

## Mayor Garcetti Releases Green New Deal Update

[ Article originally appeared on [www.lamayor.org](http://www.lamayor.org) ]

Mayor Eric Garcetti today released the third update of his Green New Deal, which demonstrates dramatic progress on the ambitious targets he set three years ago, highlighted by a 36% reduction in L.A.'s citywide greenhouse gas emissions from the City's 1990 baseline.

"When we laid out L.A.'s Green New Deal, we presented a vision for the sustainable and equitable future our children deserve — and three years later, we can proudly report on our incredible progress," said Mayor Eric Garcetti. "Los Angeles is a globally recognized climate leader because of so much more than what happens at City Hall — it's the growing coalition of community, business, and environmental justice leaders who have made it their mission to make this decade one of climate action."

Mayor Garcetti launched L.A.'s Green New Deal in 2019 to set aggressive goals for the City to address the climate emergency, strengthen our economy and middle class, and place L.A. on course to be carbon neutral by 2050. The plan is guided by four key principles: uphold the Paris Climate Agreement; deliver environmental justice and equity through an inclusive green economy; ensure every Angeleno has the ability to join the green economy by creating pipelines to good-paying, green jobs; and lead by example within City government, showing the world what an urban Green New Deal looks like in practice.

Los Angeles' sustainability progress through its Green New Deal helped lead to a 36% reduction in L.A.'s citywide greenhouse gas emissions from the city's 1990 baseline, outpacing the standards set by the United Nations IPCC guidelines. The announcement comes as the City was recognized last week as the #1 Energy Star City by the U.S. Environmental Protection Agency, with nearly 650 Energy Star-certified buildings and \$195 million in cost savings through improved energy efficiency.

The latest update to the report shows significant progress across Los Angeles' main sources of emissions: buildings, transportation, electricity, water, and waste. These include:

- Installation of 577 MW of local solar today, surpassing the goal by 77 MW;
- 82,000 AFY in stormwater capture capacity, exceeding the target by 10%;

Photo by [www.lamayor.org](http://www.lamayor.org)

- Installation of 18,205 commercial EV chargers, exceeding the target by 8,205 — the most of any U.S. city;
- Installation of 36,000 cool roofs, achieving the goal one year faster and exceeding it by 23,000;
- Investing \$150 million in energy efficiency programs to renters and affordable housing customers, exceeding the milestone by \$50 million;
- Energy grid that runs on 62% zero-emission sources, ahead of schedule to reach 100% by 2035;
- \$247 million invested in customer water conservation efforts, with 38% specifically going to low-income customers;
- Los Angeles World Airports and the L.A. Convention Center have banned single-use plastic water bottles;
- Expansion of Metro Bike Share to 10 additional neighborhoods, bringing the total to 27, which is seven greater than the 2021 goal;
- Worked hand-in-hand with frontline communities and the City Council to create a directive to phase out oil drilling in the City.

Taken together, by 2050, the work and milestones of our Green New Deal are expected to save more than 1,650 lives, 660 trips to the hospital, create 400,000 green jobs, and save \$16 billion in avoided healthcare expenses each year.

Mayor Garcetti has pursued one of the most aggressive sustainability agendas in the world, including an ambitious goal to reach a 100% clean energy grid by 2035. Since he took office in 2013, the share of Los Angeles' electricity coming from renewable sources has more than doubled to 43%, which exceeds the State's current trajectory. The Mayor has taken bold steps to reduce the City's reliance on dirty energy sources, from completely divesting from coal power by 2025, to building out the largest public EV charging network of any city in the country.

Mayor Garcetti has led Los Angeles to pursue its own resilient local water supply and become a national model in conservation. Since 2013, LADWP customers have saved over 256 billion gallons of water — enough water to fill the LA Coliseum over 900 times, and nearly double the amount of water LADWP uses in an entire year. In 2018, Mayor Garcetti played a critical role in the passage of Measure W, L.A. County's Safe, Clean Water Program. Measure W provides nearly \$300 million in local, dedicated annual funding for projects that increase local water supplies, improve water quality, enhance the public right of way, and protect public health.

