## L.A. County Communities Protest Planned Bullet Train Route

Retired attorney and Central Valley almond grower Harold Parichan, who is fighting the bullet train authority, relaxes at his second home, in Indian Wells. (Gina Ferazzi / Los Angeles Times)

By Ralph Vartabedian

A diverse alliance of communities -- including Los Angeles County's third-largest city -- is fighting California's long-planned bullet train route into the heart of the San Fernando Valley, saying it would bring irreparable harm.

The coordinated protest by residents and elected officials from suburban Santa Clarita, as well as blue-collar San Fernando, Pacoima and other communities, present a potent political challenge as state officials push to speed up construction of the \$68-billion system in densely populated Southern California.

Local elected officials and homeowners groups are demanding the state abandon a proposed route that would roughly parallel California 14 through the mountains between Palmdale and San Fernando. That alignment would include a considerable amount of above-ground track and a series of tunnels.

The coalition of communities is demanding that only routes that are predominantly underground should be considered.

The growing resistance is coming in part from urban, working-class neighborhoods that are portraying the surface route as an environmental injustice. Notably, those communities are longtime supporters of state Democrats who championed the project.

San Fernando Mayor Joel Fajardo said the surface route would reverse the progress his small working-class community has made in recent years, splitting the city in half with a 20-foot-

high sound wall. The route would cut through the city's downtown, he added, displacing businesses that provide 7% of the city's tax revenue. And the surface route could require demolition of the city's police headquarters, he said.

"Our calls for social, economic and environmental justice have been ignored," Fajardo said. "The city could go into bankruptcy."

Lisa Marie Alley, a spokeswoman for the rail authority, said the agency has been active and engaged with all the communities. "We will continue to have open dialogue with them," she said. "This is the hard part of the process."

A 62-page analysis by the rail authority that was released last week details some of the effects of various routes on the communities. The analysis shows that within a half-mile of the track, there could be noise and vibration affecting about 20,000 residences, 25 parks, 47 schools, 48 churches and nine hotels, as well as archaeological sites and wetlands. The analysis also indicates that at least one route would require trains to travel at 160 mph in a long curved section of track, despite the past projections that trains could travel 220 mph after leaving L.A.'s Union Station.

The complaints have caught the attention of some Los Angeles city and county elected leaders. Last week, two members of the county Board of Supervisors and Los Angeles City Councilman Felipe Fuentes wrote a letter to rail authority Chairman Dan Richard, calling the overland train route "untenable."

One of the biggest demonstrations of the growing concerns in north county communities could come Tuesday. Organizers say residents and city

officials will be coming by buses and auto caravans to a California High-Speed Rail Authority board meeting in downtown Los Angeles. A rally is planned beforehand, and large numbers of people are expected to address the board during a public forum.

"The high-speed rail cannot come barreling through our community," Santa Clarita Mayor Marsha McLean said. "Some of the plans will be devastating."

The state has recently begun considering three alternative routes to the longer freeway alignment. Those would involve roughly 20 miles of tunnels from Burbank through the Angeles National Forest, including portions of the San Gabriel Mountains National Monument, and have drawn their own opposition.

Critics of the underground routes include residents who depend on wells fed by forest aquifers, along with

# California Sub-Bid Request Ads

## Turner

**Request for Qualification (RFQ)**  
RFQ Period: June 8, 2015 – June 19, 2015

Turner Construction Company (Turner) is seeking qualified Subcontractors for the following project:

**San Francisco International Airport  
Contract No. 10003.71  
Interim Boarding Area B and Security Screening Checkpoint**

Turner has been awarded this project, which is the construction of a temporary, fully functional Interim Boarding Area B facility with up to nine (9) aircraft gates and associated Security Screening Checkpoint. The Interim Boarding Area is anticipated to perform and serve for a period of four (4) to six (6) years during demolition of the existing Boarding Area B and central area of Terminal 1 and the construction of the new permanent facility. Additionally, some modifications to the adjacent Boarding Area C will be required as part of this Contract to ensure optimum operations of the future reconstructed T1 Complex.

