

Moving the Needle: Advanced Analytics in Construction

[Article originally appeared in
www.constructionexec.com]

By Senthil Subramanian

Making business decisions with your gut can only get you so far. While experience can help you make quick choices, your intuition can't replace cold, hard facts.

When it comes to strategic planning, advanced analytics provide the data needed to see the big picture, like how to enhance efficiency and achieve sustainable growth and success.

Here are five major ways data-driven decision making can help your construction business move the needle:

Identifying Trends and Patterns: Analytics can uncover trends and patterns that might not be immediately obvious. For example, time-tracking analytics can reveal that electricians consistently log 15% more overtime hours during summer months, or that new hires in concrete work have 25% higher absenteeism rates in their first 90 days.

- **Improving Decision-Making:** Analytics provides data-driven insights that help make more informed decisions. Analytics showing which recruiting channels yield the longest-tenured employees can guide hiring budget allocation, like perhaps trade school partnerships produce workers who stay 40% longer than online job board hires. And benefits analytics might show that increasing mental health coverage reduces sick days more cost-effectively than raising wages.

Image credit by <https://onekeyresources.milwaukeeetool.com>

- **Enhancing Efficiency and Productivity:** Analytics can highlight areas where processes can be optimized for efficiency by tracking productivity. Time-off request patterns can reveal staffing gaps before they occur, enabling proactive scheduling. Analyzing time tracking data across crews can identify top-performing supervisors whose methods can be replicated companywide.
- **Predicting Future Trends:** Predictive analytics uses historical data to understand what changes are needed to impact future events. Consider how historical recruiting data might forecast that you'll need to start

hiring six weeks earlier to fill summer positions due to increased competition. Benefits enrollment patterns can help predict health-care cost increases and guide budget planning for the following year.

- **Supporting Strategic Planning:** Analytics provides a solid foundation for strategic planning by offering a clear picture of your current situation and potential future scenarios. For example, workforce analytics showing average time to fill positions can inform staffing budgets and project timelines. And compensation and retention analytics across different markets can in-

form expansion strategies and regional pay scales.

The construction industry's most successful companies aren't just building projects, they're building competitive advantages through smarter workforce decisions. Advanced analytics boost your integrated HR systems, giving you the ability to outbid, outperform and outlast the competition.

California's minimum wage is increasing in 2026 as Los Angeles debates \$30 an hour

[Article originally appeared in
www.calmatters.org]

By Cayla Mihalovich, CalMatters

In summary

California's minimum wage is adjusted every year for inflation. Some cities have a higher wage floor and unions are advocating increases for specific industries.

Californians will see the minimum wage increase to \$16.90 per hour starting Jan. 1. The adjustment — a boost of 40 cents per hour — was calculated in August by the Department of Finance as part of its minimum wage annual review required by state law.

California has been raising its minimum wage over the past decade. Former Gov. Jerry Brown in 2016 signed a watershed law to increase minimum wage from \$10.50 per hour to \$15 per hour, plus annual adjustments for inflation.

The current rate of \$16.50 per hour suggests that a minimum wage worker needs to work 98 hours

per week to afford a one-bedroom rental at fair market rent in California, according to the National Low Income Housing Coalition.

California is one of 19 states to raise minimum wages in 2026, according to payroll company ADP. Cities and counties can also set their own minimum wages. This year, over two dozen local jurisdictions have increased local minimum wages. West Hollywood will have a \$20.25 minimum wage starting in January — the highest of any California city, according to the UC Berkeley Labor Center.

Voters last November narrowly rejected a ballot measure that would have increased the minimum wage to \$18 per hour. But some low-wage workers this year have successfully lobbied for bumps in pay in specific industries.

Under laws Gov. Gavin Newsom signed in 2023, fast food workers earn a minimum wage wage of \$20 an hour and health care workers are on track to make \$25 an hour.

That momentum extended to Los Angeles hotel and airport employees. Labor organizers in May secured a city minimum wage increase to \$30 per hour for those workers by the 2028 Olympics. Large businesses fought back, arguing that wage hikes will only increase challenges for the tourism industry, which is still struggling to find its footing after the pandemic.

