLEVELAND, OHIO SUB-BID REQUEST AD

Amtrak expansions to Cleveland win funding

[Article originally appeared in <https://neo-trans.blog>]

By Ken Prendergast

U.S. Senator Sherrod Brown announced today that the U.S. Department of Transportation’s Federal Railroad Administration (FRA) has selected four key routes in Ohio as priorities for Amtrak expansion and directed \$500,000 to draw up construction-ready plans for each. Once those plans are finalized, then those routes would be eligible to apply for federal construction funding.

Two of those routes affect the Greater Cleveland metropolitan area — Cleveland – Columbus – Dayton – Cincinnati (3C&D) and Cleveland – Toledo – Detroit. Elsewhere in Ohio, a route linking Chicago – Fort Wayne – Lima – Columbus – Steubenville – Pittsburgh (Midwest Connect) and expansion of thrice-weekly service to daily on Amtrak’s Chicago-New York City “Cardinal” route through Cincinnati and Oxford, OH were also awarded Service Development Plan funding by the FRA today. In planning parlance, all four include “corridors” or service on short-distance routes of less than 750 miles. The Cardinal route also serves the heavily traveled Chicago – Indianapolis – Cincinnati corridor.

On the four routes selected, Brown said the State of Ohio, Amtrak, and metropolitan planning organizations will now begin corridor development efforts, which include the preparation of a service development plan. As part of the expansion efforts, the FRA will provide \$500,000 to each announced corridor for planning under the Corridor Identification program. The investments are made possible by the Bipartisan Infrastructure Law that Brown helped write and pass, he noted.

“Today’s announcement is a great first step toward expanding Amtrak in Ohio,” said Brown in a written statement. “Good Amtrak service shouldn’t be a privilege only for people on the coasts. These new routes would expand opportunity, help grow businesses and create jobs, and connect communities in Ohio and across the Midwest. I fought for the investment to make Amtrak expansion in Ohio possible – and I will keep fighting to make sure that Ohio receives these critical infrastructure projects.”

In addition to the investment for planning, the Ohio corridors will receive priority in future funding competitions. The selected Ohio corridors will identify necessary capital construction projects to initiate or expand passenger rail service in the corridor’s service development plan, and those projects will receive priority funding in FRA’s Federal-State Partnership – National (FSP-N) Program. \$2.4 billion is available per year for fiscal years 2022 through 2026 for the FSP-N program under the Bipartisan Infrastructure Law, and the Ohio corridors can apply for assistance from additional federal programs.

“I am thrilled the United States Department of Transportation and the Federal Rail Administration have selected the Cleveland-Sandusky-Toledo-Detroit corridor for the first round of funding in expanding and improving passenger rail service,” said U.S. Rep. Marcy Kaptur (D-9) in an e-mail to NEOtrans. “Northern Ohio’s connections to Chicago, Pittsburgh, Canada, and beyond will be enhanced because of the Bipartisan Infrastructure Law. Transportation infrastructure can connect communities and change lives, and I am glad to have fought for this bipartisan funding that will help us to imagine a new transportation future for our region.”

Applications for two of the selected corridors — 3C&D and Cleveland – Toledo – Detroit — were sponsored by the Ohio Rail Development Commission (ORDC), an entity within the Ohio Department of Transportation, with the endorsement of Governor Mike DeWine. The Columbus-based metropolitan planning organization Mid-Ohio Regional Planning Commission (MORPC) helped sponsor the Midwest Connect corridor, and Amtrak sponsored the Cardinal application. The latter two were submitted with the support of the Indiana Department of Transportation. Michigan’s Department of Transportation supported the Cleveland – Toledo – Detroit route.

“Thanks to every federal, state, city, MPO (metropolitan planning organization) and non-profit advocacy partner who advocated for Amtrak’s Ohio and Midwest north, west, east and south connections,” said Cuyahoga County Executive Chris Ronayne. “It takes a team. Way to go, Ohio!”

“Great to see these priority Amtrak expansions for Cleveland and Ohio,” said Greater Cleveland Partnership President and CEO Baiju Shah. “An ‘All-In’ effort led by Senator Sherrod Brown and our federal delegation and supported by many partners.”

The organizations which requested federal funding had to pledge matching dollars which they would raise. ORDC Executive Director Matt Dietrich opened an e-mail requesting his comments on the award but had not responded prior to publication of this article.

“Providing improved and new passenger rail service in Ohio, starting with the four corridors that were chosen by the four FRA Grants, will get Ohio ‘on track’ to reduce congestion, transform our state’s economy and improve mobility for all Ohioans,” said Erin Rosiello, chair of the nonprofit rail and transit advocacy association All Aboard Ohio. “All Aboard Ohio is thankful that four of the six corridors were chosen for our state to receive the first stage of grants and we are ready to continue our advocacy work to see the process through the three stages of grants in the corridor identification program, to bring the state to building out these corridors.”

