

The Road Ahead: Forecasting Construction Spending in 2026

Image credit by www.devooghthouselifters.com

[Article originally appeared in
<https://constructionexec.com>]

By David McMillin

What's in store for spending on construction in 2026? Economists sift through the good, the bad and the ugly signals for the new year.

If you looked at your investment portfolio in 2025, chances are you had a reason to smile. At the time this story went to print, the S&P 500 had recently recorded another all-time high—its 35th of the year. While the year included plenty of cause for celebration on Wall Street, it doesn't feel like much of a party elsewhere.

“Coming into the year, the economy was adding jobs briskly, the labor force was growing and consumer spending looked strong,” Anirban Basu, Associated Builders and Contractors' chief economist, tells Construction Executive. “Today, we have much slower job growth, and spending growth is disproportionately driven by high-income households.”

Eric Gaus, chief economist at Dodge Construction Network, says the data shows a continuing struggle to get parties to invest and actually break ground on

new projects. That makes him “increasingly pessimistic” about the next 12 months, pointing to more headwinds than tailwinds for contractors. “The longer the uncertainty hangs over the economy, the longer people are slow rolling, and everything backs up,” Gaus says.

When will that uncertainty lift? Will the upheaval of tariffs finally calm down? Where are the biggest opportunities waiting right now? What lessons should leaders take away from the last year? Three leading economists weigh in on what's in store for the next 12 months and how to prepare for the road ahead.

AI: The Engine of the 2026 Economy

While the future impacts of AI are uncertain, one thing is clear: Its processing needs will play a critical role in the construction industry's success in 2026. UBS estimates that global AI spending will jump to 0 million in 2026—up from 5 million in 2025. Some of that investment will include ongoing hyperscale projects such as Meta's four-million-square-foot data center in Louisiana and Tract's 1,500-acre mega campus in central Texas, but smaller data centers will

Where Rebuilding Begins: Announcing the Make It Heal Student Challenge

[Article originally appeared in
Autodesk Construction Cloud Blog,
<https://construction.autodesk.com>]

By Kellyanne Mahoney

Across North America, contractors and communities are facing a dual challenge: a rising frequency of climate-driven disasters and a critical shortage of skilled workers ready to rebuild. Nonetheless, this gap presents an enormous opportunity for emerging talent, especially students who are eager to apply creativity, engineering, and empathy to solve real problems in their communities.

Whether responding to wildfires in California or rising sea levels on the East Coast, builders are adapting quickly and turning to digital tools, advanced fabrication, AI-supported design, and new forms of cross-sector collaboration to meet the accelerating demands of recovery. Resilience is now a fundamental component of how we design and build.

Autodesk's latest Design & Make It Real: Make It Heal program is meant to help students step directly into this moment. Part design challenge, part workforce pathway, part storytelling platform, Make It Heal empowers learners to explore how construction, technology, and human-

centered design can create spaces that support recovery, dignity, and belonging after disaster.

And it all begins with a single question: What if the built environment could be part of the healing?

A new chapter in Design & Make It Real

Launching this week, Make It Heal invites secondary and post-secondary students across the U.S. and Canada to imagine structures that help communities move forward after transformative events. For instance, students may design a school rebuilt after a flood, a community center that anchors residents after a devastating storm, a healing garden for trauma recovery, or a modular public shelter designed for speed, dignity, and resilience.

The Make It Heal starter model is a “kit of parts” designed in Autodesk Tinkercad (left) that shows how students can rapidly explore concepts using simple geometric components. The starter kit also guides learners through taking these early ideas into Autodesk Forma (right), where they can test their design on a real site, analyze context, and refine it for climate resilience.

The challenge distributes over \$75,000 in scholarship awards and prizes, with categories that reflect real-world AECO skill sets:

- **Design:** digital design, CAD/BIM fluency, data-informed visual storytelling, city planning
- **Make:** hands-on building, prototyping, construction methodology
- **Start With Tinkercad:** concept exploration in Autodesk Tinkercad evolving into Autodesk Forma or Autodesk Fusion

For many students, this competition will serve as their first introduction to STEM digital workflows and interdisciplinary collaboration shaping the future of architecture, engineering, construction, and operations (AECO)—skills that correlate directly with growing workforce needs.

