

\$4 billion Resorts World Las Vegas by the numbers

[Article was originally posted on <https://blog.buildingconnected.com>]

By *McKenzie Gregory*

Resorts World Las Vegas is the Las Vegas Strip's first ground-up, major casino resort development in nearly a decade. Led by Genting Group (a Malaysian leisure and gaming company valued at \$7.2 billion) and located on the former Echelon site, the multi-billion-dollar project represents the end of a long construction pause on the Strip following the 2008 recession.

Here, we break down this exciting megaproject by the numbers.

3 massive hotels

Resorts World Las Vegas was designed by Paul Steelman's architectural firm, Steelman Partners. The property will authentically reflect Chinese culture, creating a unique international tourist destination. RWLV will eventually offer 7,000 hotel rooms, but plans for the first phase include 3,300 rooms, a movie theater, a 30,000-square-foot lake, and a convention center. Lush gardens, "a spectacle for the eye," will lead to the Forbidden City Retail District. A "50,000-square-foot, 58-foot-tall aquarium for exotic fish" will be an added attraction.

Genting Group survived a legal blip earlier this year after rival property group Wynn resorts accused it of pirating its distinctive aesthetic for Re-

sorts World Las Vegas. Genting eventually agreed to alter the design of its facade and has moved forward accordingly, but the overarching Chinese theme has been maintained.

60-story top off

The tallest of the three hotels will be 60 stories. The property — 800,000 square feet in total in its first phase — will be spread out over the north end of the Strip and sit diagonally across from Wynn's Encore tower.

2020 anticipated opening

Genting Group acquired Echelon and announced plans for Resorts World Las Vegas in 2013. Ground was eventually broken in May 2015, and construction began in late 2017.

At that point, Genting Americas spokesman Michael Levoff told the Las Vegas Review-Journal that the Resorts World project's planned opening was pushed back to 2020. Today, the job site is active, with thousands of workers helping drive the project toward its planned completion date.

30,000 construction jobs

As of January 2019, Resorts World said it had 1,500 construction workers employed at the location. Over the course of construction, it's estimated Resorts World Las Vegas will create more than 30,000 direct and indirect jobs. Once in operation, the resort is predicted to sustain over 13,000 direct and indirect jobs.

175,000 square feet of entertainment space

The casino will be spread across several floors, with 3,500 slot machines and baccarat as a dominant table game. In the casino, guests will be able to enjoy multiple restaurants featuring a variety of authentic regional Chinese cuisines, plus numerous retail offerings and a "top-tier" nightlife venue.

According to Eater Las Vegas, "The main entertainment focus will be a 315,000-square-foot, 4,200-seat Dancing Dragon Performing Arts Center, built for martial arts displays, traditional dance and 'everything in between.'" Plans also include an aquarium, panda exhibit, a 7.5-acre water park, and a Great Wall of China replica.

Wrap-up

Despite a few setbacks, Resorts World Las Vegas remains on target for a soft opening late this year.

Though this will be the first megadevelopment on the Las Vegas Strip since the recession, it's soon to be followed by many other high-profile builds, including The Drew and Circa Resort & Casino. We're excited to see all of these incredible projects rise in the years to come!

INVITATION TO BID

Request for Quotes from Certified DBE Subcontractors and Suppliers

Project: Route 57/60 Separation

Contract No. 07-304504

Owner: Department of Transportation (CALTRANS)

BID SUBMITTAL DATE:

March 4, 2020 at 2:00 PM

Federal-Aid Project ACHSNH-P057 (069) E

Request for quotes from Certified DBE's Subcontractors and Suppliers for the following, but not limited to scopes of work: Aggregate Supply, Asphalt Dike, Asphalt Paving, CIDH Pile, Clear and Grub, Cold Plane AC, Concrete Barrier, Concrete Supply, Construction Area Signs, Drill and Bond Dowel, Electrical, Fencing, Grind Existing Pavement, Guardrail, Hydroseeding, Landscape and Irrigation, Minor Concrete, Misc. Iron and Steel Supply, Misc. Metals Supply, Overhead Signs, PCC Material Supply, Pipe Supply, Pre/Post Construction Survey, QC Testing, Railing, Reinforcing Steel, Ready Mix Concrete Supply, Roadside Signs, Rock Slope Protection, Saw and Seal PCC, Street Sweeping, Striping, Surveys, Underground.

PLEASE SUBMIT QUOTES BY FAX TO

(760) 471-4860 OR

EMAIL TO SoCalBids@FlatironCorp.com

Plans and specifications are available, at no cost from Caltrans website: <http://ppmoe.dot.ca.gov/des/oe/weekly-ads/specs-ntb.php?c=07-304504> (Registration Required). Additionally, plans and specifications are available at Flatiron's San Diego, CA and Chino Hills, CA offices. Please call to make an appointment to view plans and specifications.

This project has a 18% DBE Goal. In addition to request for participation from Certified DBE subcontractors and suppliers, Flatiron requests non-DBE subcontractors to provide lower-tier DBE subcontractor and/or supplier participation. Bidders are required to indicate lower-tier DBE participation, as it will be evaluated as part of their quote.

Flatiron analyzes and considers each DBE quote, including those that are broken down into economically feasible units to facilitate bidding. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request. Additionally, please contact us if you require technical assistance.

Quotations must be valid for same duration as specified by Owner for contract award.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and insurance requirements. A copy of our Standard Subcontract Terms and Conditions is available in electronic format upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety. **WE ARE AN EQUAL OPPORTUNITY EMPLOYER.**

The 2020 Construction Industry Outlook is Strong

[Article was originally posted on www.constructioncitizen.com]

By Jim Kollaer

A new year and a new decade have arrived. 2020. What would you say if we asked you, “What does the New Year look like for your construction business?”