Mayor Garcetti has also pushed Metro and LADOT to create and accelerate some of the most ambitious sustainability goals in the nation — including the commitment to fully electrify Metro's bus fleet by 2030 and LADOT's fleet by 2028.

#### REQUEST FOR CBE SUBCONSULTANT INTEREST

AECOM is bidding on the following project as Prime Contractor:

**Owner: County of Los Angeles**

**Request for Proposal No. BRC0000335**

**On-Call Geotechnical and Related Services**

**Proposal due date: Wednesday, June 15, 2022**

AECOM is seeking qualifications from Community Business Enterprise (CBE) companies for the following supporting services:

- Driller: perform geotechnical boring, sampling, monitoring well installation, downhole logging support, and associated services
- Geotechnical Laboratory: perform in-house geotechnical laboratory testing services on soil and aggregate samples
- Environmental Laboratory: perform in-house environmental testing services
- Traffic Control Service: provide traffic control service and traffic control plan preparation
- Geophysical Survey: perform subsurface survey using geophysical instruments

Experience providing similar services on On-Call Geotechnical and Related Services for the County of Los Angeles is preferred. This Proposal is in alignment with the County of Los Angeles CBE Program requirements and certified CBEs are encouraged to respond. The bid may be downloaded from the LA County website:

<https://camisvr.co.la.ca.us/LACoBids/BidLookUp/OpenBidList>

Interested businesses should email a brief firm overview, List of County of Los Angeles or similar experience, and CBE certifications and documentation by **June 10, 2022**, to James Gormley at [James.gormley@aecom.com](mailto:James.gormley@aecom.com).

Assistance is available in obtaining any necessary bonding; lines of credit or insurance; information related to the requirements for the work; and necessary equipment, supplies materials, or related services.

# CALIFORNIA SUB-BID REQUEST ADS

Is requesting quotes from certified and qualified San Diego County Water Authority's Small Contractor Outreach and Opportunities Program Small Business (SCOOP), Small Disadvantaged Business, HUB Zone, DBE, SLBE, ELBE, DVBE Subcontractors, Suppliers, and Service Providers for the following (but not limited to) work:

**SUBS/SERVICE PROVIDERS**

Civil Engineer, Clearing & Grubbing, Consultant (Engineer), Develop Water Supply, Dust Palliative, Erosion Control & Temporary Erosion Control, Hydroseeding, Pipeline Drain Inspection & Cleaning, Pipe Lining (Cement Mortar), Super 10 Dump Trucks, Street Sweeping, Traffic Control, Water Trucks, Welding

**SUPPLIERS**

Heavy Equipment Rental, Jack Welded Steel Pipe, Misc. Iron & Steel Frame (Cover & Grates), Rental Construction Equipment, Safety Equipment, Sand & Gravel, Traffic Control Materials, Welded Steel Pipe

**Pipeline 5 Relining, North Twin Oaks Valley Road to Crossover Pipeline Turnout, San Diego, CA

Sub-Bids Requested From **MBE & WBE** Subcontractors & Suppliers for:

**OWNER: EAST BAY MUNICIPAL UTILITY DISTRICT  
PARDEE RECREATION AREA AND PARDEE CENTER WATER TREATMENT PLANT IMPROVEMENTS  
SPECIFICATION NO. 2165  
LOCATION: VALLEY SPRINGS, CA**

**BID DATE: JULY 13, 2022 @ 1:30 PM**

**\*\*\*ADDENDUM #1 ISSUED ON 06-03-2022\*\*\***

**Trades Solicited:** Aggregates Supply, Construction Materials Supply, Environmental Materials Supply, Pipe/Valve/Fittings Supply, Concrete Supply, Trucking, Electrical Sub, Painting Sub, Saw Cutting Sub, Surveying Sub, Testing/Inspection Sub.

If a portion of the work is too large for you to handle, contact us and we will try and break it into smaller portions.