But Make It Heal is more than a contest. It is the foundation of a larger storytelling effort, including a new four-part film series starring New England pro quarterback and aerospace engineer Joshua Dobbs, who has become a vocal advocate for connecting STEM skills to purpose-driven

Forecasting Construction Spending in 2026

Continued from page 1

also play a big role in fueling construction. Data from ABI Research forecasts an uptick of more than 350 colocation data centers in North America by 2030. Firms with expertise in data center construction are feeling pretty good right now. Basu points to a recent survey of ABC members showed that those associated with data centers had an average backlog of 12 months—four months longer than firms that are not involved in building those massive facilities.

“The Microsofts, Googles and Metas of the world have incredible amounts of free cash, and they can pour that into data center construction if they would like,” he says. “That’s a bit of a concern, because what happens if those companies investing tens of billions of dollars in data centers don’t return the rates on investments that they expect to return?”

Basu highlights the potential for a bubble due to AI-related companies including chip manufacturers that have enjoyed soaring valuations in recent years—valuations that have played a role in all those record highs on Wall Street. Additionally, he points to the possibility that some firms may determine that they are overspending and failing to deliver the return they expected. Gaus expects some

clear winners to eventually emerge—but some losers to struggle along the way.

“We’re talking about investment into really a new technology—sort of a whole new world,” Gaus says. “Whenever that happens, you usually get lots of different players and many of them fail. Will there be a fallout at some point? Probably. Given how much money it takes to actually make these large language models as good as they are, there are probably going to be some big companies that are not going to succeed.”

Still, while Gaus acknowledges that some of the dollar amounts in AI are “eye-watering,” he doesn’t have big concerns about a bubble. He points to a relatively small amount of leverage behind the deals, and more importantly, he says that the technology appears to be truly positioned to achieve its full potential. “The fundamentals of what AI is capable of seem to be just fine,” he says.

Even for construction companies that aren’t involved in the building surge in data centers, those fundamentals may prove to be a key ingredient in fueling the next chapter of success. “We might be on the cusp of a productivity boom,” Basu says.

Inquire about Bonding assistance

CWS Construction Group INC.
Invitation to bid as Subcontractor, supplier or vendor

Certified DVBE, DBE, MBE, SBE, LBE, WBE, OBE Contractors are encouraged to bid.

Subtrades Needed: Demo, Rough Carpentry, Thermal and Moisture Protection (joint sealants), Finishes (drywall, resinous flooring, and painting), Specialties (signage, toilet compartments, toilet/bath/laundry accessories), Sports Equipment, Plumbing, Electrical, Earthwork, Exterior Improvements (concrete, synthetic turf, track surfacing, fencing, irrigation), Utilities

Project Name: Abraham Lincoln High School Field Replacement Project

Bids Due: January 22nd, 2026 at 2:00 P.M

Scope Of Work: The project scope is to upgrade the existing athletic facilities including: new synthetic turf field, track repair and refinishing, long jump improvements, scoreboard replacement, fence refinishing with partial replacement of mesh fabric, new drinking fountains in existing locations, improvements to existing accessible components in two restrooms - restroom renovations in Building B and East Field House, and new accessible van parking stall. No change in use nor occupancy.

Bid Documents: <https://www.dropbox.com/scl/fo/wq0cw277d0ve3pon6vsvy/Alz6BEQk7Ff6Q5T2rg7j6k?rlkey=lfwkurgixm4570ne1wkvtfg&st=wzcrxusb&dl=0>

Participation Goals: DVBE, DBE, MBE, SBE, LBE, WBE, OBE

CWS is capable of providing assistance in obtaining bonds, lines of credit and insurance.

Please Contact Charlie Slack at estimator@cwsconstructiongroup.com for contract documents.

Announcing the Make It Heal Student Challenge

Continued from page 1

building.

Inside the Make It Heal film series

In the Make It Heal film series, Josh Dobbs travels from wildfire-struck neighborhoods in Los Angeles to the Autodesk Technology Center in Boston, where he meets with students, educators, and builders who are redefining what it means to design and make with resilience in mind.