After failing to gather enough signatures for a ballot measure to repeal the new minimum wage, business groups later filed a different measure that could gut millions of dollars of revenue from the city's general fund.

Following the move, Los Angeles City Council President Marqueece Harris-Dawson this month introduced a motion to delay the full wage increase from taking effect until 2030, according to reporting from the Los Angeles Times.

Labor leaders rebuked the motion, calling it "re-pulsive."

"You can't threaten to blow a hole in our budget and then the only way to stop it is on the backs of workers," said Kurt Petersen, co-president of the union that represents many hotel workers, UNITE HERE Local 11. "That kind of raw extortion and shakedown has no place in our city."

According to Peterson, a coalition of community organizations and unions are beginning to collect signatures for a ballot measure that would raise the minimum wage to \$30 per hour for all workers in Los Angeles.

"The power is everyone together," said Peterson. "Working people need help and raising wages is the easiest, most straightforward thing to do. Going up 40 cents per hour in 2026 doesn't move the needle at all."

CALIFORNIA SUB-BID REQUEST ADS

Ames Construction, Inc. is seeking certified and qualified CBE subcontractors and suppliers to meet the 25% goal for the following:

PROJECT: The Old Road over Santa Clara River and the Southern Pacific Transportation Company Bridge ID No. RDC0015749
OWNER: Los Angeles County Public Works

BID DATE/TIME: January 13th, 2026 @ 11:00 AM

PLEASE SUBMIT BID TO:
Ames Construction, Inc.

391 N. Main St., Ste 302 • Corona, CA 92880 • Phone: (951) 356-1275 • Fax: (951) 549-9003

CBE Subs/Suppliers required include but are not limited to: Clearing and Grubbing, Tree Removal, Construction Surveying, Concrete Removal, Unclassified Excavation, Unclassified Fill, Traffic Control, Grind Existing Asphalt Pavement, Structure Excavation, Structure Backfill, Aggregate Base, Asphalt Concrete Pavement, Roadway Striping, Temporary Erosion Control (SWPPP), Minor Concrete Curb & Gutter, Driveways, Curb Ramps and Sidewalks, Structural Concrete - Box Culvert Extensions, Bar Reinforcing Steel, Miscellaneous Iron and Steel - Drainage, Storm Drain Pipe, Rock Slope Protection (RipRap), Roadway Signage, Landscaping and Irrigation, Electrical Work, Fiber Optic System, Signal and Lighting Systems, and other work and materials normally associated with the reconstruction and widening of roadways. Ames Construction, Inc. will work with subcontractors and suppliers to breakdown items into economical feasible packages and to establish delivery/construction schedules to allow for maximum CBE participation.

Ames will require bidder to provide performance and payment bonds for the full amount of the Subcontract values. Costs of the bonds are to be provided as a separate line item. Please call to discuss how Ames Construction can assist you in your bonding, credit and/or insurance needs. Also, let us know if you need assistance in obtaining necessary equipment, supplies, materials or related assistance or services for this project. Please contact us for more information. Ames' Subcontract terms and conditions will apply to any contracts resulting from this request. The Subcontractor, by submission of its bid, agrees to the "Terms and Conditions" including all Exhibits and Attachments of Ames Subcontract Agreement. Ames reserves the right to accept or reject any or all quotations. For questions about plans, specifications and other contract requirements please contact our office. Contact info provided below. Bids submitted to Ames in response to this RFQ shall remain open and valid until the contract is executed. Ames Construction, Inc. is an Equal Opportunity Employer.

Our contact for this project is Matthew Adams at (951) 356-1275 X 1292 or matthewadams@amesco.com. Please fax quotes to (951) 549-9003 or send by email to CABID@Amesco.com.

CWS Construction Group INC.

Invitation to bid as Subcontractor, supplier or vendor

Certified DVBE, DBE, MBE, SBE, LBE, WBE, OBE Contractors are encouraged to bid.