Subcontractors and suppliers must be licensed to conduct business in the state of California. Must be able to provide payment and performance bonds provided by approved surety company. SRC will pay bond premium up to 1.5% of subcontract amount and will assist with insurance compliance. SRC will work with subcontractors on joint check agreements. Plans and specs are available for viewing at our Folsom office and upon request will provide FTP site for electronic viewing of project.

Bonding, insurance, lines of credit and any technical assistance or information related to the plans or specifications for the work will be made available. Assistance with obtaining necessary equipment, supplies, materials, or related assistance or services for this project will also be offered.

## Five things to know about nuclear power in California

[ Article originally appeared on [www.calmatters.org](http://www.calmatters.org) ]

By Nadia Lopez,

As California makes progress toward meeting its ambitious climate goals, one concern has gone unanswered: How can it stop burning fossil fuels while ensuring the power grid remains reliable?

That question is at the center of a debate over the state's use of nuclear power.

Nuclear power does not rely on fossil fuels, so it doesn't produce large volumes of planet-warming pollutants as other energy sources do. While it's seen as a climate-friendly alternative, opponents cite safety threats and problems storing radioactive waste.

Now, nearly six years after the decision to close California's last nuclear power plant — the 2,240-megawatt Diablo Canyon facility — Gov. Gavin Newsom says he is considering applying for federal funding that would keep it open past its scheduled 2025 closure. It's a move, he said, that could avoid rolling blackouts and power shortages as the state transitions to renewables and braces for more extreme heat, wildfires, drought and floods.

Newsom has until July 5 to apply for the funding and would need the facility's owner, Pacific Gas & Electric, to get on board, too. Some experts say if Diablo Canyon is shut down, there's a good chance state officials will be scrambling to replace the lost megawatts.

So what should Californians know about the state's reliance on nuclear power? Here are five key takeaways:

Diablo Canyon supplies enough power for 3 million people

Perched on California's gusty Central Coast, Diablo Canyon has been supplying power to the state's electric grid since 1985. But the plant near San Luis Obispo has been battered by controversy the entire time.

Just a few years into construction, PG&E found the site was near several seismic fault lines. That spurred lawsuits and massive, statewide protests, culminating in the largest arrest in the history of the country's anti-nuclear movement. Despite the opposition, the plant was completed.

Today, the facility employs about 1,500 workers. Its 2,240 megawatts of electricity generation is roughly enough to support the needs of more than 3 million people, according to PG&E.

# CALIFORNIA SUB-BID REQUEST ADS

An Equal Opportunity Employer is requesting quotations from all qualified Professional services, sub-contractors, material suppliers and trucking including certified DBE/SBE for the following project:

### UC Berkeley

DM Centennial Bridge Improvements - Project No. 12703A

Replace the existing Centennial Drive Bridge Overpass above Lawrence Road with a new 3-span viaduct by shifting the roadway to the south so that the existing bridge and roadway can remain in service during construction.

Subcontractors and Suppliers are expected to bid per plans and specifications. Quotes need to be submitted at a reasonable time prior to the bid date. This project has a 5% DBE participation goal, participation is highly encouraged.

### Gregory Bateson Building Renovation • DGS Project #004466 • Bid Package #02

McCarthy is reaching out to the following trades Metal Studs and Drywall, Plaster, Acoustical Ceilings, Site Demolition, Site Concrete, Landscaping, and Site Utilities for procurement of the Gregory Bateson Renovation Project as part of the Bid Pack 2 (BP02). The Gregory Bateson Building Renovation is a 4-story, 308,000 sf renovation Department of General Services (DGS). The project is currently in the Progressive Design-Build Phase with construction to start Fall of 2022. This public project is funded through the State Project Infrastructure Fund (SPIF) and will be procured under a Project Labor Agreement (PLA). Due to the buildings original innovations forward thinking for energy conservation is in the process of becoming a state registered Historic Building.