Dobbs, whose background bridges professional sports and aerospace engineering, brings a unique perspective to this exploration of recovery and innovation.

In the opening episode, filmed along the shoreline at dusk, Dobbs reflects: “In one moment, it all can be taken away from you. You can’t undo the past—but you can choose what happens next.”

His journey leads him to students at California State University, Northridge, who are learning

how The Foothill Catalog Foundation (TFCF), a local nonprofit of building professionals, uses outcome-based BIM to create a catalog of pre-approved home designs that streamline rebuilding for LA residents. While all catalog designs are produced and vetted by licensed volunteer architects, TFCF also engages with students to gather early-stage ideas and expand thinking around how designers can support communities recovering from disaster.

Later, in Boston, Dobbs steps inside the Autodesk Technology Center, where robotics, simulation, and fabrication tools demonstrate how the industry is preparing to future-proof against natural disasters. He meets with leaders from DPR Construction, who show how immersive modeling and AI-driven planning are transforming how they deliver complex healthcare projects.

“We’re not just building for today—we’re building for impact,” says Steve Sheahan, Northeast Region Healthcare Core Market Leader at DPR

Construction. “Technology helps us see the full picture before we ever break ground.”

For Keyshawn Kavanaugh, a young carpentry apprentice featured in the series, access to digital tools was transformative. He said, “The first time I walked through a building in VR, it clicked. I thought—oh. I get it now. I can build this.”

From Los Angeles to Boston, the films reveal a powerful truth: when people have the tools and support to design their future, they also gain the ability to rebuild what matters most.

A challenge designed for impact

In the Make It Heal challenge, students will identify a site affected by a disaster and propose a structure that supports emotional, physical, or social healing.

Successful submissions will:

- incorporate **human-centered design** principles, including biophilic and trauma-informed elements for restorative purposes

- explore **sustainability, climate resilience, and environmental analysis**
- consider **efficiency and affordability** through innovations like off-site manufacturing
- communicate clear **design intent** through visuals, narrative, and community context
- use Autodesk tools such as **Tinkercad, Fusion, Forma, and Revit**

Students may work individually or in teams of up to five. To find inspiration from past innovators, you can explore the stories of last year’s finalists—eight student designers whose affordable-housing solutions reimagined what belonging can look like in the built environment: Building Belonging: 8 Student Designers Reimagining Affordable Housing.

CALIFORNIA SUB-BID REQUEST ADS

Glosage Engineering Inc.

GENERAL ENGINEERING CONTRACTOR

Glosage Engineering Inc.
590 S 33rd St. Richmond, CA 94804

DBE Subcontractor Requested for:

Oro Loma Sanitary District - Sewer Collection System Pipeline Rehabilitation and Replacement Project Phase 9

BID DATE: on 01/13/2026 at 2:00 p.m.

Email quotes to guzmanrcrp@outlook.com or frontdesk@glosage.com

General Project Description:

Phase 9: The project work is generally described as: the replacement of 16,014 linear feet of 6 and 8-inch vitrified clay pipe (VCP) with 8-inch high density polyethylene pipe (HDPE); 1,384 linear feet of 8-inch VCP with 10-inch HDPE pipe; and the reconnection of all laterals and re-channelization of all manholes, as shown on the plans and specifications.

Glosage Engineering, Inc. is seeking Certified DBE suppliers. If interested, please email Luis Guzman at guzmanrcrp@outlook.com

You may contact Luis Guzman at 510-815-4505 or guzmanrcrp@outlook.com or frontdesk@glosage.com to get on our subcontractor list. Should you require assistance with the bid or have any questions please feel free to reach out.

Steve P. Rados, Inc.

CONSTRUCTION SINCE 1922

Our firm, An Equal Opportunity Employer, is requesting quotations from all qualified Certified WBE, DBE, SBE, MBE sub-contractors and/or material suppliers to submit bids on the following project:

CITY OF LOS ANGELES
DEPARTMENT OF WATER & POWER

Western Trunk Line – Phase 2A

(Western Ave between 59th St. & Century Blvd., Los Angeles, CA)
(IFB No. 8070)

Revised Bid Date: January 8, 2026 @ 2:00 P.M.