Only those Subcontractors who meet pre-qualification criteria and are deemed pre-qualified to perform work on their respective trades will be invited to submit a bid. Trade Subcontractors who do not submit the pre-qualification information and are not pre-qualified will not be allowed to bid the project.

Turner is seeking RFQs for the following trade packages:

**TRADE PACKAGE DESCRIPTION**  
**OVERHEAD UTILITY RELOCATION (T&M)**

Contract documents, including drawings and specifications, for the project are anticipated to be available for bidding by June 26, 2015. Construction start is by 3Q/2015.

There is a requirement of 23% LBE participation for this project, which must be met with LBE firms that are certified LBE by the San Francisco Contract Monitoring Division. At bid time, each individual trade package will have a minimum participation requirement listed in order to meet the overall Project LBE participation requirement.

For information on how to Pre-Qualify with Turner, please contact Ana Valencia (510.267.8228 or avalencia@tcco.com)

## L.A. County Communities Protest Planned Bullet Train Route

Continued from page 1

neighborhood groups concerned about the disruption large tunnel boring machines could cause. Apart from community opposition, the tunnel options -- among the major such engineering undertakings in the world -- could face significant technological challenges. Critics say subsurface routes would traverse complex fault zones, gas deposits, abandoned mines and water basins important to Southern California's water supply. It's also unclear whether a tunnel route could be completed within the project's existing budget.

On Friday, the L.A. City Council adopted a resolution calling on the state to conduct advanced environmental studies on water quality, noise, seismic impacts and tunneling.

David DiPinto, a leader of groups in the Shadow Hills area of Los Angeles, said he expects those studies to slow down the project, which is supposed to start initial 220 mph service between Burbank and Merced in seven years. Alley repeated the state's contention that the segment can be built on schedule.

Groups representing residents in San Fernando, Palmdale and Sylmar say the rail authority hasn't listened to their concerns.

If a tunnel route through the San Gabriel Mountains is selected, it would run thousands of feet beneath some peaks. DiPinto and other activists claim the state will have to do extensive analysis to determine the hydrological effects of such tunneling.

Residents of Kagel Canyon, an unincorporated county area, say the three tunnel routes pose potential risks to wells that supply hundreds of homes in their area and aquifers that provide water to the L.A. Basin. "Their routes bisect these critical springs," said Kelly Decker, a canyon resident. "To push forward with routes that dewater our springs is unconscionable. Their response is we will mitigate it.

"They act like they have an unlimited purse," she said.

Turner Construction Company

### ADVERTISEMENT FOR SUBCONTRACTOR PREQUALIFICATION

**Request for Qualification (RFQ)**  
**RFQ Period: June 8, 2015 – June 19, 2015**

Turner Construction Company (Turner) is seeking RFQs for the following Trade Packages for:

**Moffitt Library Renovation Replacement Project University of California, Berkeley Alameda County**

FIRE PROTECTION	ELECTRICAL / FIRE ALARM	DEMOLITION / ABATEMENT
PLUMBING	MILLWORK / CASEWORK	ROOFING
MECHANICAL	ACOUSTICAL CEILINGS	CURTAIN WALLS

Turner has been awarded the above referenced project. This project includes the following three (3) components:

**1. Moffitt Library 4th & 5th Floors Renovation – Project NO. 12643A**

This segment of the project will begin as a Design Assist and convert to a Design-Bid-Build (lump sum) delivery method and includes the renovation of approximately 34,360 SF of existing interior. The major components include the renovation of the interior work spaces, the relocation of 4th & 5th floor restrooms to the NW corner of the building, added fire protection to both floors, enclosing the east balconies on 4th & 5th floor, and modifications to the existing stairs to meet Campus Fire Marshal specifications.

**2. Moffitt HVAC Central Plant Replacement – Project NO. 12486A**

This segment of the project will be a Design-Build delivery method and includes demolition, removal and installation of designated equipment and controls.

**3. Moffitt Roof Replacement – Project NO. 19533B**

This segment of the project will be a Design-Bid-Build delivery method with some Design-assist components and includes demolition, removal and installation of replacement roofing system and supporting infrastructure.