### Project Description

The Gregory Bateson Building located at 1600 9th St in downtown Sacramento, Ca encompasses a whole city block. This is the first major renovation of this historic building and will upgrade all the buildings systems, exterior envelope, and complete interior retrofit including tenant improvements to house the new program occupants. The building is owned and operated by DGS and will house various state agencies. This project has mandatory 3% Disabled Veteran Owned Business Enterprise (DVBE) participation and a goal of 25% Small Business Enterprise (SBE) participation.

For BP02 McCarthy is looking for bids from the following trades:

**Metal Studs and Drywall, Stucco Plaster, Acoustical Ceilings, Site Demolition, Landscaping, Site Utilities, Site Concrete**

Non-Mandatory Pre-Bid Outreach Event Conference: An Online Outreach event will be hosted by McCarthy Building Companies on Thursday, June 9th, 2022; beginning promptly at 10:00 A.M. PST. Participants shall utilize the following online video/conference call information hosted by Zoom Software:

<https://mccarthy.zoom.us/j/98028353832?pwd=T2FpcUE4N1I6Qjh2MDZidG5uQVBUQT09&from=addon>

Bids to be received Jun 28th, 2022 thru Building Connected instructions to be given at Pre-bid outreach event.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with McCarthy Building Companies.

No contractor or subcontractor, regardless of tier, may be listed on a Proposal for, or engage in the performance of any portion of this Project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 and 1771.1. If there are further questions in regards to the project and or bidding information, please see the contact information provided below.

## Five things to know about nuclear power in California

Continued from page 3

Nuclear power accounted for 9.3% of California's electricity in 2020; natural gas was by far the primary source at about 37%, according to the California Energy Commission.

**California gets nuclear power from out of state, too**

Most of California's nuclear energy is generated by Diablo Canyon, but it also imports nuclear-powered electricity from Arizona and Washington state, according to the California Energy Commission.

Twenty-eight states have at least one commercial nuclear reactor. But some also are facing possible closure in the decades to come.

Arizona's Palo Verde Generating Station is the country's largest power plant, with three nuclear reactors built in the late 1980s. The Nuclear Regulatory Commission in 2011 granted the plant a license to continue operating until 2047.

Twelve commercial reactors have closed in the past decade, including in New York, Massachusetts, Nebraska and Iowa. Yet Oregon-based NuScale Power recently gained approval to build test reactors in Idaho in 2029 and 2030.

California imports more electricity than any other state — about 30% of its supply in 2020, including some from coal-fired plants that are large sources of greenhouse gases, according to the California Energy Commission.

**Hurdles remain to keeping the plant open**

In 2016 PG&E announced plans to permanently shutter Diablo Canyon, noting that the transition to renewable energy would make continued operations too costly. The California Public Utilities Commission approved the closure in 2018, after the utility reached a settlement agreement with advocacy groups and environmentalists. One reactor is slated to close in 2024, followed by the second in 2025.

Faced with a potential power crunch as climate change ravages the state, Newsom said PG&E should consider applying for \$6 billion in federal funds that the Biden administration set aside to rescue nuclear plants from closing.

But the prospect of keeping it open could face numerous technical, financial and logistical hurdles.

## SKANSKA

Subcontractor/Supplier Bids/Proposals Requested  
Owner: California Department of Transportation  
Caltrans Contract Number: 07-316004

Revised Proposal Due Date: August 4, 2022 – 2:00 PM  
DBE – 23%

Skanska USA Civil West California District Inc. is interested in soliciting in Good Faith all subcontractors and suppliers as well as certified DBE subcontractors and suppliers related to the scopes of work below for the

### CONSTRUCTION ON STATE HIGHWAY 14 IN LOS ANGELES COUNTY IN PALMDALE AND LANCASTER FROM TECHNOLOGY DRIVE UNDERCROSSING TO AVENUE "A" OVERCROSSING

Plans & Specs can be accessed and download online at:  
Caltrans Office of Engineer [dot.ca.gov/des/oe/weekly-ads](http://dot.ca.gov/des/oe/weekly-ads)