Email: bid@rados.com

Sub-Trades Suppliers Needed For The Following Work (but not limited to): SAND & GRAVEL SUPPLIER, STEEL SOLDIER PILES, PIPE SUPPLIER, TRAFFIC CONTROL MATERIALS, CONSTRUCTION AREA SIGNS, TEMPORARY BARRIER SYSTEM, PLANE ASPHALT CONCRETE, DEVELOP WATER SUPPLY, PIPELINE, DRAIN INSPECTION & CLEANING, AGGREGATE BASE, ASPHALT CONCRETE PAVING, SOIL STABILIZATION, REINFORCING STEEL, PAINTING/COATINGS, DUCTILE IRON PIPE, WELDED STEEL PIPE CASING, WELDING CONTRACTOR, CLAY SEWER PIPE, CONCRETE CURB/GUTTER/SIDEWALK/RAMP-MISC, SAW CUTTING, PAVEMENT MARKING & STRIPING, ELECTRICAL AND INSTRUMENTATION, MATERIALS TESTING SERVICES, INSPECTION SERVICES, LAND SURVEYOR, ENVIRONMENTAL – WATER QUALITY, SWPPP PLANNING, TRAFFIC CONTROL PLANS, SUPER 10 DUMP TRUCK, STREET SWEEPING TRUCK, CONSTRUCTION EQUIPMENT RENTAL, SHORING, CONSTRUCTION, CATHODIC PROTECTION, PHOTOS/VIDEO RECORDING, POTHOLING

NAICS:

212321, 237110, 237310, 238120, 238190, 238210, 238320, 238910, 238990, 327390, 423510, 423990, 484220, 488490, 532412, 541370, 541380, 541620, 541990, 561612

S.P. Rados, Inc. is a Signatory Union Contractor. Subcontractors will be required to abide by the terms and conditions of the AGC Standard Long Form Subcontract incorporating prime contract terms and conditions, including payment provisions & insurance requirements. S.P. Rados, Inc.'s listing of a subcontractor is not to be construed as an acceptance of all the subcontractor's conditions or exceptions included with the Subcontractor's price quote. Subcontractors will be required to provide a payment & performance bond from an approved surety company for 100% of the subcontracted work. S.P. Rados, Inc. will pay bond premium up to 1.5% (optional).

Please be advised, Contractors and Subcontractors must register with the D.I.R. (Department of Industrial Relations) in order to bid on public works projects. Registration with the D.I.R. costs \$300 and covers the fiscal year (July 1 to June 30th). To verify status of your D.I.R. number, please visit: <http://dir.ca.gov/Public-Works/Contractors.html>.

Assistance is available in obtaining bonds, lines of credit and/or insurance. We will consider dividing total requirements when economically feasible into smaller tasks or quantities to permit participation by WBE, DBE, SBE, MBE in the competitive process. We will assist in obtaining necessary equipment, supplies, materials & related assistance or services. S.P. Rados, Inc. requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation.

Plans and Specifications are available free of <https://stevepradosinc.sharefile.com/d-s5f947dc89495445181b9b5e8dd3f4062> also available for viewing at 2002 E. McFadden Ave., Ste. 200, Santa Ana, CA 92705 call our office to schedule a review of the plans and specifications (714) 835-4612.

CEC – Shimmick Joint Venture
An Equal Opportunity Employer
20 Happy Valley Road • Pleasanton, CA 94566

CMD certified San Francisco Micro, Small-LBE and Disadvantaged Business Enterprises (DBEs), and Non-DBE Subcontractor/Supplier/Service Providers Bids Requested For:

San Francisco Public Utilities Commission
Folsom Area Stormwater Improvements – Harrison/Treat Box Sewers and Connecting Auxiliary Sewers
Contract No. WW-719CR