If you are an optimist, you will probably say that this will be a great year for your business.

If you are a pessimist, you will likely say that a recession and drop in new projects are looming, especially in this election year. Otherwise, you might say that things will likely be the same for your business this year. There are also some older and maybe even “wiseacres” out there who will respond with, “It depends.”

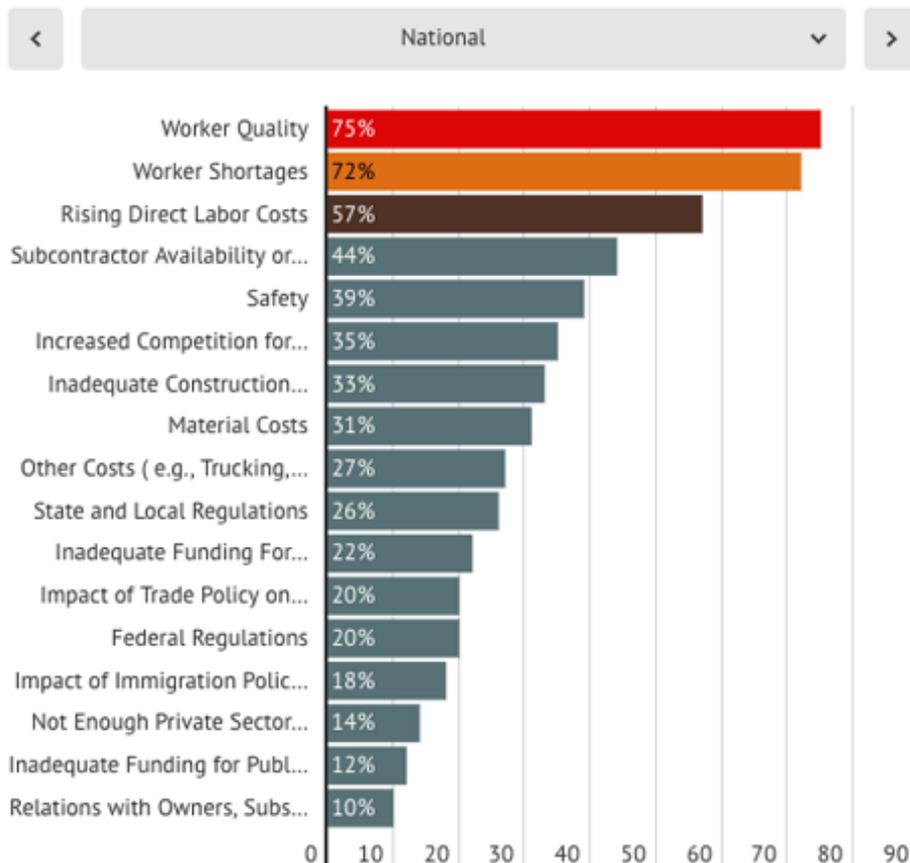

Most of us in the AEC industry, no matter how we see this year, will likely couch our view of 2020 by looking at our current project pipelines to see what is already working or coming our way in the near future. For a broader view of 2020, the AGC (Association of General Contractors) and Sage Construction and Real Estate have joined forces once again to survey 1,000 US firms and they recently presented their findings in a most interesting report entitled, *Strong Demand for Work Amid Stronger Demand for Workers: The 2020 Construction Hiring and Business Outlook Report*.

Their key findings indicate that “worker quality and the craft worker shortage” are the top two concerns for the respondents nationwide. That issue will likely become more critical as this decade moves forward. The gap between the supply and demand curves will grow larger if the economy continues at its current pace. The gap means more competition for the skilled workforce and higher concern from the GCs over the quality of the subs available to perform on their builds. It seems that many firms are scrambling to hire and keep the qualified skilled workers by raising salaries, offering bonuses, providing ongoing skills training and creating career tracks at a pace we have not seen for some time.

One of my futurist friends used to say to me, “The future that you ordered has arrived.” Here comes 2020, a year of incredible opportunity, challenge and continued change. We know that you have your own view of 2020 for your business, but if you want to see what 1,000 of your peers say in the survey, both from a national and a regional basis, you should take a look at the AGC/Sage report. Who knows, you might find some new ideas that you can implement in your firm this year.

REQUEST FOR DVBE & SBE SUBCONTRACTORS AND SUPPLIERS FOR:

**Cold plane AC pavement, place HMA,
and perform soil densification**

**Hwy 80 Solano County at Various Locations
Caltrans #04-2Q0904**

BID DATE: February 5, 2020 @ 2:00 PM

We are soliciting quotes for (including but not limited to): Trucking, Temporary and Permanent Erosion Control Measures, Lead Compliance Plan, Construction Area Signs, Traffic Control System, Portable Radar Speed Feedback Sign Systems, Portable Changeable Message Signs, Water Pollution Control Program, Clearing & Grubbing, Soil Densification (High Density Polyurethane), Tack Coat, Cold Plane AC, Clean Expansion Joint, Joint Seal, Rapid Setting Concrete, Paint Bridge Identification, Bridge Removal (Portion), Access Door Location, Chain Link Gate, Pavement Marker, Striping & Marking, and Construction Materials

Jason Martin (510-809-3432 jmartin@ocjones.com) is the estimator on this project and he is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office, or can be sent out via Building Connected. Plans are also available under the Advertised Projects tab at the Caltrans website at: <http://ppmoe.dot.ca.gov/des/oe/contract-awards-services.html>. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to noon on the date of the bid. Quotes from DVBE & SBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage DVBE & SBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.