Requested scopes include, but are not limited to the following and should be based on the Contract and its amendments:

Construction Area Signs, Traffic Control, Striping, PCMS Boards, Temporary Railing (Type K), Implement BMP's, SWPPP, Erosion Control, Street Sweeping, Clear and Grub, Roadway Excavation, Roadway Excavation (ADL), Class 3 Aggregate Base, Hot Mix Asphalt, Place HMA Dike, Tack Coat, Remove AC Dike, Cold Plane Asphalt Concrete Pavement, Joint Seal, Remove Concrete Pavement and Base, Minor Concrete, Paving Notch Extension, Rock Slope Protection, Pre/Post Construction Surveys, Miscellaneous Iron And Steel, Guardrail Systems, Roadside Signs, Rumble Strip, 6" Rumble Strip (asphalt concrete pavement), Electrical Systems, Structural Signs, Grind Existing Concrete Pavement, Structural Concrete Approach Slab, Concrete Aggregates, Cement, Fly Ash, Admixtures, Tie Bars, Dowel Bars, RSC Aggregate and Cementitious Materials, Trucking, Quality Control, and Water trucks.

**Requirements:** Skanska is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. Skanska will assist qualified subcontractors and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation on your quotation as it will be evaluated with your price. In order to assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities and establish delivery and construction schedules which will permit maximum participation when feasible. Subcontracting Requirements: Skanska's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per the scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by Skanska. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Skanska is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. Please note that all Contractors and Subcontractors must register with the DIR (Department of Industrial Relations) in order to bid on public works projects. Include CSLB License Number and DIR Number on All Quotes Submitted.

## FLATIRON

**Project: Contract No. 11-430434**  
**HMA, structural bridge, polyester concrete overlay, JPCP, & concrete barrier. Construction on State Highway in San Diego County in La Mesa and El Cajon from 0.1 Mile West of Grossmont Boulevard Overcrossing to West Main Street Overcrossing and at Marshall Avenue.**

**Owner: Department of Transportation (CALTRANS)**

**REVISED Bid Due Date: June 30, 2022 at 2:00 PM**

**Federal-Aid Project ACSB11M-008-1(330)E**

Request for quotes from Certified DBE Subcontractors and Suppliers for the following, but not limited to scopes of work: Aggregate Supply, Asphalt Dike, Asphalt Paving, Bridge Demo, CIDH Pile, Clear and Grub, Cold Plane AC, Concrete Barrier, Concrete Supply, Construction Area Signs, Demolition, Electrical, Erosion Control, Fencing, Grind Existing Pavement, Guardrail, Joint Seal, Landscape and Irrigation, Misc. Iron and Steel Supply, Overhead Signs, PCC Material Supply, Pipe Supply, QC Testing, Railing, Ready Mix Concrete Supply, Reinforcing Steel, Saw and Seal PCC, Street Sweeping, Striping, Traffic Control Materials.

**PLEASE SUBMIT QUOTES BY EMAIL TO**  
**[SOCALBIDS@FLATIRONCORP.COM](mailto:SOCALBIDS@FLATIRONCORP.COM) OR FAX TO (858) 271-1330**

Plans and specifications are available, at no cost, from Caltrans <http://ppmoe.dot.ca.gov/des/oe/weekly-ads/specs-ntb.php?c=11-430434> (Registration Required). Additionally, plans and specifications are available to view at Flatiron's San Diego, CA and Chino, CA offices. Please call to make an appointment to view the documents.

This project has a 24% DBE Goal. In addition to request for participation from DBE subcontractors and suppliers, Flatiron requests non-DBE subcontractors to provide lower-tier DBE participation. Bidders are required to indicate lower-tier DBE participation information to be evaluated as part of their quote.

Quotes must be valid for same duration as specified by Owner for contract award. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Flatiron intends to work cooperatively with all firms for scopes of work you are licensed and qualified to perform. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies and materials is available upon request. Additionally, please contact us if you require technical assistance.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and insurance requirements. A copy of the document in electronic format is available upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety.