BID DATE: Thursday, January 22nd, 2026 at 2pm

QUOTES DUE DATE: Tuesday, January 20th, 2026 at 5pm

LBE Requirement: 20%
Total Project Value: \$160M

Email quotes to jmiranda@shimmick.com

Bid Items: CEC – Shimmick Joint Venture is requesting quotes from certified LBE and DBE subcontractors and suppliers in the following scopes of work, including, but not limited to, the following. Non-DBE/LBE firms are encouraged to bring 2nd tier certified LBE and DBE participation. Please reach out to the lead estimator listed below for more details on scopes needed:

Excavation; Shoring; Soldier Piles; Dewatering; Trucking; Ready-Mix Concrete; Rebar; Dowel Drilling; Waterstop; Formwork; Concrete Pumping; Sewer & Storm Pipeline; Manholes; EFWS Work (Welding, Valve/Hydrant); Dry Utilities; Paving; Sidewalks; Striping; Demolition; Traffic Control; Decking; Sawcutting; Coring; Steel Fabrication; Sluice Gates; Erosion Control; Survey; Soils Testing; Instrumentation; BIM Modeling; Hauling and Disposal; Overhead Catenary System Foundations, Poles & Cable Work; Electrical Sign; Fencing; Backhoe Service; Sanitation Systems; Well Drilling; Hazardous Materials Contractor; Tree Service; Scaffolding Contractor; Pipe Supply; Site Security; Vibration Monitoring; SWPPP; Quality Control; Material Testing; Water Trucking; Street Sweeping; Flatwork; CLSM; Aggregate; Select Fill Material; Landscaping; Potholing; Tie-Down Anchors.

All items of work listed above are made available, even items of work normally performed by CEC – Shimmick Joint Venture. Please contact the lead estimator for assistance with breaking down items of work into economically feasible units, assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or any additional assistance. CEC – Shimmick Joint Venture's listing of a Subcontractor is not to be construed as an acceptance of all the Subcontractor's conditions or exceptions included with the Subcontractor's price quote.

Plans and Specifications: Plans and specifications are available via SFPUC's website <https://webapps.sfpuc.org/bids/bidDetail.aspx?bidid=4560>. You may contact Jamie Miranda for a download link at jmiranda@shimmick.com.

The Bid Documents are also available for inspection at SFPUC Contractors Assistance Center. Please visit <https://sfpuc.org/construction-contracts/contractor-assistance/contractors-assistance-center> for additional information.

Shimmick Contacts: Should you require assistance with your bid, please contact our lead estimator Craig Orr at corr@shimmick.com.

Additional Information: 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. For assistance with bonding, insurance or lines of credit contact Todd Yoder at todd.yoder@shimmick.com.

Bidders are alerted to the City's surety bond program, which assists LBE contractors in obtaining bonding and financing for contracts awarded by the SFPUC. For further information regarding enrollment eligibility and program services contact Jennifer Elmore at (415) 217-6578.

This advertisement is part of a good faith effort for DBE firms. All subcontractors must possess a current contractor's license and Public Works Registration number (DIR).

Shimmick Construction Company, Inc.

DBE, MBE and WBE Subcontractor/Supplier Bids Requested For:

City of Daly City
Vista Grande Drainage Basin Improvements
REVISED BID DATE: Friday, February 6th, 2026 at 2pm
Quotes Due: Thursday, February 5th @ 5pm

Total Project Value: \$135M

Email quotes to jmiranda@shimmick.com and smullaney@shimmick.com

Bid Items: Shimmick Construction Company, Inc. is requesting quotes from certified DBE, MBE and WBE subcontractors and suppliers in the following scopes of work, including, but not limited to, the following. Please reach out to the lead estimator listed below for more details on scopes needed:

Construction Area Signs; Traffic Control System; Traffic Flagger; Clearing & Grubbing; Develop Water Supply; Grading; Structure Excavation; Structure Backfill; Imported Borrow; Highway Planting; Rock Blanket; Hydroseeding; Erosion Control; Temporary Erosion Control; Pipeline, Drain Inspection & Cleaning; Aggregate Base; Concrete Pumping; Asphalt Concrete; Paving Asphalt; Place Asphalt Concrete Dike & Misc.; Furnish & Drive Piling; Drilled Hole; Concrete Structure; Minor Concrete Structure; Concrete Surface Finish; Erect Precast Structure; Joint Seal – Water Stop; Reinforcing Steel; Air-Blown Mortar; Waterproofing; Roadside Sign; Clean & Paint Steel; Reinforced Concrete Pipe; Filter Fabric; Permeable Material; Plastic Pipe; Welded Steel Pipe; Welding Contractor; Reinforced Concrete Sewer Pipe; Sewer Manhole; Rock Slope Protection; Air-Blown Mortar; Concrete Curb & Sidewalk; Misc. Iron & Steel Frame, Cover & Grate; Directional Boring/Drilling; Fencing; Temporary Fencing; Environmental; Materials Testing; Survey; Geotechnical Engineering; SWPPP Planning; Trucking; Hazardous Waste Trucking; Crane Work; Door Installation; Landscaping; Construction Clean-Up; Sandblasting; Equipment Rental; Safety Equipment Supplier; Oil & Lubricants Supplier; Sand & Gravel Supplier; Piling Supplier; Concrete & Cement Supplier; Reinforcing Bar Supplier; Steel Supplier; Lumber Supplier; Pipe Supplier; Drainage Systems Supplier; Storm Water Systems Supplier; Fencing Supplier; Guard Rail & Barriers Supplier;

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator for assistance with breaking down items of work into economically feasible units, assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or any additional assistance. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote.

Plans and Specifications: Plans and specifications are available via the Daly City website: <https://www.dalycity.org/bids.aspx?bidid=10>. You may also contact Jamie Miranda at jmiranda@shimmick.com for a download link to view plans and specifications or to schedule an appointment via Teams to discuss the documents. Meetings are held during regular business hours.

Shimmick Contacts: Should you require assistance with your bid, please contact our lead estimator Spencer Mullaney at smullaney@shimmick.com.

Additional Information: 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. For assistance with bonding, insurance or lines of credit contact Todd Yoder at todd.yoder@shimmick.com.

This project is being funded by the State Revolving Fund (SRF) and Water Infrastructure Finance and Innovation Act (WIFIA). Contractor and subcontractors shall comply with the American Iron and Steel requirements and the Davis-Bacon Act prevailing wage rate determinations. This advertisement is in response to a Good Faith Efforts requirement for DBE firms.

CALIFORNIA SUB-BID REQUEST ADS

Request for Quotes from Subcontractors/Suppliers/Service Providers
Participation is Encouraged

City of Daly City
Vista Grande Drainage Basin Improvements Project

Work includes shaft, portal, and tunnel construction; tunnel enlargement; wetland construction; construction of a collection box, culvert sections, diversion structure, and solids removal device in an existing canal; outfall piping, concrete outfall structure, and outfall apron; demolition work, intake system, roadway improvements, associated electrical, mechanical and instrumentation work including an instrumentation building, and site restoration.

Revised Bid Date: February 06, 2026 at 2:00 PM

Engineer's Estimate: \$137M

****Quotes not received by 11:00 AM on bid day may not be reviewed/evaluated****

Flatiron Dragados Constructors, Inc. (FDCCI) requests subcontractor/supplier/service participation for the following items of work, but not limited to: Construction Area Signs & Roadway Signs, Clear & Grub, Erosion Control, Landscaping/Irrigation including NPS Mitigation Planting, AC Paving, Rebar, Shotcrete, Soil Nail Walls, Tie Back Anchors, Underground Utilities, Fencing, Metal Railing, Striping & Markings, Electrical, Minor Concrete, Masonry, Cellular Concrete, Furnish Precast Members, Aggregates including: Clean Rock, Ready Mix Concrete (Structural), Misc. Metals, Trucking Services, SWPP Plan & SWPP Materials, Street Sweeping, Traffic Control, Sheet Pile Installation, Dewatering, Mechanical Equipment (Furnish and Install), Shoring/Excavation, Effluent Rehabilitation PCCC, Wetlands Liner/Planting/V Ditch/Site Stairs, Water Treatment System, CMU Building, Handrails, SST Gates/Trash Racks, Structural Steel, Fiberglass Grating, Metal Siding/Roofing, Doors, Coating Systems/Paint, Vibration Monitoring, Survey, QC Testing, Centrifugal Axial Flow Pumps, Electric Motors, SST Side Gates, Submersible Chopper Pumps, Gross Solids Removal Devices, Fish Screens, Piping/Gate - Butterfly Valves/Check Valves, Building Electrical, Site Electrical/ Grounding, & Instrumentation/PCC/600V MCC/Pumps.