Subtrades Needed: Demo, Rough Carpentry, Thermal and Moisture Protection (joint sealants), Finishes (drywall, resinous flooring, and painting), Specialties (signage, toilet compartments, toilet/bath/laundry accessories), Sports Equipment, Plumbing, Electrical, Earthwork, Exterior Improvements (concrete, synthetic turf, track surfacing, fencing, irrigation), Utilities

Project Name: Abraham Lincoln High School Field Replacement Project

Bids Due: January 22nd, 2026 at 2:00 P.M

Scope Of Work: The project scope is to upgrade the existing athletic facilities including: new synthetic turf field, track repair and refinishing, long jump improvements, scoreboard replacement, fence refinishing with partial replacement of mesh fabric, new drinking fountains in existing locations, improvements to existing accessible components in two restrooms - restroom renovations in Building B and East Field House, and new accessible van parking stall. No change in use nor occupancy.

Bid Documents: <https://www.dropbox.com/scl/fo/wq0cw277d0ve3pon6yvsy/Alz6BEQk7Ff6Q5T2Irg7j6k?rlkey=lfwkcrgixm4570ne1wkvptfq&st=wzerxusb&dl=0>

Participation Goals: DVBE, DBE, MBE, SBE, LBE, WBE, OBE

CWS is capable of providing assistance in obtaining bonds, lines of credit and insurance.

An Equal Opportunity Employer

W.A. Rasic Construction is preparing a bid for the following project as a prime contractor and we are interested in receiving subcontractor quotations for items of work or materials required below from interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), Women Business Enterprise (WBE) and Other Business Enterprise (OBE).

Los Angeles Department of Water & Power
Western Trunk Line - Phase 2A
Bid No. 8070
Revised Bid Date: January 08, 2026 @ 2:00 PM
Outreach: DBE/ MBE/WBE/OBE
Senior Estimator: Ben Sebat (562) 928-6111
Email: bsebat@warasic.com

W.A. Rasic is requesting bids for the following trades and/or material supplies:

Asphalt Cold Milling & Cap Paving, Traffic Signals, Sawcutting, Striping, Welding, Furnish Welded Steel Pipe, Furnish Earthquake Resistant Ductile Iron Pipe, Waterworks Supply, Furnish Aggregate Supply, Furnish Ready Mix Supply, Furnish Fiber Optic Conduit & Pull Box Supply, Cathodic Protection, Trucking & Disposal, Welding Inspection, Survey, Cathodic Protection, Shoring, Equipment Rental

NAICS Codes:

212321, 237310, 238190, 238210, 238990, 327320, 331210, 332996, 484110, 532412, 541370, 541690

Plans & Specifications are available to review Monday through Friday 8:00 am to 5:00 pm at no cost at our office located at 4150 Long Beach Blvd, Long Beach, Ca 90807.

W.A. Rasic intends to seriously negotiate with qualified firms and will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider all DBE, MBE, WBE and OBE quotes, including those that are broken down into economically feasible tasks or quantities as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE / MBE / WBE / OBE firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontract agreement and insurance requirements is available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractor's bid. Bond Premium will be reimbursed up to a cost not to exceed 1.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

REQUEST FOR QUOTES FROM CERTIFIED
SF Contract Monitoring Division (CMD Certified Local, Small & Micro-LBE's
SUBCONTRACTORS/SUPPLIERS FOR:

Folsom Area Stormwater Improvements - Harrison/Treat Box Sewer & Connecting Auxiliary Sewers

DBE, MBE and WBE Subcontractor/Supplier Bids Requested For:

City of Daly City
Vista Grande Drainage Basin Improvements
REVISED BID DATE: Friday, February 6th, 2026 at 2pm
Quotes Due: Thursday, February 5th @ 5pm

Total Project Value: \$135M

Email quotes to jmiranda@shimmick.com and smullaney@shimmick.com

Bid Items: Shimmick Construction Company, Inc. is requesting quotes from certified DBE, MBE and WBE subcontractors and suppliers in the following scopes of work, including, but not limited to, the following. Please reach out to the lead estimator listed below for more details on scopes needed:

Construction Area Signs; Traffic Control System; Traffic Flagging; Clearing & Grubbing; Develop Water Supply; Grading; Structure Excavation; Structure Backfill; Imported Borrow; Highway Planting; Rock Blanket; Hydroseeding; Erosion Control; Temporary Erosion Control; Pipeline, Drain Inspection & Cleaning; Aggregate Base; Concrete Pumping; Asphalt Concrete; Paving Asphalt; Place Asphalt Concrete Dike & Misc.; Furnish & Drive Piling; Drilled Hole; Concrete Structure; Minor Concrete Structure; Concrete Surface Finish; Erect Precast Structure; Joint Seal – Water Stop; Reinforcing Steel; Air-Blown Mortar; Waterproofing; Roadside Sign; Clean & Paint Steel; Reinforced Concrete Pipe; Filter Fabric; Permeable Material; Plastic Pipe; Welded Steel Pipe; Welding Contractor; Reinforced Concrete Sewer Pipe; Sewer Manhole; Rock Slope Protection; Air-Blown Mortar; Concrete Curb & Side-walk; Misc. Iron & Steel Frame, Cover & Grate; Directional Boring/Drilling; Fencing; Temporary Fencing; Environmental; Materials Testing; Survey; Geotechnical Engineering; SWPPP Planning; Trucking; Hazardous Waste Trucking; Crane Work; Door Installation; Landscaping; Construction Clean-Up; Sandblasting; Equipment Rental; Safety Equipment Supplier; Oil & Lubricants Supplier; Sand & Gravel Supplier; Piling Supplier; Concrete & Cement Supplier; Reinforcing Bar Supplier; Steel Supplier; Lumber Supplier; Pipe Supplier; Drainage Systems Supplier; Storm Water Systems Supplier; Fencing Supplier; Guard Rail & Barriers Supplier;

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator for assistance with breaking down items of work into economically feasible units, assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or any additional assistance. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote.

Plans and Specifications: Plans and specifications are available via the Daly City website: <https://www.dalycity.org/bids.aspx?bidId=10>. You may also contact Jamie Miranda at jmiranda@shimmick.com for a download link to view plans and specifications or to schedule an appointment via Teams to discuss the documents. Meetings are held during regular business hours.

Shimmick Contacts: Should you require assistance with your bid, please contact our lead estimator Spencer Mullaney at smullaney@shimmick.com.

Additional Information: 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. For assistance with bonding, insurance or lines of credit contact Todd Yoder at todd.yoder@shimmick.com.

This project is being funded by the State Revolving Fund (SRF) and Water Infrastructure Finance and Innovation Act (WIFIA). Contractor and subcontractors shall comply with the American Iron and Steel requirements and the Davis-Bacon Act prevailing wage rate determinations. This advertisement is in response to a Good Faith Efforts requirement for DBE firms.

Mountain Cascade Inc.
555 Exchange Court, Livermore, CA 94550
(925) 373-8370, Fax (925) 373-0940

Project: Conn Creek Water Line Project
Project No. 25-5564
Owner: City of Calistoga

Bid Date: January 7th 2026 @ 2:00 P.M.
Engineers Estimate: \$1,800,000

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:

AGGREGATES, ASPHALT, CONCRETE MATERIALS, PIPE SUPPLIERS, EROSION MATERIALS, ANALYTICAL TESTING, CATHODIC PROTECTION, ENVIRONMENTAL SERVICES, EROSION CONTROL, SAWCUTTING, STRIPING, SURVEYING, SWPP PLAN ONLY, TREE REMOVAL/ ARBORIST, TRUCKING

Project Description:

This project is an upgrade to a segment of the existing North Bay Aqueduct pipeline that parallels the Silverado Trail and crosses the Conn Creek floodway to provide water to the City of Calistoga. The existing 12" pipeline under the streambed has been exposed to heavy scour and erosion and a concrete cap was placed over the pipeline during an emergency repair. The main purpose of the project is to remove the concrete cap and existing pipeline from the creek, so it won't impede fish passage. The new pipeline will be mounted on the Caltrans bridge which was recently reconstructed, and inserts were installed to support the new pipeline.