Success Stories

Leavened Bakery

[Article originally appeared in <https://makeitincleveland.org>]

Leavened, is a startup Bakery that will be opening in the Tremont Community. Leavened will offer a range of artisan-style breads and pastries produced fresh daily in their new location. They will also sell coffee, espresso, and a variety of other drinks, to increase business and foot traffic. The Bakery will also immediately offer wholesale bread and pastries for sale to local restaurants and markets.

Leavened will be occupying approximately 2,000 square feet of leased space in the newly constructed Tappan Building located at 2639 Scranton Road. The new space will include a semi-opened kitchen and seating for customers. In order to assist with the startup costs of the business, the City provided a \$100,000 EDA Title IX loan to offset the costs to purchase equipment, furniture, and fixtures. The total project costs is estimated at \$321,625 and the Bakery is committed to creating 2 new full time jobs with an estimated payroll of \$60,000.

Il Rione Pizzeria

[Article originally appeared in <https://makeitincleveland.org>]

Il Rione Pizzeria, LLC set out to be a new pizzeria in the Gordon Square Neighborhood in 2017. Co-founders Brian Holleran and Brian Moss plans were to renovate a 1,500 square foot retail storefront at 1301 W. 65 th Street which had previously sat vacant. Until the 1950s, the building functioned as an old billiard hall and tavern with one apartment.

The partners requested a loan in the amount of \$40,000 from the Neighborhood Retail Assistance Program to partially assist with the build-out of the vacant space, acquire furniture and fixtures, restaurant equipment, signage and soft costs. Total project costs were estimated to be \$103,000. The project also included assisting with financing some exterior building improvements to include lighting, driveway and sidewalk repairs.

Il Rione now offers a “New York/New Jersey-style flatbread pizza” that the partners perfected over the previous few years prior to their 2017 grant opening.

December 1, 2023 (Issued)

Responses must be received December 28, 2023,
no later than 2:00 p.m.

The Oakland Unified School District (“District”) is requesting proposals from experienced firms, partnerships, corporations, associations, persons or professional organizations (“Consultants”) to provide electrical engineering services at various school sites (“Project”). Interested firms are invited to submit a Statement of Qualifications (“SOQ”) and a detailed Fee Proposal (collectively “RFQ/P Packet”) as described below of the requested materials with a cover letter addressed to:

Oakland Unified School District
Kenya Chatman, Executive Director of Facilities
Department of Facilities Planning and Management
955 High Street, Oakland, CA 94601

Oral, telegraphic, facsimile, or telephone RFQ/P Packets will not be accepted. RFQ/P Packets received after this date and time will not be accepted. The District reserves the right to waive any informalities or irregularities in the RFQ/P Packets. The District also reserves the right to reject any and all RFQ/P Packets and to negotiate contract terms with one or more Respondents.

The District will only accept electronic Proposals sent via email in lieu of hard copies. Proposals received by the District no later than 2:00 PM (Pacific Time) on December 28, 2023 via email will be accepted (to Juanita Hunter at juanita.hunter@ousd.org and the contact persons below).

If you have any questions regarding this RFQ/P and/or submitting proposal electronically, please email Kenya Chatman at kenya.chatman@ousd.org and cc: to Colland Jang at colland.jang@ousd.org

LOCAL, SMALL LOCAL AND SMALL LOCAL
RESIDENT BUSINESS ENTERPRISE PROGRAM

District Modification: Based on the availability analysis conducted for this specific professional service, the District has reset the LBU Requirement which may be met with a modified 25% Cumulative Local Business Participation (inclusive of Small Local Business Enterprise (SLBE) and/or Local Business Enterprise (LBE) Participation).

The Local Business Utilization Policy requires that there is a mandatory fifty percent (50%) LBU participation with a 25% or less Local Business (LBE) participation and a 25% or more Small Local or Small Local Resident Business (SLBE/SLRBE) participation for all capital program/construction-related contracts and professional services agreements. (See District Modification for this RFQ/P above).

On April 28, 2021, the Board of Education amended the Local Business Policy which had named the City of Oakland as the singular agency to certify local businesses to include five additional local business certifications. For businesses located in Oakland, Local Business and Small Local Business certifications may also be accepted from the Port of Oakland, Alameda County Transportation Commission, Alameda County Department of General Services, US Department of Transportation California Unified Certification Program, and the California Public Utilities Commission.

The District will follow the City of Oakland Small Business size standards in recognizing Small Local and Small Local Resident Businesses.

The full version of OUSD’s latest Local, Small Local and Small Local Resident Business Enterprise Program can be found by going to the OUSD home page: ousd.org> Offices and Depts> Facilities> Facilities Planning & Management Department (Visit Website)> Work with the District (Opportunities)> Local Business Utilization LBU Policy> 2021 LBU Board Policy Amendment

Complete the attached Local Business Participation Worksheet (Exhibit D).