**** Subcontractors will be required to execute a Community Benefits Agreement with the City of Daly to comply with workforce goals. EPA forms are required from selected subs/suppliers & service providers****

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact FDCCI for any assistance with this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all firms. FDCCI will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact FDCCI for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. Copies are available for review on our Box.com ftp site upon email request.

Project: Conn Creek Water Line Project
Project No. 25-5564
Owner: City of Calistoga
Bid Date: January 7th 2026 @ 2:00 P.M.
Engineers Estimate: \$1,800,000

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:

AGGREGATES, ASPHALT, CONCRET EMATERAILS, PIPE SUUPLIERS, EROS MATERIALS, ANALYTICAL TESTING, CATHODIC PROTECTION, ENVIRONMENTAL SERVICES, EROSION CONTROL, SAWCUTTING, STRIPING, SURVEYING, SWPP PLAN ONLY, TREE REMOVAL/ ARBORIST, TRUCKING

Project Description:

This project is an upgrade to a segment of the existing North Bay Aqueduct pipeline that parallels the Silverado Trail and crosses the Conn Creek floodway to provide water to the City of Calistoga. The existing 12" pipeline under the streambed has been exposed to heavy scour and erosion and a concrete cap was placed over the pipeline during an emergency repair. The main purpose of the project is to remove the concrete cap and existing pipeline from the creek, so it won't impede fish passage. The new pipeline will be mounted on the Caltrans bridge which was recently reconstructed, and inserts were installed to support the new pipeline.

Project information, including plans & specifications can be found by contacting:
estimating@mountaincascade.com

Please feel free to contact Mountain Cascade, Inc. at 925.373.8370 with any questions concerning bonding, insurance, lines of credit, and job overview. We look forward to your response.

Flatiron Dragados West LLC is soliciting quotes from SF Contract Monitoring Division Local, Small & Micro-LBE SUBCONTRACTORS/SUPPLIERS for the following scopes of work, but not limited to Divisions 02, 03, 05, 09, 26, 31, 32, 33, 34 & 40 or: CAS, Concrete Demolition, Erosion Control, AC Paving, Cold Plane AC, AC Dike & Curbs, Rebar, Tie Down Anchors, Underground Utilities, Striping & Pavement Markings, Grind PCC Pavement, PCC Paving, PCC Demo, Ready Mix, Concrete Pumping, Trucking, HAZ MAT Trucking, SWPPP Plan, SWPPP Materials, Sheet Pile Installation, Dewatering, Vibration Monitoring, Asbestos Monitoring, Survey, Quality Control Testing, Cured-In-Place Liner Pipe, Water Utility Distribution Piping, Emergency Firefighting Water System (EFWS) Work, EFWS High Pressure Ductile Iron Gate Valves, V-Bio Polyethylene Encasement of Ductile Iron Pipe, Viscoelastic Joint Wrap, Removal of SFWD-Owned Valve Box & Cover, Installation of Steel Pipeline, Fabrication Steel Pipeline, Field Welding Steel Pipe, Excavation for Installation of Service Pipe By SFWD, Steel Pipe Appurtenances, Sanitary Work Practices & Disinfection of Water Utility Distribution, Groundwater Wells, Sanitary Sewerage Utilities, Cement-Mortar Lining of Steel Pipe, Cement-Mortar Lining of Steel Pipe In Place, Traction Power Poles, Overhead Cable Suspension, Overhead Cable Isolation, Overhead Special Work, Overhead Testing & Acceptance, Concrete Crack Repair, Concrete Spall Repair, Cast-In Concrete Anchors for DSBS, Concrete Reinforcing, Drilled Dowels & Anchors, Cast-In-Place Concrete, Cast-In-Place Curb Ramp Concrete – Site Work, Grouting, Fabricated Metalwork & Miscellaneous Items for EFWS Work, High Performance Coatings, Valve And Gate Actuators, Fiberglass-Reinforced Plastic Sluice Gates, Process & Facility Control System Testing, Instrumentation & Control Systems, Local Control Station & Control Panel Construction, Control System Equipment, Harrison Treat Box Sewer & Connecting Auxiliary Sewers Control Strategy, Electrical (for Sluice Gate Actuator), Basic Electrical Materials & Methods (for Traction Power), Low Voltage Electrical Power Conductors & Cables, Grounding & Bonding for Electrical Systems, Grounding, Raceway & Boxes For Electrical Systems, PGRS Conduit & System Components, Underground Ducts & Raceways - Electrical Systems, Identification For Electrical Systems, Overcurrent Protective Device Coordination Study (and Arc Flash Hazard Analysis), Commissioning of Electrical Systems, Wiring Devices and Enclosed Switches & Circuit Breakers.