**PREQUALIFICATION OF PROSPECTIVE SUBCONTRACTORS:** The University has determined that Subcontractors who submit bids on this Project must be prequalified. After submitting your prequalification VIA [www.turnerconstruction.com](http://www.turnerconstruction.com), please email your Turner issued prequalification number to [mguzman@tcco.com](mailto:mguzman@tcco.com) and [jamassey@tcco.com](mailto:jamassey@tcco.com). The Design-Build subcontractors must utilize professional engineers licensed in the state of California to assume the responsibilities of the Bid Package Designer of Record.

**ADDITIONAL INFORMATION:** Building Information Modeling (BIM) will be utilized by the design team. All design-build trades will be required to use BIM to complete the Construction Drawings.

This project is seeking a LEED Gold certification or higher, whenever possible, and shall achieve a USGBC LEED-NC "Silver" certification at a minimum.

**Scoring:** Subcontractors who meet pre-qualification criteria to perform work on their respective trades will be invited to submit a bid. Trade Subcontractors who do not submit the pre-qualification information and are not pre-qualified will not be allowed to bid the project.

**CONTACT INFORMATION:** For information on how to Pre-Qualify with Turner, please contact Marlene Guzman (510-267-8105 or [mguzman@tcco.com](mailto:mguzman@tcco.com))

Requesting Bids for: Mass Excavation & Shoring

Related California and Tenderloin Neighborhood Development Corporation are currently requesting bid proposals from qualified subcontractors and material suppliers based in San Francisco, including those certified with the Office of Community Investment and Infrastructure (OCII), Successor to the San Francisco Redevelopment Agency (SFRA), for the construction of the Transbay Block 8 Project. The OCII has established a subcontractor participation goal for this project at 50% SBE participation.

The Project is comprised of approximately 546 residential units and 18,000 square feet of neighborhood retail over a 3-level subterranean parking structure. The design features a 55-story tower, 65' and 85' podium buildings, townhomes and a publicly accessible mid-block paseo. The Project's residential program includes 116 for-sale condominiums, 280 market rate rental units and 150 below market rate rental units

For more information please email TB8@related.com. A member of the team will be able to provide clarifications and answers to any questions. Please do not send your bids via email to this email address. Electronic bid submittals will not be reviewed. Bid proposals shall be submitted no later than 3pm on July 2, 2015 via hardcopy delivery to 44 Montgomery, Suite 1050, San Francisco, CA 94104 to the attention of: Jeff Lucas.

**RIVERSIDE COUNTY TRANSPORTATION COMMISSION**

**PUBLIC NOTICE  
RIVERSIDE COUNTY  
TRANSPORTATION COMMISSION  
FEDERAL TRANSIT ADMINISTRATION  
DBE GOAL  
FEDERAL FISCAL YEARS 2016-2018**

In accordance with 49 CFR Part 26.45(g), the Riverside County Transportation Commission (RCTC), as a recipient of U.S. Department of Transportation (DOT) assistance, announces a proposed Federal Transit Administration (FTA) Disadvantaged Business Enterprise (DBE) overall program goal of 10.8% for Federal Fiscal Years 2016-2018. This race-neutral goal represents the percentage of work to be performed by certified DBE firms on RCTC's FTA-assisted projects.

The methodology used to determine the proposed goal will be available for public inspection for thirty (30) days from the date of this notice, Monday through Thursday from 8:00 a.m. to 4:00 p.m. at the following location:

**Riverside County Transportation Commission  
4080 Lemon Street, 3rd Floor  
Riverside, CA 92501  
Tel: (951) 787-7141  
Fax: (951) 787-7920**

Written comments to the RCTC DBE Liaison Officer, Matthew Wallace may be sent to the address above, emailed to [mwallace@rctc.org](mailto:mwallace@rctc.org), or faxed to the above number. Written comments can also be sent directly to the FTA, Marisa Appleton, Civil Rights Officer, 200 W. Adams Street, Suite 320, Chicago, IL 60606. Written comments at both locations will be accepted until Monday, July 6, 2015.