The Local Business Enterprise ("LBE") participation requirement is 20% (CMD-Certified San Francisco LBEs ONLY). Flatiron requests that all Non-LBE Subs and Suppliers consider utilizing LBE firms as 2nd tier firms as part of their quotes to assist us in achieving the project goal. Please indicate any lower-tier LBE firm participation on your quote.

Information regarding the plans and specifications is available through the SFPUC website at <http://contracts.sfwater.org>. Quotes must be valid for same duration as specified by Owner for contract award. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Flatiron intends to work cooperatively with all firms for scopes of work you are licensed and qualified to perform. Scopes of work can be split to facilitate participation from certified firms. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Standard Subcontract Terms and Conditions and meet insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron Dragados or any prior course of dealing between Flatiron Dragados and a bidder, and unless waived in writing by Flatiron Dragados, we reserve the right to require each bidder to provide payment & performance bonds assuring bidder's obligations to Flatiron Dragados in the amount of 100% of the bid. We will reimburse the bond premium cost up to, and not to exceed 2%. The surety on the bonds must be a California admitted surety.

Please email all quotes to NorCalBids@FDcorp.com or to our BID FAX at 707-746-1603.

W.A. RASIC CONSTRUCTION
 GENERAL ENGINEERING CONTRACTOR

W.A. Rasic Construction is preparing a bid for the following project as a prime contractor and we are interested in receiving subcontractor quotations for items of work or materials required below from interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), Women Business Enterprise (WBE) and Other Business Enterprise (OBE).

Los Angeles Department of Water & Power
Western Trunk Line – Phase 2A
 Bid No. 8070
 Revised Bid Date: January 08, 2026 @ 2:00 PM
 Outreach: DBE/ MBE/WBE/OBE
 Senior Estimator: Ben Sebat (562) 928-6111
 Email: bsebat@warasic.com

W.A. Rasic is requesting bids for the following trades and/or material supplies:
 Asphalt Cold Milling & Cap Paving, Traffic Signals, Sawcutting, Striping, Welding, Furnish Welded Steel Pipe, Furnish Earthquake Resistant Ductile Iron Pipe, Waterworks Supply, Furnish Aggregate Supply, Furnish Ready Mix Supply, Furnish Fiber Optic Conduit & Pull Box Supply, Cathodic Protection, Trucking & Disposal, Welding Inspection, Survey, Cathodic Protection, Shoring, Equipment Rental

NAICS Codes:
 212321, 237310, 238190, 238210, 238990, 327320, 331210, 332996, 484110, 532412, 541370, 541690
 Plans & Specifications are available to review Monday through Friday 8:00 am to 5:00 pm at no cost at our office located at 4150 Long Beach Blvd, Long Beach, Ca 90807.

W.A. Rasic intends to seriously negotiate with qualified firms and will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider all DBE, MBE, WBE and OBE quotes, including those that are broken down into economically feasible tasks or quantities as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE / MBE / WBE / OBE firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontractor agreement and insurance requirements is available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractor's bid. Bond Premium will be reimbursed up to a cost not to exceed 1.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.
